Security

Many people are careless to the extent of keeping sums of money, highly-prized trinkets or valuable documents in some cupboard, drawer, trunk or some other equally insecure receptacle in the home.

The loss, through fire or burglary, of some particular insurance policy or other important papers might seriously inconvenience their owners. In such emergencies legal proceedings have to be resorted to, entailing considerable expense.

Can you not see the advisability, then, of protecting these interests by renting a metal deposit box in our armor plate fire and burglar proof vault? The cost is from **$2 00** per year up according to size and location.

We will be glad to show you through it.

Old People Gain

STRENGTH BY TAKING VINOL. HERE IS PROOF.

So many cases like this are constantly coming to our attention that we publish it for the benefit of others— Mr. John Widmayer of Jackson, Mich., says: "I am nearly 70 years of age, and was in a feeble condition but Vinol has done wonders for me. It is the best medicine to create strength I have ever seen and I have taken a good many of them. Last spring I was run down and worn out but I took Vinol and soon regained my strength. Vinol is certainly an invigorating tonic for old people."

It is the medical curative elements of the cod livers without oil aided by the blood-making and strength-creating properties of tonic iron which are contained in Vinol that makes is so efficient in such cases.

If you have an aged father, mother or anyone in your family who needs a strength-creating tonic, try Vinol on our offer to give back your money if it fails to benefit. E. A. Foster, Central Drugstore, Charlottetown, P. E. I.
