ACTOR "DIES" THEN SLAIN WITH WOMAN

FORT WORTH, Texas, Nov. 11—Half an hour after he had fallen to the stage of a vaudeville theatre, "killed" by his rival in a sketch with which he was travelling around the country. J. K. Beatty, an actor, was shot to death Tuesday night in the outskirts of the city while walking with Mrs. Carl Robinson, and a second later the woman was slain. The police are seeking Carl Robinson, husband of the woman, from whom she separated several weeks ago. Beatty's sketch was a dramatic one and had attracted great attention here, being booked for an additional week because of the comments of persons who had witnessed it and urged their friends to attend. Soon after coming here Beatty met Mrs. Robinson, who had expressed her admiration for his acting. They were seen together several times after the performances. According to the witnesses of the shooting the couple were walking slowly along a parkway near the city limits when a man rushed up from behind and opened fire. Beatty fell with a bullet wound in his right side. Then the assailant turned the weapon on the woman, firing two shots into her heart. She fell dead across the body of the actor. Robinson was seen running from the scene after the shooting, but has eluded the police. He and his wife were highly esteemed here where they had always lived.

OUR TRADE WITH WEST INDIES

OTTAWA, Nov. 13—(By wire)—An effort is being made to induce the British West Indies to grant a preference to Canada. This is one of the steps which Hon. Geo. Foster is taking to stimulate external commerce. The West Indies and Australia are possessions which he hopes to first influence. Canada is now granting preferential customs treatment to the West Indies. Trade between Canada and the southern islands was stimulated two years ago by an Imperial Commission. That commission recommended the improvement of transportation facilities and a mutual preference for purpose of promoting trade. If the West Indies decide to grant Canada a preference the Dominion Government will give generous financial aid in the form of steamship bonuses for the purpose of providing more frequent service by a better class of ships between Canadian and West Indies ports.

THE BRITISH NAVY STRONG AND PREPARED

LONDON, Nov. 9—Winston Churchill's first speech, as First Lord of the Admiralty at the Lord Mayor's Guildhall banquet, stirred his audience. "The navy is strong," he declared, "and really instantly to put forth its strength." He paid a tribute to Admiral Lord Fisher, of Kilverstone, who retired as admiral of the fleet this year, as the greatest naval lord of the century. Mr. Churchill promised a reduction of the present abnormal expenditure without compromising national security. "It would be a fiction," he said, "to pretend that the sudden and rapid growth of the German navy was not the main factor in Great Britain's vast expenditures."

The ads that decide her as to where to buy the things she wants, or which, at least, induce her to go to certain stores or places, to investigate the offers made in the ads. THE PLEBISCITE SCHEME

ST. JOHN, Nov. 12—Hon William Pugsley, who arrived home tonight from Atlantic City after referring to the great necessity of harbor development, said: "I have seen in the newspapers that Mr. Pelletier and Mr. Bourassa have said that Mr. Borden has promised to submit the naval question to a plebiscite, and Bourassa goes so far as to insult the loyal people of Canada by saying that one of the questions submitted to a ballot should be whether the ships should be placed at the service of the British Admiralty in case of war. It seems to be entirely contrary to the spirit of our constitution that a great national question involving the defense of the country should be submitted to the people by plebiscite. Upon such a question about all others, the Government of the day must have a policy and must be prepared to stand or fall by it."

BONAR LAW IS THE NEW LEADER

Is Native of New Brunswick. Sketch of His Early Life in Rexton

LONDON, Nov. 13—(By wire)—The Unionists caucus at Carlton Club today unanimously appointed Bonar Law leader of the party in the Commons. Walter Long and Austen Chamberlain, who had suppressed their own aspirations in order to avoid a breach in the Conservative and Liberal Unionist groups of the party, respectively proposed and seconded the nomination and as no other name was submitted the motion was adopted by acclamation. ST. JOHN, Nov. 13—"A sturdy boy with a thick head—no a thick crop of bushy, wiry hair, effervescing with the animal spirits, possessed of an open countenance and frank and pleasant manner, active in all boyish games, good humored, but always ready for a fight, if he thought he was being imposed on, a manly boy, more fond of frolic than study; with an assured and taking way, but giving no indication of those remarkable intellectual and personal qualities which he has since developed." Thus H. A. Powell, K. C., summed up his impressions of A. Bonar Law, when, as a boy he lived near Rexton in Kent county. "I knew Bonar Law very well when he was a boy in this province," said Mr. Powell. "He was born in the manse about half a mile from Rexton—then Kingston—in Kent county in the year 1858. His father was the Rev. James Law, who for a long time had charge of the Presbyterian church at Kingston, which then had probably as large a membership as any Presbyterian church in the province. "His mother was a Miss Kidston. She died when Bonar was an infant, and his aunt, Miss Kidston, came to Richibucto to superintend his bringing up. "Rev. Mr. Law married a second time, his second wife being Miss Sophia Wood, a daughter of T. W. Wood, of Richibucto, one of the (Continued on page 3)

PRINCETON WON

PRINCETON, N. J., November 11—A feat of fortune enabled Princeton to defeat Dartmouth in the first period here today by the score of 3 to 0. With the ball on Dartmouth's 30-yard line, Dewett, Princeton, made an attempt to drop kick. The ball hit the ground 1 yard from the goal line, but bounded over the cross bar and was called a goal by Referee Langford. The two elevens were evenly matched and result was in doubt until the final whistle. Princeton's defense again saved the day for the Tigers. They succeeded in crushing the visitors' attack at every stage. On the offense, however, Princeton could do nothing and was unable to gain consistently by straight foot ball.

NATIONAL PRESIDENT OF THE A. O. H. HERE

Delivered Fine Address Before the Brethren Last Night

A very large and appreciative audience greeted James J. Regan, St. Paul, Minn., National President of the Ancient Order of Hibernians, in the Hall of the branch of that order in this city last night. The National president was accompanied by Hon. John Morrissey, Commissioner of Public Works in the New Brunswick Government, and John B. McCloskey, of New Brunswick, Provincial Secretary of the A. O. H., for the Maritime Provinces. Dr. W. J. McMillan, County President, occupied the chair and opened the meeting with a few appropriate remarks. This was followed by an address of welcome to the National president, which was read by the Division President, J. Austin Tractor. The President in his reply made one of the most eloquent oratorical efforts heard in this city for many years. He dealt with the object of the Association, pointing out the great benefits derived by members and it emboldened influence upon the society in general. He received a most earnest and appreciative hearing from the large audience present. He was followed by the Secretary, Mr. McCloskey, who spoke of the good work of the A. O. H., in the Maritime Provinces. Then the audience was treated to a most witty and able address by the Hon. John Morrissey, whose apt-reference to the emboldening influence of the Ladies Auxiliary was most appreciated and heartily applauded. Prov. President, Hon. Edward J. Lockett, was introduced and in a few appropriate remarks showed that he still was master of that commanding eloquence which has made his name a by word in this Province. The next speaker was Rev. Dr. Smith of S. D. C., who dwelt on the good work the order is doing. Dr. Conroy and D. O. M. Reddin, in witty and eloquent words expressed their appreciation of the masterly address of the National President. A hearty vote of thanks to the National officers was then moved in fitting terms by Bro. E. P. Hennessy and unanimously tendered. The National Anthem closed a most enthusiastic meeting of the Hibernians in this Province. The National officers leave this afternoon to address a meeting in Summerside. The Hall was most attractively decorated in honor of the distinguished two visitors.

THE COURT MARTIAL NOT UNTIL TODAY

HALIFAX, Nov. 13—The court martial on the stranding of H.M.C.S. Niobe will not take place tomorrow, and possibly it may be deferred to Wednesday, tho the probability is that the court will convene at 9.30 tomorrow morning. The delay is caused by regulations regarding the summoning of witnesses and other preliminaries connected with the constitution of the court martial, which have to be regarded. The court will consist of five officers, a majority of whom must be senior to Commander Macdonald, of the Niobe. Rear Admiral Kingsmill and Captain Roper, chief of staff, are on board the Niobe.

AFRICA MAY BE CUT UP AGAIN

BRUSSELS, November 12—Reports have been current for some time past that a grand re-partition of Africa was under consideration by interested powers, to which some color has been lent by certain observations by the French premier in the course of a recent speech. These have taken more definite form, and it is reported on good authority that the proposed scheme provides for the withdrawal of Belgium from the Congo, which will be divided between Great Britain, France and Germany. In compensation, according to the reports, Belgium is to receive the grand duchy of Luxembourg and territory along the left bank of the Scheldt, Holland, to receive counter-balancing colonial concessions. These reports will form the subject of an interpellation in parliament which will reassemble on Tuesday.

OTTAWA, Nov. 11—Joseph E. Chaffin has been appointed Chief Geographer of the Dominion Government. He takes the place of the late R. E. Young.

SHORT SELECTED SENTENCES.

What seems to grow fairer to me as life goes by is the love and the grace and tenderness of it; not its wit and cleverness and grandeur of knowledge—grand as knowledge is—but just the laughter of children, and the friendship of friends, and the cosy talk by the fire, and the sight of flowers, and the sound of music. A slender acquaintance with the world must convince every man that actions, not words, are the true criterion of the attachment of friends; and that the most liberal professions of good-will are very far from being the surest marks of it. Among the blessings and enjoy-rows by sharing in both.
