"I Can Eat What I Like."

Many people suffer terribly with pain in the stomach after every mouthful they eat.

Dyspepsia and indigestion keep them in constant misery.

After trying the hundred and one new-fangled remedies without much benefit, why not use the old reliable Burdock Blood Bitters and obtain a perfect and permanent cure?

Here is a case in point:

"I was troubled with indigestion and dyspepsia for three or four years, and tried almost every doctor round here and different dyspepsia remedies, but got little relief."

"I then started using Burdock Blood Bitters, and when I had finished the second bottle I was almost well, but continued taking it until I had completed the third bottle, when I was perfectly well. Before taking B.B.B. I could scarcely eat anything without having a pain in my stomach. Now I eat whatever I like without causing me the least discomfort." — MRS. THOMAS CLARK, Brussels, Ont.

Weak, Sickly Children

Are Restored to Health and Vigour by Using Dr. Chase's Nerve Food.

Many children are pale, weak, and bloodless from their birth. Many others have their blood and nerves exhausted, and their systems broken down by the ravages of disease, or as the result of over-study at school.

Dr. Chase's Nerve Food is the ideal treatment for children. It supplies the very elements which are lacking in the pale, weak, and nervous. It restores the colour and richness to the blood, invigorates the nerves, and builds up the system. As a restorative after the exhausting and debilitating effects of measles, scarlet fever, and such ailments, it is of incalculable worth.

Mrs. Stephen Dempsey, Albury, P. E. county, Ont., writes:—"My little granddaughter, nine years old, was very pale and weak, and had no appetite, and was a tired, worn-out appearance, and was delicate and sickly. I got some of Dr. Chase's Nerve Food for her, and it has helped her very much. She is looking considerably in weight and is looking real healthy."
