IF WOMEN ONLY KNEW

Thousands of women suffer untold miseries every day with aching backs that really have no business to ache. A woman's back wasn't made to ache. Under ordinary conditions it ought to be strong and ready to help her bear the burdens of life.

It is hard to do housework with an aching back. Hours of misery at leisure or at work. If women only knew the cause. Backache comes from sick kidneys, and what a lot of trouble sick kidneys cause in the world.

But they can't help it. If more work is put on them than they can stand it's not to be wondered that they get out of order. Backache is simply their cry for help.

DOAN'S KIDNEY PILLS

will help you. They're helping sick, overworked kidneys—all over the world—making them strong, healthy and vigorous. Mrs. P. Ryan, Douglas, Ont., writes: "For over five months I was troubled with lame back and was unable to move without help. I tried all kinds of plasters and liniments but they were no use. At last I heard tell of Doan's Kidney Pills and after I had used three-quarters of the box my back was as strong and well as ever."

Price 50 cents per box or three boxes for $1.25, all dealers or The Doan Kidney Pill Co., Toronto, Ont.

NEW BATTLESHIP IS THE TERROR OF THE OCEAN

LONDON, Jan. 27.—Some remarkable illustrations of the immense fighting power of the Dreadnaught, the new type of battleship now under construction at Portsmouth, are given by the Engineer. Ten years ago the Majestics were the finest ships in the world. To-day there is no question that the Dreadnaught could lie off 10,000 yards and sink the entire fleet of Majestics as easily as the Japanese fleet sank the Russians at Tsushima. Indeed, the Majestics practically would be unable to reply, their guns not being really effective much over 5,000 yards. Later ships, of course, would be better off.

It is probably no exaggeration to say that the Dreadnaught could fight a couple of the latest King Edward VII. type and come out best. Incidentally the Dreadnaught probably could tackle the entire German battle fleet single-handed, and so is a guarantee of peace.

It should be remembered, however, that Germany is preparing to build similar ships, that Japan has two in hand, that the United States contemplates a couple, and that France has plans for three. When these ships are afloat all existing battleships will hardly count.

Naval officers have been instructed by the Admiralty to give their commands in "a loud, distinct, and decisive manner." It has been noticed that the newer school of naval officer is not being educated to give orders in the bluff and authoritative tone which in the old days made the sailors skip round in double-quick time to carry out orders. It is feared that the drawing-room manners of the new blend of young executive officers will cause their voices to be inaudible through the din, even of practice, and, in addition, that the effeminate tendency of the word of command causes slowness in men and a weakening of confidence and discipline. Now the young executive sailorman is to practice his voice as if it were the sole means of communicating orders in the din of battle.

The disappearance of sails is believed to have caused this vocal defect, as now there is no stenorian calling to men aloft to open the lungs and strengthen the spoken word.

LONDON IS MORE HOPEFUL

LONDON, Jan. 26—Official England is more optimistic in regard to the result of the Algeciras conference, believing that the discussions of the delegates are leading to a better understanding. Thus far the foreign office has only been advised that he uncontentious questions are being cleared up first, but any agreement reached on these questions must be contingent on the settlement of the question of policing the interior of Morocco, which is the pivot of the conference.

It was still today that Great Britain would support France if Germany insisted on international policing the police which could not be said to be adhering to her protestations that she desired a settlement of the Moroccan question.

HILLSBOROUGH HEAD.

Jan. 27.—The very spring-like weather for the last few days has bared our fields and highways in many places, and spoiled the splendid roads of the past six weeks.

It is with pleasure all note the steady and unwavering progress of the Hillsborough Debating and Literary Institute. At the last meeting of this society, which was held in the usual place of meeting, Cherry Hill Schoolroom on Wednesday the 24 h Jan. 1906. the subject for debate was: Which Affords the Most Pleasure to Mankind Married Life or Single Life. The debate was an interesting one throughout, and great enjoyment was evinced by the large number present at the many witticisms of the various speakers. After some very able oratorial remarks were heard on both sides the Chairman gave he decision in favor of single life.

John F. McDonald still wields the birch in our midst. Mr. McDonald is a most up-to-date teacher in all respects and also a teacher of long experience.

An effort is on foot or soon to be, to have a tri-weekly mail at this place and also at Cherry Hill instead of the twice-a-week service as at present. This is a decided move in the right direction by our enterprising citizens, and a convenience that we have long been entitled to.

Mrs. B. C. Douglas who has been ill for some time is now improving.

Miss Sarah Douglas has been visiting friends in Charlottetown for some time.

Miss Lottie Farquharson, Conway, has returned home after a two weeks' visit with her sister Mrs. Albert T. Jardine of this place.

Miss Etta Pigot, Savage Harbor, has been spending some time at Cherry Hill the guest of the Misses Coffin and Miss Wood.

UNABLE TO AGREE.

CHICAGO, Jan. 27.—Counsel for the indicted meat packers and for the government were unable to agree on a statement of facts concerning the action of Commissioner of Corporations James R. Garfield while investigating the beef industry, and it was decided that the trial before Judge Humphrey and a jury in his court should be again taken up tomorrow morning, when witnesses will be called to decide whether Mr. Garfield's action can give immunity to the packers.

NOURISH

the body, don't dose it with medicine. Scott's Emulsion is the best nourishment in existence. It is more than a food; you may doubt it, but it digests perfectly easy and at the same time gets the digestive functions in a condition so that ordinary food can be easily digested. Try it if you are run down and your food doesn't nourish you.

LORD STRATHCONA REPEATS PROPHECY

MONTREAL, Jan. 26.—A London cable says: In an interview here Lord Strathcona declined to discuss the change of government from a political standpoint, but, he added, "I see no possibility of any diminution of the good feeling existing towards the mother country in Canada, only remember Canada claims an intelligent interest in her own affairs, and she is worthy of it. Before this century is past she will have a population greater than the population of the British Isles."

His lordship declared Canada needed men, and he believed there were thousands of Englishmen fit to meet the Canadian demand.

DAVID RUSSELL'S CASE ADJOURNED

(Montreal Star, Jan. 24).

In answer to the issue of a rule nisi against David Russell in connection with an alleged refusal to show certain options and books of the Abbey Effervescent Company, which he had in his possession and which he had been ordered by the court to display, R. A. E. Greenshields, his attorney, yesterday, came before Judge Pagnuelo and explained that Judge Taschereau had granted an adjournment of the matter to Feb. 8, and had allowed Mr. Russell to delay his submittal of the options and books till that time. This adjournment had by some error not been entered on the records of the court, and this had given rise to the issuance of the rule. Judge Pagnuelo, without going into the case any further, adjourned the whole matter till Feb. 8.

PROHIBITION.

For thirty or forty years the best people of our Province have been working and praying for prohibition of the liquor traffic.

Our friends in Prince County have this now offered to them. All they have to do to obtain Prohibition, good and strong, is to go to the polls next Thursday, (Feby 1st) and mark their ballots AGAINST THE ACT—this means the Scott Act—and when it is set aside by popular vote our Prohibitory law, now in force in Charlottetown, becomes the law in Prince County.

Friends, the opportunity of a life time is before you. Don't sit idly by your firesides and allow it to pass by unimproved; but go to the polls and see that everyone of your neighbors goes too, to vote against the Scott Act. If you allow the Scott Act to be retained now, you cannot get another chance to repeal it for three years, and then it can only be had after a great deal of work and expense.

Now is our time. We can do it if we try. The closing of one liquor den means more than any of us can estimate to the slave to alcohol and his wife and children; shall we not then make ONE grand effort to close all these places of vice and destruction in our county?

Surely there not will be one elector worthy of the name who will be so careless or indolent as not to do his duty to his God, his neighbor and himself by not voting on Feb'y. 1st.

Vote AGAINST THE ACT, brother, and help in the reign of Prohibition.

Don't get MIXED on it.

It is the Scott Act ONLY that is referred to in the election. The Prohibition law is already a law for the whole Island, but it is inoperative in the Counties because the Canada Temperance Act is in force there. When the C. T. Act or Scott Act is voted out the other takes effect at once. The rumseller gets no recess between the two laws.

PROHIBITION.

THREE ARRESTED.

BOSTON, Jan. 27.—A trio of young men giving their names as Thomas Smith, Portland Me., George Wilson, Chicago and Thomas F. Mapping Providence, were arrested for the alleged larceny of express from teams of Thompson's Worcester xpress Co. The property was recovered.

BABY CAME NEAR DYING

From an Awful Skin Humour—Scratched Till Blood Ran—Wasted to Skeleton—Hands Like Claws—Cuticura Brings Blessed Relief and Speedy Cure.

"WOULD HAVE DIED BUT FOR CUTICURA"

"When my little boy was three months old his head broke out with a rash, which was very itchy and ran considerable watery fluid. We tried everything we could, but he got worse all the time till it spread to his arms, legs, and then to his entire body, and he came near dying. It itched so he would scratch till the blood ran, and a thin yellowish stuff would be all over his pillow in the morning. I had to put mittens on his hands to keep him from tearing his skin. He got so weak he took fainting spells, and we would think him dying. He was almost a skeleton and his little hands were thin like claws.

"He was bad about eight months when we tried Cuticura. I had not laid him down in his cradle in the daytime for a long time. He had got so that he just slept in our arms all the time.

"I washed him with Cuticura Soap and put on one application of Cuticura Ointment and he was so soothed that I put him in the cradle. You don't know how glad I was when he felt better. It took one box of Cuticura Ointment, one cake of Cuticura Soap, and about half a bottle of Cuticura Resolvent, to cure. I think he would have died only for the Cuticura.—Mrs. M. C. Maitland, Jasper, Ont."

No return in 14 years: Mrs. Maitland writes, under date of Feb. 24, 1903: "It affords me pleasure to say that it is fourteen years since my boy was cured of the terrible skin disease. He has been permanently cured and is hearty and strong."

Cuticura Soap, Ointment, and Pills are sold throughout the world. Depots: London, 27 Charterhouse Sq.; Paris, 5 Rue de la Paix; Australia, R. Towns & Co., Sydney. Potter Drug & Chem. Corp., Boston, Sole Props.
