CONVENTION OF LIBERAL CONSERVATIVE PARTY

Held in the B.I.S. Hall
Yesterday.

Officers Elected and Resolutions Passed by the Electors Present at the Meeting.

There was a large attendance at the Liberal Conservative Conference yesterday in the B. I. S. Hall. Queen's County was well represented by prominent members of the party but the number present from the outlying counties was small.

The chair was occupied by Dr. McNeill, President of the Convention and J. J. Johnston was Secretary.

The President in his annual address spoke eloquently and forcefully and while he intimated his intention to retire from the presidency, he proposed a better organization and increased energy in combating the evils of mis-government.

At its close a vote of thanks was passed. A committee on resolutions was then appointed, after which A. A. McLean, M. P., moved an amendment to clause 4 of the bye-laws providing that a Provincial Conference shall only be held when the Central Committee shall deem it expedient. He explained that he intended to move a further amendment providing for a Queen's County Convention and the establishment of a central committee consisting of the President, Vice President and Secretary of each of the County organizations—which committee only would have power to call a General Conference of the Party.

The motion was seconded by Mr. Mellish, supported by Hon. William Campbell and unanimously carried.

Subsequently Mr. Maclean moved an amendment of clause seven of the bye-laws in accordance with his previous explanation. This motion also passed unanimously.

After brief speeches had been made and other routine business transacted the Convention adjourned till half past one o'clock.

The convention re-met at half past one o'clock.

She was a young English girl brought here two years ago from the Middlemore Home and was employed as a domestic with William Salmon.

Recently she showed signs of mental weakness but her condition was not such as to cause alarm.

JOINT NOTE TO VENEZUELA

CARACAS, Jan. 26.—Via Port of Spain, Trinidad, Jan. 28.—Twenty-five members of the diplomatic corps today delivered to the Venezuelan Government a formal joint note stating that they could not accept Venezuela's position that M. Taigny, the former French Charge des Affaires here had been deprived of his official character, and that he ranked only as a French citizen at the time of his forced departure from this country. The diplomats have communicated the text of this note to their respective Governments.

MR. PREFONTAINE LEFT NO WILL

MONTREAL, January 29.—The fact that Hon. Raymond Prefontaine should have left no will is argued by the late minister's personal friends to mean that up to the time he was stricken down in Paris there was no idea in his mind that his end might be sudden. A close friend of Mr. Prefontaine, in discussing the matter, stated that it would be months before the estate affairs could be straightened out to an extent which would allow of a close estimate as to his wealth. Contrary to general opinion, Mr. Prefontaine was not wealthy as wealth goes now a days. "When the estate is settled up," said a friend, "it will be found that \$150,000 worth more than cover all of his wealth which is mainly made up of real estate. Contrary also to the general impression, the late minister had little or no money tie up in stocks, and while a keen politician and a man of undoubted capacity he was not what could be called a good business man, so far as his own personal affairs was concerned. Mr. Prefontaine had made a marriage contract, and his widow and his children will benefit by his entire estate while whatever it is, it will be sufficient to keep them beyond the suspicion of want."

SORROW FOR OLD KING LOYALTY TO THE NEW ONE

Divide the Emotions of Denmark's People—Emperors and Kings will Attend the Funeral a Fortnight Hence—Royalties Keep Watch in the Death Chamber, Amid a Wilderness of Flowers,

COPENHAGEN, Jan. 30.—(Special)—The King Frederick Eighth now reigns over Denmark.

His accession has been hailed with all appropriate enthusiasm and ceremony, but sorrow for the death of Christian Ninth is the predominant sentiment.

The overwhelming grief of the immediate members of this remarkably united family is reflected in only slightly lesser degree in every home in Copenhagen, from the richest to the poorest, and only words of kindness are heard when the dead monarch is spoken of.

In the chamber of the Amalengborg Palace the body of the King lies on the

modest bed in which he breathed his last.

Following the wishes of King Christian his funeral will be attended with little ceremonial.

The body which will be placed in a coffin tomorrow, will not actually lie in state, but prior to the entombment, which is expected to take place in about a fortnight, it will be visited by the chiefs of state.

Today the members of the family watched in the death chamber continually an enormous number of magnificent wreaths coming from every direction.

The burial will take place in the Cathedral of Roskilde, beside Queen Louise in the Chapel of Frederick the Fifth.

King Haakon of Norway, Queen Alexandra of England and King George of Greece, are expected to arrive in a few days, as well as a number of other princes and princesses from the continental capitals.

It is thought that the Emperor of Russia will attend the funeral but this is uncertain.

It is announced that Emperor William will be present in person, coming in a warship which he will occupy during his stay.

DOCTOR STEEVES MONCTON'S MAYOR

MONCTON, Jan. 30.—(Special)—Little interest was taken in the Mayorality election here today.

Dr. E. G. Steeves was successful, defeating Botsford by 207 votes.

APRIL WEATHER AT FREDERICTON

FREDERICTON, Jan. 29.—Fredericton horsemen had a sporty time of it today. The river opposite the city presented a lively appearance, all the fast ones were out and there were some pretty interesting races.

The weather here continues remarkably mild, more like April than January. Some of the trees are showing signs of budding and shrubs like the lilac are quite budded. It is feared that the unseasonable weather is going to have disastrous effects if the thermometer again goes down.

THE VALENCIA CASE EXPOSED

Passengers Shed New Light on the Disaster Heartless Conduct of Crew and Passing Vessels—All Might Have been Saved.

SEATTLE, Jan. 30.—(Special)—At today's investigation of the steamer Valencia disaster one of the passengers named Allison created a sensation.

He said the sea was not running high at the time of the wreck but the great loss of life was caused by everyone slumping the steamer.

Other vessels came in sight but never lowered a boat, and small boats might easily have come alongside and saved the helpless men and women.

Those who got ashore on rafts immediately went away without making any effort to save the others remaining aboard.

The crew took possession of the rafts and boats as soon as the steamer struck. Other passengers verified these statements and added that though the weather was foggy there was no wind.

THE VICTORIAS WERE VICTORIOUS

Defeating Abegweits Last Night By Score of 7 to 4—Best of the Season—Swift From Start to Finish

In undoubtedly the swiftest and most keenly contested hockey match of the season the Victorias in Hillsboro Rink last night defeated the Abegweits by a score of 7 to 4. The game was fast from start to finish, there was not a moment's lull and the contest was marked throughout by gentlemanly playing with one or two exceptions.

The attendance was not as large as at the previous matches but the good number present were enthusiastic and were kept aglow with excitement throughout.

It was twenty minutes after eight when Rosy Baker lined the teams on the ice. Bourassa was at cover for the Victoria and Frank Gaudet, whose place he took, was cover succeeding Rice who was injured at Summerside. These changes considerably strengthened the team.

In the Abegweits Lowe played wing man and Gormley center instead of vice versa as in last game.

After fifteen minutes stiff playing Toby McMillan took the puck up the rink and Batt scored. Half a minute later the trick was repeated.

Abegweits 2, Victorias 0.
Then the contest waxed warm and in five minutes the Victorias scored and shortly after Bourassa again found the net with a lift from cover.

Abegweits 2, Victorias 2.
Soon again Frank Gaudet made a goal and this Toby McMillan by a long run up the rink and pretty combination evened a moment later.

Abegweits 3, Victorias 3.
Thus the half ended and speculation as to the winners was intense. The Victorias proved themselves equal to the task. First McLeod and then Gaudet added one each to the Victorias and on top of these the former placed a third.

Abegweits 3, Victorias 6.
Still the Abegweits fought desperately but Bourassa scored another. Then Toby whose hand was badly cut necessitating a number of stitches, retired and McLeod went off to even.

Five minutes remained during which Gormley once on a long shot placed the puck inside the net and temporarily raised the hopes of his admirers, which were short lived however as the bell soon

announced that time was up.

Abegweits 4, Victorias 7.
Features of the game were the improved combination work of both teams and the runs of Toby McMillan who did Herculean work for his team.

Gaudet, Blake, Lightner and McMillan had seats on the promenade for breaches of the rules. Their offences were hacking and tripping.

The intermediate game resulted in a victory for the Victorias by a score of 5 to 3.
