### HAMPTON PASTORAL CHARGE

The services for Sunday, April 9th are, Bonshaw at 11; De Sable at 3 and Victoria at 7. Rev. Geo. Ayers, Minister.

### THE PRESBYTERIAN CHURCH IN CANADA

Services at Bradabane Sunday, April 9th, at 11 a.m. and 7 p.m. Special pre Easter services. Rev. M. E. Genge, Pastor.

### CELEBRATES 93RD BIRTHDAY

Mr. John Cameron, formerly of this City, but now residing with his daughter, Mrs. A. C. Cox, Souris, was receiving the congratulations of his friends on April 3rd, his 93rd birthday. He spent the day quietly in his room, being confined to his bed for the past few weeks.

### FROM THE ISLAND

Mr. Russell Rodgers of Coleman, P. E. Island, was in Sackville over the week end visiting a son and daughter who are attending Mt. Allison. Mr. Rodgers invited the Post editor to go fishing with him next June and promised to give him a mighty good time.—Sackville Post.

### CALEDONIA AND WOOD ISLANDS

Presbyterian Churches. On April 9, 1933, the services will be as follows: Wood Islands, 11 a. m.; Caledonia, by the Elders at 11 a. m. and 7 p. m. by the Minister. The Sabbath Schools C. E. and Y. P. S. at the usual hour, Sabbath and Thursday. All welcome. Rev. Allister Murray, Minister.

### ISLANDER DEAD

There passed away in Boston City Hospital suddenly on March 17, 1933, Alvin D. MacLeod, son of the late Angus and Annie MacLeod of Eldon, Belfast. He made his home in Boston and Walston, Mass., for many years. His remains were laid to rest in Reading Cemetery beside his wife and daughter who predeceased him. He leaves to mourn two sisters, Elizabeth in Belfast, and Belle Hubbard New Bedford, Mass.

### SADLY BEREAVED

Mr. Erwin Kucher, of this city, has received a telegram from Gmuend, Germany, announcing the death of his father which occurred this week. Mr. Kucher had a letter only a few days ago from his father, Mr. Josef Kucher, who was then in apparently good health and the sad news has come as a great shock to his only son, who since his residence here and in Borden has made many friends. A few weeks ago Mr. Kucher's uncle Mr. Julius Kucher also passed away. Besides Mr. Kucher, there are left to mourn his mother and one sister.

### TEA ENJOYED

One of the prettiest teas of the season was that given by the members of Alpha Rebekah Lodge No. 10 I. O. O. F., Tuesday afternoon. The spacious reception rooms looked lovely with the colored lights and nicely appointed tea tables with yellow and mauve flowers and mauve candles as a color scheme. Mrs. Russel Beer and Mrs. Preston Sentner presided over the tea cups and Mrs. John Garnham the Noble Grand of the lodge was assisted in receiving by Mrs. A. J. Houle, president of the Rebekah assembly. The members assisting in dispensing hospitality were Mrs. Laphorne, Mrs. McKay, Mrs. Henry, Mrs. McNair, Mrs. Lowther, Miss Duchemin, Mrs. Howatt, Mrs. Teed, Mrs. J. Campbell, Mrs. Adams, Mrs. Feavour, Mrs. Huestis, Mrs. S. Campbell, Miss Fraser, Miss Matheson, Miss Sutherland, Mrs. Pound, Miss Jacqueline MacDonalld and Miss Jean Fraser, sang very sweetly during the afternoon and Mrs. Angus McEachern presided at the piano and played some lovely numbers during the tea hour.

### SHE SPANKS G. B. S.

HOLLYWOOD, April 5—Arriving from the East, Thursday, Marie Dressler flew to the defence of her movie sisters, Ann Harding and Alice Brady, against the rude remarks made to them by George Bernard Shaw.

"For a man with so little to say," she fired, "Shaw does more talking than anyone on earth. He wouldn't have gotten by with anything if I'd been around. He's just a sassy little boy hiding behind whiskers."

Coal taken from an abandoned mine near Prague, Czechoslovakia, exploded when placed on a fire, blinding a woman, injuring a child and wrecking the room, and it is believed to have contained a bomb.

Minard's Linctum for Stomach cramps.

## No More Piles

### How to End Terrible Agony Without Salves or Cutting

Thousands of Pile sufferers do not know that the cause of Piles is internal—bad circulation of blood in the lower bowel.

That is the scientific truth about Piles—the real reason why salves and suppositories do not give permanent relief, why cutting does not remove the cause.

Your itching, bleeding or protruding Piles will only go when you actually remove the cause—and not one minute before. External treatments can't do this—an internal medicine should be used. HEM-ROID, the prescription of Dr. J. S. Leonard, succeeds because it stimulates the circulation, drives out congested blood, heals and restores the almost dead parts.

HEM-ROID tablets have an almost unbelievable record of success. So why waste time on external remedies or worry about an operation when Hughes Drug Co., Ltd., and druggists everywhere invite every sufferer to try HEM-ROID with guarantee of money-back if it does not end their Piles, no matter how stubborn the case?

## SOME SOIL-BORNE DISEASES OF CLOVER AND ALFALFA

(Experimental Farms Note)

During recent years the advantages of the legume forage crops (alfalfa, common clover and sweet clover) have been stressed to farmers throughout Canada. However, there are certain difficulties in securing and maintaining good stands, and in controlling the diseases that naturally increase with extensive culture of these crops.

At present the two most important diseases are brown root-rot and sclerotinia root-rot, the former being limited to Saskatchewan and Alberta, while the latter occurs in every province. The extent to which plants suffer from either of these root-rot diseases often depends greatly on the vigour of the plant. Dur-

ing winter the plants naturally become weakened by the long winter dormancy period, and also by the alternate freezing and thawing of the ground, which commonly occurs in certain parts of Eastern Canada. Under these conditions the roots may become mechanically injured and their vital processes affected. Plants with large vigorous root systems well supplied with reserve food when they enter the dormancy period, will resist adverse conditions better than small roots with limited food reserve. Even under the comparatively low soil temperatures during the winter and very early spring, the plants may be killed, or severely injured, before they can produce new crown foliage in the spring. Only by the use of good cultural methods, a soil nearly alkaline in reaction, with adequate,

but not an excess of moisture, and reasonably fertile, can strong plants be produced. The nurse crop used is often so vigorous that only small plants, and frequently poor stands, are secured, which fact suggests the remedy. Even if best cultural conditions are provided, the root parasites, common in the soil, tend to increase rapidly, especially in the presence of much soil fertility, adequate moisture and an abundance of organic matter, and are likely to cause extensive damage. Should this happen, the same soil should not be seeded again to common clover for several years, the ground being used in the meantime for a cultivated crop or a grass crop.

The Division of Botany, of the Federal Department of Agriculture, is making an extensive study of these diseases, and the observation herein are based on experimental results obtained by the federal laboratory located at the University of Alberta, and from evidence secured co-operatively with the Experimental Farm, Lacombe, Alberta.

## School Organs FREE!

Teachers and Scholars:—

Would you like to see your school equipped with a real good Organ? Of course you would, but you may be waiting for a more favorable year in which to buy. And now right here is the opportunity by which your school can have its instrument without the outlay of a nickel. MILLER BROS., LTD., have a plan by which any school, small or large may receive a good Organ ABSOLUTELY FREE. If you wish to hear how this can be done—fill in the attached coupon and MAIL TODAY. Full particulars will be sent you by return mail.

### SMALL DEBT CASES

A number of small debt cases came before Stipendiary Magistrate K. M. Martin in the City Court yesterday morning. Judgments were given for three plaintiffs.

### WILL WRITE TEST

The Third year students of Prince of Wales College will write their first examination in biology today. A large part of the class began the study of the subject at the beginning of the second term, when the new course was inaugurated.

### GOVERNMENT POND PROJECT

The work of cleaning out and deepening the north end of Government Pond is making good progress. This project which was begun by the City some time ago with the object of providing some labour for those receiving relief gives employment to an average of 54 men each working day. Fourteen of these men are at work with teams. Occasions have arisen when it was necessary to discontinue the work due to freshets, and to large volumes of water accumulating where the men had been working, but except for such short periods the work has continued steadily. It was found possible as the work progressed to increase considerably the number of men employed.

### FUNERAL OF MR. WARREN ROGERSON

The funeral of the late Warren Rogerson of Crapaud was held on Saturday afternoon, April 1st. Following a short service at the house the remains were taken to the United Church of which he was a faithful adherent, where the service was continued under the direction of the pastor J. L. Lund, assisted by the Rev. Dr. Genge of North Tryon Presbyterian Church. Music was furnished by the local choir led by Mrs. Harry Norton. The hymns sung were "Abide With Me," "The Lord's My Shepherd," and "Jesus Lover of My Soul." The Orange Lodge of which the deceased was a member attended in a body, and assisted at the interment which took place at Westmorland Cemetery. The pall bearers were Messrs William Leard, Rod Williams, Alfred Simons, Steward Inman, Lea Gamble and Wilnot Large. Mr. Rogerson was of Scotch parentage, having been born on board the Majestic while crossing the Atlantic in passage from the old land 77 years ago. He was a mason by trade and widely and favourably known. He leaves to follow a wife, formerly Miss Annie Edwards of Rose Valley and one brother John Rogerson of Tryon.

## PERSONALS

Mrs. Peter Cusack, Emyvale, is spending this week in Charlottetown.

Mr. James Power, Emerald has returned home after a business trip to the city.

Miss Mary McDougall, Canoe Cove, left this morning on a month's visit to relatives and friends in Boston and other parts of New England.

Mr. George A. Burch, 3rd officer on the S. S. Charlottetown, received a telegram last evening from Dr. David McKenzie of the Royal Victoria Hospital, Montreal, informing him that Mrs. Burch had been operated on and was feeling as good as could be expected.

## THE WORLD'S RICHEST YEAST

HERE is the kind of yeast that is richest in the vitamins that make yeast so good for you—NB YEAST FLAKES. Absolutely pure yeast—nothing added, nothing taken away.

No moisture in it to swell its bulk and make it go stale. It keeps indefinitely, and it is all yeast.

NB YEAST FLAKES is brewers' yeast, the richest in the world in the vitamins that have made yeast world-famous for health-building properties.

A small quantity daily is sufficient to build health, promote energy, and clear the complexion.

### You Need Vitamins

Vitamins are necessary to perfect health. Complete lack of them means serious illness. Too little of them means uncomfortable borderland between health and sickness. The body needs a constant new supply, for it cannot store them for long. Take YEAST FLAKES every day, and keep yourself fit.

(There is as much actual yeast in one teaspoonful of NB YEAST FLAKES as in a cake of pressed yeast, and it is richer in the famous yeast vitamins.)

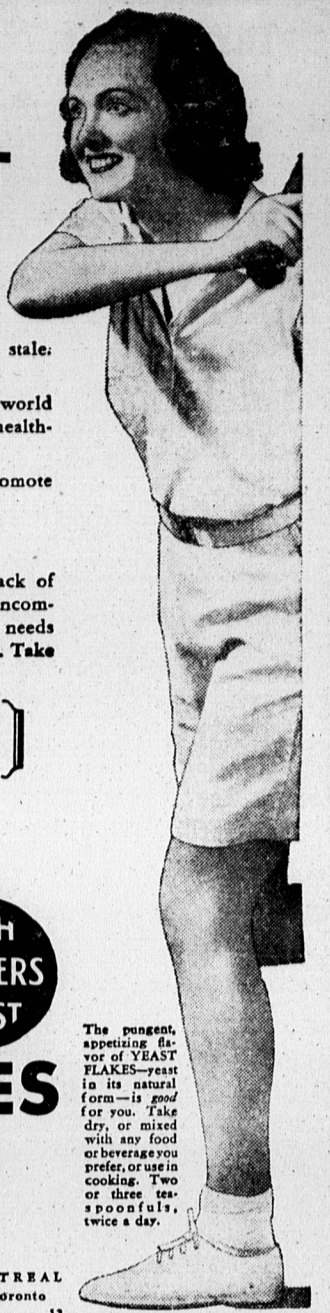

## NB YEAST FLAKES

SPECIAL PURE CULTURE (Saccharomyces cerevisiae) CONCENTRATED BREWERS' YEAST

For sale at grocers' and druggists'

40c. a package

THE NATIONAL BREWERIES LIMITED, MONTREAL  
Sales Agents: Harold F. Ritchie & Co., Ltd., 10-18 McCaul St., Toronto

The pungent, appetizing flavor of YEAST FLAKES—yeast in its natural form—is good for you. Take dry, or mixed with any food or beverage you prefer, or use in cooking. Two or three teaspoonfuls, twice a day.

## Holman's Hockey Team Entertained

A happy bunch of athletes gathered at the Queen Hotel Tuesday night as the guests of R. T. Holman's Charlottetown store, to sit down to a sumptuous repast which was served in the Queen Hotel's best style. Besides the hockey team the staff of Holman's Charlottetown store, Mel Diamond, who acted as referee in the Commercial League games, and Neil Matheson of the Patriot, were present as guests.

During the process of the meal, and immediately following it, bursts of song from the gathering, and solo numbers, featuring popular old time numbers, added to the enjoyment of the evening. Some of the boys were hard to get started but when they did get working there was no stopping them. Mr. Albert Blanchard presided at the piano.

At the conclusion of the sing song, Mr. J. P. Crockett, who was chairman for the occasion, congratulated the team on their fine showing, and read a telegram of congratulations and appreciation from R. T. Holmans, Summerdale. Mr. Crockett then called on Mr. Arthur Affleck, the President of the League, who presented the Tip Top Trophy to Mr. Robert Holman, Captain of the team. Mr. Affleck stated that although he was neutral in so far as he was league president he was nevertheless glad to see that Holman's had finally won out as he himself was one of the employees.

The Captain in reply expressed his pleasure at being on the win-

ning team and expressed enthusiasm regarding next year's team.

He regretted the fact that they might lose their team manager, Harry McCallum, as he understood some of the Big League teams had approached him. Harry set his mind at ease, however, with a few well chosen remarks.

Their goalie, Mr. Baker, a P. W. C. student from Margate, came in for a few well earned remarks of appreciation and thanks for his services to which the goalie made a fitting reply.

Other speakers were Mel Diamond, Neil Matheson of the Patriot, as well as several members of the team. Mr. Diamond appealed for a fuller development of junior hockey in the city, as a means of developing men for our senior teams. He hoped that next year junior hockey would not be overlooked, so that home town talent would be developed.

Neil Matheson congratulated Holman's team on winning from such a classy team as Stewart's Bakery which they met in the playoffs, and added a word for Midget and Junior hockey at the same time.

Three cheers were given for Burhoe's and Stewart's by the boys before they broke up one of the most enjoyable functions for some time.

Governor Miram A. "Ma" Ferguson, of Texas, recently appointed two women friends, Mrs. J. E. King, of San Antonio, and Mrs. T. J. Womack, of Marshall, as honorary lieutenant-colonels on her military staff.

The Ladies' Physiological Institute of Boston, Mass., recently celebrated its eighty-fifth anniversary. The purpose of the friendly group is to "teach woman the laws of life and health and how to apply such knowledge in the home and community."

Women of Italy are advised not to compete in the more strenuous athletics with the "ungraceful but better suited" women of the Anglo-Saxon race. Native women are said to be delicate of muscle and sentiment, and are not built, morally or physically to compete in the more violent forms of exercise with Nordic women.

Miss Suzanne Karpeles is the only woman in an Asiatic monastery and the power behind and surrounding the throne that rules 400 Buddhist monks. She is only 30 years of age and a native of France. The press in her "kingdom" believe Miss Karpeles to be the reincarnation of Pnom-Penh, the holy priestess of Buddha, who founded the capital 700 years ago.

## Admiralty Court Bill Gets First Reading

(Canadian Press)

OTTAWA, April 5.—First reading was given in the House of Commons today to a Bill sponsored by Hon. Hugh Guthrie, Minister of Justice, the purpose of which is to establish in Canada an Admiralty Court within the jurisdiction of Canadian Statutory authority. At present, the Minister explained, the Admiralty Courts derived their authority in Canada from the Colonial Courts of Admiralty Act, legislation passed by the British Parliament.

In view of the statute of Westminster, however, which removes the last vestige of British Parliamentary authority over the enactments of the overseas Dominions, the necessity has arisen for Canada to pass an Act establishing Canadian Admiralty courts, Mr. Guthrie said.

## MORTGAGE SALE

There will be sold by Public Auction at the Law Courts Building in Charlottetown in Queen's County on Friday, the 28th day of April A. D. 1933 at twelve o'clock noon ALL THAT TRACT piece or parcel of land situate lying and being on Lot or Township Number Twenty-four bounded and described as follows that is to say: COMMENCING at the Winter River, bounded on the east by land in the occupation of Peter Blanchard, on the west by land in the occupation of Francis Blanchard, being six chains and twenty-five links in width and extending north and south eighty chains, containing fifty acres of land a little more or less being thus described in the conveyance of the same from the Government to Timothy and Janet Bourke by deed dated September 28th A. D. 1877; ALSO ALL that other tract piece or parcel of land situate lying and being on Lot or Township Number Twenty-four bounded and described as follows that is to say: On the north by the Winter River on the east and south by the land known as the Cymbria Lodge Farm, and on the west by land conveyed to Eusebius Gallant containing thirty-six acres of land a little more or less.
