

Summerside High School Reopens

The Summerside High School re-opened on Wednesday morning with a record attendance of about six hundred. Grade 12 has been added this year to the High School with twenty pupils and Grade 11 has twenty-two. Two teachers have been added to the staff in order to carry on the work of Grade 12.

Dr. John Morton, of Halifax, holder of a Bachelor of Science degree, Master of Science engineering diploma from Dalhousie University, Master of Arts and Doctor of Philosophy in Physical Chemistry, Princeton; and Mr. Elmer Pineau, B.A., have been appointed. Mr. Pineau comes very highly recommended and will teach French in all grades from Grade 8 up. He will also teach other subjects. He was principal of Tignish High School for the last four years, and had taught in various schools before that.

He obtained his first class teachers' license from Prince of Wales College, and later attended St. Joseph's College, Memramcook, where he took the regular course of studies and specialized in French. He obtained the Rilly Prize for Senior Mathematics. Mr. Pineau afterwards attended St. Dunstan's University for two years getting his B. A. (Laval Degree).

The remainder of the teaching staff remains the same as last year.

Bouchard and Thouin were brought to Montreal and are being held here. They will be held pending the laying of charges after the inquest.

Montreal police tonight refused to confirm a report published in a local newspaper that Thouin had attempted to negotiate for the return of paintings stolen from the Montreal Art Association. Some weeks ago editors of two Montreal newspapers each received one half of one of the paintings with a letter advising the others would be returned if ransom were paid.

Farmers Advised To Continue Dairying

(By Warren L. Brenton, Provincial Dairy Superintendent)

The monthly reports of creameries and cheese factories throughout the Province show August production this year considerably below the same month a year ago. The reason no doubt was the continued dry weather, some areas suffering also for the necessary supply of good drinking water for the herds.

For the seven months ending July 31, 1933, the creamery butter production was 1,192,710 pounds as compared with 1,156,012 pounds for the corresponding seven months in 1932, and the only hope of an increase for the whole year is by means of early and judicious feeding, which I trust our dairy farmers will decide to do to the utmost of their abilities.

In spite of the fall in price during the last few weeks, (which by the way is again on the up trend) dairying is as good if not better than other lines of farming. Considerable complaints are being made about the acidity and flavour of milk delivered at the cheese factories and to bring to the patrons' notice their important part in the cheese industry I would quote from the Farmer's Advocate the following:

CANADA LOSING CHEESE PREMIUMS

"At a meeting of the Cheesemakers' Association held August 4, on the lawn of the Roebuck Cheese Factory, in Grenville County, George H. Barr, Director of Dairying for Ontario, made this statement: 'Four years ago we were told that Canadian cheese was commanding a premium of 3 cents per pound over other makes of cheddar cheese in the markets of Great Britain. Two years ago we were advised that this premium had been reduced to 2 cents per pound and the latest advice from Great Britain is that this premium may be reduced to 1 cent per pound. If this is the case it is not time the cheese factory patrons and cheese factory owners in Canada were trying to find out the reason?'

"He went on to say that there are two things absolutely necessary to produce high scoring and good keeping cheddar cheese. 'These are clean, sweet milk and well-trained, clean, tidy cheesemakers.' 'Through a system of certification the Dairy Branch can insure efficiency in the making of cheese, but the Dairy Branch has only a remote control over the milk which goes into the factory. True, the Act authorizes the maker to refuse any

High Mass was celebrated by Rev. Leonard McDonald. The pall bearers were: Messrs. Albert Godkin, Gus Dowling, Maurice Bolger, Joseph McDonald, Reg. McGregor and Gilbert Weir. Service at the grave was conducted by Rev. Louis Dougan.

MOONLIGHT DANCE—Another successful and enjoyable dance took place Thursday night at the Upper Queen Street Tennis Club. The Harvest Moon shone forth in all its glory, and the merry dancers tip-toed to the splendid music of the orchestra. Mr. J. E. Trainor was again the capable dance director. The same orchestra that played for the previous dances furnished the music. During the evening Mr. Alfred Doucette rendered two vocal solos.

HUNTER RIVER CHARGE—United Church of Canada. Next Sunday the services will be held as follows: North Whitehorse at 11 a. m., Wheatley River at 3 p. m., Hunter River at 7:30 p. m. Service, including Missionary Pageants, at Hamp, shire at 7:30 p. m. Mr. Emerson Huettis will preside. Offering for W. M. S. Funds.

Mr. and Mrs. Ben Gordon, Rosemeath, were visitors to Fownal recently, the guests of Mr. and Mrs. R. W. Jones.

Mrs. R. A. Duncan and daughter Reta arrived home from Boston on Thursday evening where they spent a pleasant vacation, the guests of Mrs. Thomas Buchanan.

WEST PRINCE TEACHERS CONVENTION

The West Prince Teachers' Convention was held on Wednesday in the O'Leary High School with an attendance of 72 teachers.

Mr. Fred Skerry, the President, presided. The meeting was opened with the reading of the minutes by Mr. Lloyd Henderson, the Secretary, followed by the President's address.

The following committees were then appointed. Resolutions: Ian Sterling, Emily Aresnault and Helen Mathew; Nominating Committee, Hillard O'Brien, Mary Dugan and Kathleen Yeo; Press, Mary Shelton, Kathleen Henderson and M. Caseley.

Miss Hilda Gillie, inspector of schools for West Prince, was the next speaker and spoke on the standard on which teachers are judged at the inspections and gave several pointers on how a teacher can hold his position.

Mr. Peter Gallant also spoke along these lines, and also on school fairs, which are very important. He took up the subject of physical training, another important thing to be taught in every school.

A pleasing diversion was a demonstration of motion songs by Miss Shipley of Amherst, Nova Scotia.

Miss McLean, Junior Red Cross Supervisor, in her address, gave the gratifying announcement that 81 per cent of the schools have a Red Cross branch, with a total of 547. The Acadian schools, under the inspiration of Mr. Gallant, have a branch in every school but one. Some of the men teachers have done outstanding work in the Red Cross. There are 157 handicapped children helped by the Junior Red Cross on the Island.

Miss Brown, head of the organization, sent Miss McLean the pleasing news that our Island Province was the only Province sufficiently advanced to try out the scheme of keeping the older pupils in the Branch after they have left school.

Mr. Heber Matthews, principal of Alberton School, read a very instructive paper on Geography, showing that the "How and Why" is as important as "Where and What." Geography is a most interesting study if you can draw out the student's imagination and not just give a lesson of names of places, etc.

Mr. H. H. Shaw, Superintendent of Education, congratulated Mr. Matthews on his paper and remarked that history and geography are the most interesting subjects on the course.

The lives of children in different countries is a most appealing subject to children, and assists them with their geography. Referring to the book on "Temperance", already in the school, Mr. Shaw said that the W. C. T. U. supplemented that with two small bottles, one containing alcohol and the other empty, for the teacher to use for demonstration purposes, putting water or any other substance into the empty bottle and showing the effect that alcohol has on it.

Some discussion took place on pupils who did not wish to go beyond Grade 8.

Mr. Shaw also spoke to a resolution asking for outside supervision for the Grade 8 exams. He said there was a tendency by the Department of Education to get away from the idea of outside examination and to place the responsibility upon the teacher and to also do away with the granting of a certificate from Grade 8.

Parents and pupils place an exaggerated value on the Grade 8 certificate, which has been misconstrued as a "Leaving School Certificate." Some years ago when the Certificate was first given, there was some value attached to it as girls for instance, by obtaining that certificate, could enter the nursing profession, but today, a much higher education is required and it has entirely lost its value. Now it is merely used as a grading exam to pass into grade nine.

Ontario is discontinuing that examination and accepting the teachers' certificate.

The Department is putting out a standard guide for your help in grading the pupils and if you wish you can give them a certificate. Today it is recognized that more dependence is to be placed on the teachers examination than on outside examination of one paper.

The parents should have a better appreciation of the teachers' value in determining the ability of the pupils.

Some objections were raised that pupils passing Grade 8 in the country schools, were required to take that grade again if wishing to take Grade 9 at the Summerside High School.

ELEMENTARY PHARMACY COURSE (Correspondence Course) For registration as Certified Clerk begins Sept. 15th. May be taken by any drug clerk or prospective Pharmacy student holding Grade 8 Certificate. Prerequisites:—Elementary Pharmacy Course and complete Matriculation. MARITIME COLLEGE OF PHARMACY in affiliation with DALHOUSIE UNIVERSITY Halifax, Nova Scotia.

IN MEMORIAM DAVID T. LOWTHER "Well done, good and faithful servant." No more appropriate text could have been chosen than that selected by Rev. Mr. Archibald, when conducting the funeral services of the late David T. Lowther of North Carleton, on Sunday afternoon, August 26th. The service was held in the United Church at Seartown, of which the deceased had been a consistent member and office bearer for many, many years. The funeral cortege, a mile and a half in length, wending its way over the old familiar road, was a quiet but eloquent tribute from sorrowing relatives and sympathetic friends. To them the fitting address of Rev. Mr. Archibald had a tender significance and deep appeal as he referred to the kindly, long and helpful comradeship of their departed friend.

It is not too much to say that few men were so universally respected and beloved as he, among neighbors and acquaintances of every class and every creed. Almost his entire life of over 88 years had been spent on the beautiful old home farm, so peacefully sloping to the shores of Northumberland Strait. Amid a setting so tranquil the deceased in his later years could well appropriate the words of Tennyson:

"Sunset and evening star And one clear call for me! And may there be no moaning of the bar When I put out to sea.

For though from out our bourne of time and place The flood may bear me far, I hope to see my Pilot face to face When I have crossed the bar."

While Mr. Lowther's material activities were successful to a marked degree, he never failed to contribute of his time and talent to the advancement of a deserving cause. In this respect, and because of his sterling integrity, he has left a worthy heritage to the community in which he lived.

Less than three years ago, his loving wife, the aged and faithful partner of his joys and sorrows was called suddenly to her reward. Journeying happily toward "peaceful sunset and evening star" they had celebrated the golden anniversary of their marriage eleven years ago. "Gone to be with Mother, love and sympathy," this was the tender message over the wires from a son in Western Canada.

The deceased leaves two sons, four daughters, two sisters and twenty-five grandchildren and eighteen great grandchildren besides a wide circle of other relatives, all of whom will hold his memory dear. The sons are Leigh Lowther in the old home, and Roy in Tuxford, Saskatchewan. The daughters are Mrs. Nell Lowther, Craup, Mrs. J. W. Wright, Vancouver, B. C., Mrs. J. E. Matthews, Brandon, Manitoba, and Mrs. Ed Gardner of Chatham. One son Harry D. Lowther predeceased his father four years ago. The sisters are Mrs. Nell H. McPadyen of Summerside and Mrs. Lewis Trueman of Bedouque.

The pall bearers were six nephews, David L. Walker, New Annan, Will Les, Victoria, Norman and Lewis Lowther, Charlottetown, Percy Lowther, Cornwall, Oswald Lowther, Carleton. 1001
