INSIDIOUS EYE STRAIN

We use this adjective advisedly.

Sufferers from Eyestrain may have perfect vision and therefore do not suspect the presence of any eye defect.

The motive power of the entire human organism is Nerve Energy.

Normal eyes, it is computed utilize about 20% of this Nerve Energy, but when Eyestrain is present, a much larger proportion is required. Hence defective eyes, through their consumption of an excessive amount of Nerve Energy may seriously affect the functioning of other organs of the body and produce ill health.

UNION SCHOOL CONCERT

The semi-annual examination and Christmas closing of Union School, No. 32 took place on the evening of Dec. 23rd. The school-room, which was well-filled with tastefully decorated for the occasion, while in one corner stood a beautiful well-laden Christmas tree.

The classes were conducted by the teacher Miss Mary E. McCabe, after which a well-prepared program was carried out.

The children acquitted themselves very creditably, every number of the program being carried out most admirably.

At the conclusion of the program a Jolly Santa Claus entered, and unloaded the well-laden tree. Each pupil went home well showered with gifts.

The teacher also received a lovely Christmas box of gifts from her pupils.

The program ended by the singing of the National Anthem.

Following is the program: Welcome Speech by Elizabeth Clark. Recitation—"That's Me"—Ross Campbell. My Dolly—Ethel Irving. Drill—"Christmas Presents"—Senior Girls. Recitation—"Getting Stung"—Alvin Wilkie. Song—"The Merry Christmas Day"—Junior Pupils.

Hundreds Search For College Girl NORTHAMPTON, Mass., Jan. 16.—Several hundred police and boy scouts started a search today for Miss Frances St. John Smith, 18, a Smith College freshman and daughter of a wealthy New York Broker, who has been missing since Friday morning.

Her father, St. John Smith, of New York has offered a \$10,000 reward for information which would result in finding the girl.

While the posses of police and boy scouts searched the vicinity, the college started draining Paradise Pond on the mth College campus.

The girl's disappearance is similar to that of Alice Corbett, 10 year old Utica, N. Y., girl who was never seen again after she vanished from Smith College on November 13th, 1925. College officials were impressed by the coincidence that both students disappeared on Friday the 13th.

Shriners Get Together - Nearly Killed Him

Mr. H. H. Paradise, New York City, writes—"Los Angeles was selected for the Shriners' Get-together in 1925, and I joined them. My bowels did not move daily, and I became constipated; sick headache, indigestion, followed by a dull, lazy, achy body feeling put me in bed and I nearly died. A brother Shriner insisted upon giving me your CARTER'S LITTLE LIVER PILLS. My only answer is they saved my life." All Druggists. 25c and 75c red packages.

Seven Men Killed In Blast Furnace Explosion

NEW ORLEANS, La., Jan. 16.—Seven persons were drowned at Norco, 30 miles up the Mississippi River from this city, when the tow boat City of Pittsburgh collided with a motor boat which was operating as a ferry during a heavy fog this afternoon.

They were—Arthur St. De, 13-year old son of Camille St. De, of Norco; Walter Bergeron, Jr., 12-year old son of Walter Bergeron, Sr.; Anatol Nicholas, 45 years old, farmer, of Tatt, who leaves a widow and six children; Murphy Nicholas, 18, son of Anatol Nicholas; Urvin Landreche, 21, who operated the ferry for his uncle, Emile Landreche, of Norco; Ed Johnson, negro, of Harville and Tim Tomba, negro, Hanville.

Only two ferry passengers—occupied death. They were Clifford Boudreau and Albert St. De, brother of the drowned Arthur St. De. They were carried some distance by the fierce current of the river, swollen by melted ice, upstream, reaching the levee by swimming. The tow boat was carrying ten empty barges to Pittsburgh, and had tied up during the night and morning owing to the density of the fog. The tow was getting underway when she ran down the ferry according to Sheriff L. C. Vial, of St. Charles Parish.

Captain L. Brazier, of the City of Pittsburgh, was arrested on charges of manslaughter and re-longing to the Carnegie Steel Corporation of Pittsburgh. He was allowed to continue his upstream journey.

Night Sky Messages

(British United Press) LONDON, Jan. 16.—Giant equipped aeroplanes and rigid airships of new designs are soon to be employed in organized schemes for flashing aerial night signs above the principal cities of Europe.

One project nearing completion is for a powerful multi-engine night-flying plane, to be set off on long-distance flights during which it will permit huge gleaming letters to be spelt out by an operator as the machine rushes through the darkness.

Another plan in active preparation is for a super-giant ingeniously equipped airship to be stationed permanently in a big shed at Friedrichshafen, and to set off on long-distance flights during which it will appear suddenly in the night sky above one great city after another.

On either side of the monster's hull will be immensely long frames containing countless electric light bulbs of various colours. As the machine sails majestically above a densely populated area, electricians in a chamber within its keel will tap keys and cause great letters to flash out along the airship's sides, spelling words which will be seen by the throngs gazing up.

Yet another plan being worked upon is for a series of pilotless air machines of a perfected type wirelessly controlled to be sent up on night flights.

These manless craft, emitting a luminous smoke stream, would go up and repeat automatically a series of prearranged evolutions which would form easily seen letters at great heights in the darkness.

The Best Cough Syrup Is Home-made

Here's an easy way to save \$2, and yet have best cough medicine you ever tried.

You've probably heard of this famous home-made cough syrup. But have you ever used it? Thousands of families feel that they could hardly keep house without it. It's simple and cheap, but the way it takes hold of a cough will soon earn it a permanent place in your home.

Into a 16-oz. bottle, pour 2 1/2 ounces of Pinex; then add plain granulated sugar syrup to fill up the bottle. Or, if desired, use clarified honey, instead of sugar syrup. Either way, it tastes good, never spoils, and gives you 16 ounces of better cough remedy than you could buy ready-made for \$2.50.

It is really wonderful how quickly this home-made remedy conquers a cough—usually in 24 hours or less. It seems to penetrate through every air passage, loosens a dry, hoarse or tight cough, lifts the phlegm, heals the membranes, and gives almost immediate relief. Splendid for throat tickle, hoarseness, bronchitis and bronchial asthma.

Pinex is a highly concentrated compound of genuine Norway pine extract and palatable gnaicol, which has been used for generations for throat and chest ailments.

To avoid disappointment, ask your druggist for "2 1/2 ounces of Pinex" with directions. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Toronto, Ont.

Last night a game was to have taken place between the Canucks and Crescents, but when the time came to start the game the Canucks had not arrived so the Crescents decided to wait for a short time and after half an hour had elapsed and the Canucks had not yet made an appearance the Crescents having all of their team present, decided to obey the rules of the tournament and claim the game by default.

Taking the alleys they rolled three games and although the scores were not up to the usually good scores put up by this team it gave them another game to their credit.

In last night's game L. Duffy had high single of 184 while A. Joy had high total of 508 pins.

Following are scores: J. Malone .....131 117 112 L. Duffy .....178 184 115 A. Joy .....163 168 177 E. Hughes .....59 160 82 J. Herral .....106 170 177 Total—2109

Tonight at 8 o'clock sharp the Victorias roll the Stars and a great game is expected.

MOUNT STEWART NOTES

Mrs. A. H. Lennox, who spent Christmas with her parents Mr. and Mrs. Daniel McAssey, returned to her home in Boston Wednesday evening.

Mr. Anthony Craig, Medicine Hat, Alta., spent some time renewing old acquaintances in Charlottetown and vicinity.

Mrs. James Hughes, Cove Head, and Mrs. William Scallar, York, paid a visit to their brother, Mr. Artemas Cooke, last week.

We learn with pleasure that Mr. and Mrs. Wm. Jay, who have been residing in Georgetown intend residing in Mount Stewart. Mr. Jay, who is a brakeman on the R. R., with Mrs. Jay, moved to Georgetown for convenience to his train some time ago, but has now changed his mind and decided to live here which is their former home.

Miss Marion McMillan, Charlottetown, paid a visit to her sister, Mrs. Roy Jay last week.

Several citizens motored to Charlottetown and returned last week and pronounced the roads in good shape for cars.

Quite an interest was taken in the sea-plane which passed over Mt. Stewart on Wednesday last, following the Hillsboro River, from Charlottetown.

Murphy Bros. Interior Decorators, were employed in Mr. William Jay's future home for a few days.

Now that the deep tides are coming again a number of the

smell fishermen are getting ready for the smelts, but a number think that the big prices at the other end are about done, as some who have shipped of late have received only three and four dollars per barrel but as the optimist says, "cheer up and never say die."
