**CHARGES OF MURDER LAID IN C. B. CASE**

Two Victoria County Men Held for Killing of Murdoch Morrison.

MURRAY, C. B., Nov. 5.—Definite charges of having murdered Murdoch A. Morrison, farmer and merchant of North River, Victoria County, whose body was found floating in the North River on Saturday afternoon last, were today laid against Angus D. McKenzie and Allan McLeod, both of North River, who have been held in the Baddeck jail for several days pending an investigation of the mysterious circumstances surrounding Morrison's death. Announcement to this effect was made here today by Major Basil Currie, special representative of the Attorney General's department who arrived from Halifax this morning to take charge of the case for the Crown.

The preliminary hearing, Mr. Currie said, had been set down for Nov. 12 at North River before Magistrate Harvey.

The theory of the Crown, it is understood, is that the dead man, who mysteriously disappeared on the evening of Oct. 29, election day, was thrown from a bridge spanning the North River in a struggle which came as a climax to a row which occurred in the settlement polling booth after the ballots had been set down.

Threats against the life of Mr. Morrison are alleged to have been made on this occasion, and it is claimed, that when last seen, he was being pursued in the direction of the North River bridge by several men, who, it is said, were present in the polling booth during the argument.

**USURPATION OF POWER AND CONTEMPT OF POPULAR WILL**

Such is The Pronouncement Made by Rt. Hon. Arthur Meighen in Reference to Decision of Premier King.

(Canadian Press)  
 OTTAWA, Nov. 5.—Right Hon. Arthur Meighen, Conservative leader in a statement issued late this afternoon characterized the announced intention of Premier King that his government would continue in office and meet parliament as an usurpation of power and contempt of the popular will. Mr. Meighen's statement reads as follows:

"The Premier's statement stripped of its sophistry is merely an announcement of his determination to 'hang on' in defiance of the heavy adverse verdict from the people of Canada.

"The Cabinet he says considered the alternative of advising a second dissolution of parliament. The Prime Minister knows that his cabinet had no such alternative and could not get another dissolution no matter what they advised, they have made their appeal and have been defeated. Mr. King is now merely leader of a minority group. There has never been a case in Canada since the time of a century ago, when the leader of a minority group has refused to resign immediately the will of the people was known.

"Baldwin waited for parliament in 1923, but Mr. Baldwin emerged from election leader of by far the largest group. In Mr. Baldwin's case also parliament being already summoned to meet in three weeks there was no time for a new government to be formed and ready to meet the house.

"Mr. Drury in April 1923 announced and announced properly that if another party were returned larger than his own in the forthcoming elections it would be his constitutional duty to resign in favor of the leader of that party.

"Mr. King declared as the reason for his appeal to people that his government could not satisfactorily conduct public business while dependent upon Progressive support. In defiance of this declaration he now decides to cling to office, though dependent infinitely more than he was before upon Progressive support. Of 27 Progressives, Independents and Labor candidates elected, 18 of them denounced his record and defeated his candidates. The Premier himself and eight of his ministers have been rejected. The popular majority against his government is overwhelming. To cling to office under such circumstances is usurpation of power and contempt of the popular will."

**SCOTLAND IN STORY AND SONG**

Eloquent Address by Rev. W. Bruce Muir at Caledonian Club Rooms Last Night.

"Caledonia Stern and Wild," was the subject last night of the opening lecture, the first of a series to be given in the Caledonian Club rooms throughout the present fall and winter.

The speaker last evening, the Rev. W. Bruce Muir, pastor of St. James Church, was heard for the first time by many present, and his eloquent address and inspiring delivery stirred the audience to enthusiastic applause.

The hall was filled to capacity and the meeting, which was presided over by Mr. Thos. White, president of the Club, was in every way a success.

Memories of Scottish scenes and stories, stirring and told and embellished with quotations from the Scottish poets, made up an intellectual treat which was appreciated to the full. Back through the glorious days of Scottish history the lecturer took his hearers, and new meaning and charm was given to familiar verses of Burns and Scott in the eloquent setting in which they were placed.

It was that great triumvirate of Scottish literary genius, Burns, Scott and Stevenson, upon which the speaker dwelt most fondly and eloquently. In all ages, indeed, there has never been wanting some poet's voice in praise of that land, which fairly glows with the reflected light of song and story; but these three, in verse and prose, have given Scotland an enduring place in literature. "Caledonia sits proudly among the mists. She receives the homage of the nations with such men as these to proclaim her sovereignty."

The speaker incidentally referred to the commercial value which literary genius has been in the way

**Americans Buying Many Potatoes**

(Canadian Press)  
 ST. CATHARINES, Nov. 5.—A raid is being made on Lincoln County potatoes by American buyers this week. Several carloads have been bought and shipped to Buffalo and other points in New York state. The farmers have secured \$2.25 per bag a slight advance on the local wholesale price.

**DISREGARD OF THE OPINION OF THE PEOPLE**

(Special to The Guardian).  
 TORONTO, Nov. 5.—"All Canada knows that on October 29th the Canadian people clearly presented Mr. King and his ministers with portmanteaus and not portfolios and for Mr. King to attempt to carry on now is a disgusting disregard of public opinion. Nowhere in the annals of parliamentary government can there be found parallel conditions under which a government has ever even suggested the idea of attempting to hold office," said Hon. Robert Rogers recently elected Conservative member for Winnipeg South and former Minister of Public Works who arrived in the city today on his way to Ottawa.

Mr. Rogers is of the opinion that Mr. Meighen could find enough support among the Conservatives to enable him to have a majority in the House. Already, he said several Progressives from the Western provinces have signified their intentions to support the Conservative leader. "I was very much surprised indeed when I read the announcement this morning about Mr. King's intention."

**\$3.25 PER BAG FOR SPUDS**

(Canadian Press)  
 TORONTO, Nov. 5.—Due to a combination of adverse conditions, unfavorable weather for the growing crop in the spring and fall, blight, and early frosts, bringing about a greatly reduced production the lowly "spud" basic food essential of the home, now emerges from the commonplace to take its position on the table with the crown jewel price today of \$3.25 for a ninety pound bag and still mounting.

Compared with last year's value of eighty five cents per bag the price paid here today places potatoes in the luxury category and if the present market conditions hold as it likely they will be a scarce commodity.

**GOV. AL SMITH WON MIGHTY TRIUMPH**

His Protege, Senator Walker, Elected Mayor of New York by Enormous Plurality.

(Canadian Press)  
 NEW YORK, Nov. 5.—Governor Al Smith has had another mighty triumph at the polls.

His protege, State Senator James John Walker, who defeated Mayor Hylan for the democratic nomination in a bitter primary battle, was elected Mayor of N. Y. yesterday by an enormous plurality over Frank D. Waterman, Republican and manufacturer.

Four proposed amendments to the State constitution for which the Governor stamped the State, and which were opposed by the Republican machine were also approved by the voters.

This new proof of the political power of the Governor is something of a vaudeville if he carries out his announced intention to return to private life when his term as Governor expires a year from next January.

For four years beginning January next the chief executive of the country's largest city will be a Tammany product who arose much as the Governor himself, from the sidewalks of New York.

Semi-pro ball player, a song writer in New York's famous Tin Pan Alley and a stage manager earlier in his career, Walker has been in the Legislature for 16 years. He was sponsor of Laws permitting boxing, Sunday movies and Sunday baseball. He is a lawyer but has practiced little. His defeat of Waterman by a plurality of 401,581 came on the thirteenth anniversary of his wedding and Mrs. Walker, who was formerly an actress, was prouder than ever of her husband's musical masterpiece:

"Will you love me in December as in May?"

Tin Pan Alley helped him. His campaign song "Walk in Walker," was written by Irving Berlin.

Walker is a small man, weighing 125. He is 44 years old.

In another strongly fought municipal battle, district Attorney J. H. Banton, Democrat was re-elected over former Governor Charles S. Whitman. Mr. Whitman was twice elected as District Attorney before he became Governor.

For the first time in its history the city will have a woman member of the Aldermanic Board. She is Mrs. Ruth Pratt a society leader and welfare worker who, running

**French Losses In Recent Damascus Troubles**

(Canadian Press)  
 PARIS, Nov. 5.—French losses in the recent Damascus troubles, according to official advices reaching Paris today were ten killed, including three native soldiers, and fifty wounded. The insurgents lost 200 killed. (This compares with previous unofficial reports estimating the deaths in the thousands.) In addition, the dispatches say, insurgents killed 50 Armenians and three Tripolitians. Damage to property is stated at \$2,125,000.

Reports emphasize the fact that no Europeans were wounded or hurt in any way.

**King Was Beaten By 494 Votes**

(Canadian Press)  
 TORONTO, Nov. 5.—Right Hon. W. L. Mackenzie King was defeated in the general elections in the constituency of North York by four hundred and ninety four votes. Final figures were issued today showing of this. An adverse majority of 420 was recorded in parts add to the riding by the redistribution act of 1924. The official vote was: T. H. Lennox, Conservative, 10,028; Hon. W. L. Mackenzie King, Liberal, 9,534. Spoiled ballots 164.

on the Republican ticket in the "silk stocking district," on the Upper East Side, handed defeat to James A. O'Gorman, Jr., Democrat son of former United States Senator. Walker will have a solid Democratic board of estimate.

**HOW PREMIER KING DECIDED TO REMAIN IN OFFICE**

OTTAWA, Nov. 5.—The stragglers of Wilson of Vaudreuil, with Ontario and the west still to be heard from. When they are all in Mr. King will probably pick Prescott or Russell as his temporary home. He still loves the province that gave him his grandfather.

But to go back to the stragglers, Hon. Tom Lopp slipped noiselessly in from Renfrew in the afternoon. He had wiped away his tears and bravely tried to smile. He was soon deep in the mysteries of statesmanship with Hon. James Robb, who had slipped up from Valleyfield, Quebec, and whose chief concern seemed to be the constitutional points of the complication. He cheered up visibly when informed that Sir Clifford Sifton had decreed that the government could and should sit pat and that the other Ottawa Solomon, J. S. Ewart, agreed with Sir Clifford.

National Calamity.

Monday morning the real ones came along. Hon. G. N. Gordon led all the rest. He vainly tried to revive the air of jaunty carefree greatness that has characterized his all-too-extended Ottawa career. But it was gaudy that didn't ring true. One somehow felt that personally he cared not a whit, but he couldn't help but know that his defeat was a catastrophe from which his country would be slow to recover.

Hon. George J. Graham came last. He slipped over from Brockville and took a car up to the Parliament Buildings. Few indeed saw his face. But 'tis freely predicted in Grit circles that he will agree with the rest of the defeated that the Government ought to resign forthwith.

Prescott or Russell.

For, once the first pangs of disappointment had lost their pangs, hope again started to spring eternal in the Liberal leader's breast. This hope was fertilized by a flood of offers from members who were willing to step out of their seats with a murmured "please take mine." These offers came from Power of Quebec. Fiset

**Hon. Charles Marcell Leading By 377 Votes**

(Canadian Press)  
 QUEBEC, Nov. 5.—At three o'clock this afternoon word over long distance telephone stated that with seven polls yet to hear from in Bonaventure election Hon. **MARITIME BOARD OF TRADE IN CONCLUDING SESSIONS**

Officers Appointed For Ensuing Year—Many Important Resolutions Passed.—Next Convention at St. John, N. B.

The invitation of Mr. Fisher of St. John that the Maritime Board of Trade, which concluded its 1925 conference last night in this city, hold its conference for 1926, in St. John city, was unanimously approved by that body.

The Maritime Board of Trade officers for the ensuing year have been elected as follows:

President—Mr. Angus MacLean, Bathurst.

Vice-Presidents, John Pilkington North Sydney; A. A. Pomeroy, Secretary-Treasurer, C. H. Blakeley, Moncton.

Executive, W. S. Fisher, St. John; H. S. Congdon, Dartmouth; J. O. Hyndman, R. H. Simonds, Fredericton; M. C. Hanson, Amherst; Geo. Muttart, Summerside; A. M. Belding, St. John; A. E. Cheslea, A. J. Mathieson, O'Leary.

The following resolutions to be placed before the Winnipeg Conference, were passed:

After considerable discussion, a resolution on immigration moved by W. J. Burdette, St. John, and seconded by M. C. Hanson, was passed, asking the Dominion Government to institute and finance an immediate and aggressive immigration policy for the Maritimes, containing the same for not fewer than ten consecutive years, this policy involving adequate organizations both overseas and in the Maritimes.

It was pointed out that during the past twenty years that the long continued exodus from the Maritimes, with no replenishment of this tragic drain, has resulted to the very great detriment of their agriculture, industries, and commerce, narrowing the scope of employment, and compelling young men and women to seek a livelihood elsewhere. Also that since Confederation the Maritimes had contributed their portion to the Immigration costs of Canada, while deriving no benefit therefrom, while suffering from Western Canada settlement propaganda of Federal Governments, transportation systems, and others.

This was discussed by Messrs. Birch, Higgs, Dewar, Selanders, Belding, Matheson and others, some of the delegates wanting the resolution to be more specific, and asking for a certain proportion of the immigration expenses.

A telegram was read from the Secretary of the Associated Board of Trade, of Ontario, conveying wishes for harmonious outcome of the deliberations, and assuring sympathetic interest.

Two resolutions were passed, the others to be taken up at the night session.

**WILL PROBABLY MEET NEXT MONTH**

Premier King Issues Statement, Says There is No Precedent for Other Course

(Canadian Press)  
 OTTAWA, Nov. 5.—Mackenzie King will meet Parliament and the tentative date of opening is set for December 10. This was the announcement made about midnight by the Prime Minister in a statement given to the press and followed by the audience with His Excellency the Governor General at six o'clock this evening, declaring that he knew of no precedent either in Canada or in Great Britain to justify the calling upon the leader of the largest group that did not command a majority in Parliament to form a government.

Premier King in his statement pointed out that the only manner in which rule by the people could be made possible was to allow Parliament to decide who was to govern. Until Parliament meets the government will refrain from making any appointments other than those essential to carrying on the public business.

Owing to lateness of the hour at which the Prime Minister's statement was made public it will be impossible for Mr. Meighen, leader of the Conservatives to draft and issue his statement on the situation. That may be expected tomorrow afternoon.

(Canadian Press)  
 OTTAWA, Nov. 5.—Parliament is technically to meet on December 10. But that is only the pro-forma given in the election writs. In all probability this date will not be found practicable. The actual date will likely be either later in December or in early January.

OTTAWA, Ont., Nov. 5.—Some doubt also exists whether it is competent for a duly returned member to resign before parliament meets. A member sends his resignation to the Speaker of the House and it is questionable if a resignation could properly be made until the house meets and elects its speaker.

A seat will have to be found for the Premier, Westmidssex mentioned among the possibilities although there is no official announcement but other bye elections are not likely to be numerous. There will likely be a merging of portfolios temporarily. The retirement of Hon. T. A. Low is believed to be imminent. A suggested rearrangement of portfolios would place Hon. J. A. Robb in charge of the railways as well as Public Works and Hon. Charles Stewart in charge of Immigration as well as of the Interior. Cabinet meets again this afternoon when there will be further consideration of the situation.

Meanwhile there is no official pronouncement beyond that of Premier King last night declaring the government would meet parliament.

**MEETS INSTANT DEATH**

P.C. Man thrown from Wagon and has Neck Broken

SUMMERSIDE, Nov. 5.—A very sad fatality occurred in Prince County Wednesday afternoon when Mr. Alex Trembley of St. Louis met an instant death.

Mr. Trembley was driving home from Alberton in a light wagon drawn by a spirited horse and as he was passing the farm of Mr. Peter Burke at Alma he hit the horse with the whip. The horse made a bolt forward breaking the harness and hauling Mr. Trembley over the dashboard. The deceased landed with terrific force against the ground head first breaking his neck.

His daughter Miss Margaret, who was with him in the wagon escaped with a severe shaking up. A doctor was immediately summoned but death was instantaneous.

The late Mr. Trembley who was about 55 years of age was one of the biggest and strongest men in the county where he will be greatly missed. He leaves to mourn besides his widow one daughter and four sons. He was formerly a sea captain but for the last several years has been engaged in farming in St. Louis.

The funeral takes place Saturday morning to the Immaculate Conception Church at Palmer Road.

**Stock Boom Is Largest In Nearly Decade**

NEW YORK, Nov. 5.—Wall Street today experienced its greatest boom stock market in nearly ten years. Total sales were calculated at 2,801,600 shares, or 99,000 above the previous year's high established on Oct. 16 and the largest since the famous "3,000,000-share" market which followed the "leak" on President Wilson's peace note in December, 1918.

The rally, like so many which have preceded it within the last few weeks, was not associated with any outstanding development in the day's news. Wall street, which is seldom without "explanations" for a price movement in either direction, was flooded with rumors that an era of "melon-cutting" was in store.
