NUMAKKER SOX CATCHER, NOT "HOLDING OUT"

LINCOLN, Neb., Jan. 16.—"I wish to emphatically deny the story printed in several of the Boston newspapers under a Lincoln date line to the effect that I am a Red Sox 'hold-out' and that I will not sign a contract unless the management comes across with a \$600 raise in salary," said Leslie Numakker, the Boston American pitcher, who is spending the winter in the city, to-day, in an interview.

"Certainly some one unfriendly to me is trying to cause trouble for me with the Boston management, for whom I have the highest regard. I am reported to have said that I would rather go back to the minors than take less than \$3,000 for my work in 1913," said Numakker.

"This I wish to deny. Such a statement is not correct. In addition, I wish to deny that I am a Boston 'hold-out.' I have a long time yet to decide about my contract and while I have not signed I am not a 'hold-out.' I have not yet decided what I will do.

"Another statement I have been reported to have made was to the effect that if I was not worth \$3,000 to the Red Sox I was not worth a cent. This also is not correct. Even though I believed such a thing, I would be very foolish to make such a declaration and get the management sore at me. I have not made such a statement."

WRECKED BANK ENDORSES TO FIGHT PAYMENT.

GLOUCESTER, Jan. 16.—The five Salem men notified by B. F. Fabus, president of the Naumkeag Trust Company of Salem and liquidating agent of the defunct City National Bank of this city that he is about to sue to recover \$42,000, which he alleges they owe the bank by his indorsed notes of the late William A. Few, president and cashier of the City National, will fight the action to the end.

The directors declare that since the liquidation of the bank has been in progress it has been found there is a note for \$20,000, signed by Miss C. B. Few, daughter of the late cashier, and the claim is made by them that they, as a board of directors, never passed upon this or many other loans that were made.

The defendants will insist their endorsements were secure by conspiracy. They will also probably look to the Comptroller of Currency for some redress on the ground that they acted upon official Washington advice in endorsing the notes.

If the few estate still holds sufficient funds, the directors will ask that it be held equally responsible with them. One of the directors said if he was compelled to pay his share of the \$42,000 it would "beggar him."

The directors claim mismanagement of the bank and unfortunate stock and bond investments are the causes of the downfall. It is said in many quarters the bank will not be able to pay more than ten cents on the dollar.

SORRY FOR CASTRO.

NEW YORK, Jan. 16.—General Raphael Reyes of Columbia arrived here today on the liner Kaiser Wilhelm II, and expressed deep sympathy for Cipriano Castro, ex-President of Venezuela, who is held a prisoner on Ellis Island. "Poor Castro! It is as hard as that such a big country as this should make a fight upon one little man like Castro," said General Reyes.

Weather Not To Blame

IT'S YOUR CONDITION. "This weather simply takes the life right out of me. I can hardly drag one foot after the other," said a run-down, tired-out woman, the other day.

We want to say to every such person in this vicinity. Don't blame the weather, it's your condition. You need a strengthening tonic and the very best we know is Vinol which is a combination of the two most world-famed tonics, namely, the medicinal, curative elements of cod liver oil and tonic iron, for the blood. A case has just come to our attention from Vineland, N.J., Mrs. Allen T. Godfrey says: "I never fail to get a good word for Vinol, for it restored my strength and vigor after I had been in a badly run-down condition for several months. Every one who is broken in health ought to know that Vinol will build them up and make them strong."

Try a bottle of Vinol with the understanding that your money will be returned if it does not help you. E. A. Foster, Central Drugstore, Charlottetown, P. E. I.

SOCIAL EVENT.—Miss Jean McIsaac was a dinner hostess Friday evening, afterwards the party going to the ball poudre says an Edmonton exchange. Miss McIsaac wore cream marquisette over satin and jewelled trimmings; powdered hair. Covers were laid for eight, the table being centered with a huge shower of red carnations and ferns.—Miss McIsaac formerly belonged to Charlottetown.

A GOOD MOVE.—The committee appointed by the City Council to deal with the matter of an open air rink for the children of Charlottetown visited Government Pond, last week, and decided nothing could be done to help our Nature to make the pond available at all times, says an exchange. The committee then decided to have a pond on the north side of Victoria Park, near the edge of the football ground kept flooded, and an arc light placed there. All that is needed now is frost, to make the skating youngsters happy.

VANCOUVER.—The choir of the Chalmers Presbyterian church, Vancouver, was reorganized on January 1st. Among the members for the ensuing year are Alfred Coffin, Archibald Sinclair and Lester Douglas formerly of Mt. Stewart. Reggie Welch who was visiting friends here left, recently for Port Alberni, Vancouver Island. Thomas Walker, formerly of Boston, but now employee of the C. P. R. at North Bend, B. C., is the guest of W. M. and Mrs. Gunn, Princess Hotel, who were formerly of Prince Edward Island.

STEELE THEY COME.—Two coal black foxes and one richly tinted silver fox were part of the cargo of the steamer Bruce that arrived at the terminus wharf at 4 o'clock Sunday morning, says a North Sydney exchange. The animals were in charge of Messrs Shea and McMillan, the former belonging to Tignish and the latter to Bloomfield, P. E. I. Both gentlemen left their Island home about seven weeks ago, and ever since that time they have been scouring Newfoundland with the above result. The three beauties represented something like \$25,000, which goes to show that there are foxes in Newfoundland.

ISLAND DEVELOPING.—H. McEwen, superintendent of the Prince Edward Island Railway, arrived in the city yesterday and is registered at the Royal, reports a Sydney exchange. To The Telegraph last night Mr. McEwen said that the railway like the rest of the island was developing rapidly. They had had a very large increase in receipts last year, and there was every prospect for a greater increase in 1913. In November the branch line from Souris to near North Lake was put into operation. The black fox industry had been a great advertisement for the island. They were expecting a big season in 1913, and everything looked most prosperous.

GEN. WOOD BEATEN IN DOCTORS' ROW.

WASHINGTON, Jan. 16.—A row among the doctors of the army, which involved the White House, has terminated in the triumph of Surgeon General G. A. Torney over Major-General Wood, chief of staff. General Torney is a noted yellow fever expert. He was a candidate for reappointment as surgeon-general but General Wood had a candidate in the person of Lieutenant-Colonel J. R. Keane. The fact that General Torney was opposed, although he had only a year and a half more to serve before retirement, aroused his friends.

INTERESTING TALK.—The "Talk" on Alifala at the N. S. A. C. on the 15th by Mr. Clarke of Charlottetown was most interesting, says a Truro exchange. He has made a great success of it. He told the "boys" just how to grow it, where to grow it and how to get two crops in one season with an enormous yield per acre.

SCHOONER GROUNDED.—The schooner Sarah A. Townsend, Capt. Harry Butts, while on her way here from P. E. Island with a cargo of produce, says a St. John exchange, touched on the bottom about two miles east of the Locks at the St. Peter's canal. The tug Maggie M., Capt. Alex. Gordon, was hurriedly despatched to the rescue, and succeeded in pulling the stranded vessel off without damaging her. The tug also assisted the schooner Henry Dicks to port, while en route with the Townsend. Both vessels are loaded with P. E. Island produce, and will likely remain here all winter. Before going to press a message reached here stating that another Island "fruiter," the Hazel Glen, is ashore this side of the canal, but not in any danger.
