

Suds all through

Cleansing soap in every drop of water

Put your hand in a tub of Rinso suds. You can feel that the water is actually soapy all through.

This is one reason why Rinso soaks clothes clean without hard rubbing.

A few minutes at night—just the little time you need to put the clothes to soak in these rich suds, and Rinso suds work down into every fold and fibre, loosening the dirt without weakening single thread.

Just a light rubbing with Rinso on buff edges, neck bands and the like, gets them clean—the dirt is loosened.

Be sure to use enough Rinso to get the big lasting suds, that give the water a soapy feel all through.

Rinso is made by the largest soap makers in the world. It is sold everywhere.

Satisfied Mothers

No other medicine gives the same satisfaction to mothers as do Baby's Own Tablets. They are equally good for the newborn babe or the growing child and are absolutely guaranteed to be free from opiates or other harmful drugs. They are a mild but thorough laxative and cannot possibly do harm—they always do good. Concerning them Mrs. Jos. Ache, Coteau Road, N. B., writes: "I think that Baby's Own Tablets are a marvellous medicine for little ones. I gave them to my little girl with such good results that I now strongly recommend them to all mothers." The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

What Is a Tire's Worst Enemy?

It isn't broken glass or stones on the road; it isn't rut-wear or the grinding slide of your tire over asphalt when you suddenly lock your brake. All these things take wear out of tires, but it's chiefly the heating caused by friction—usually the result of under-inflation—that is your tire's worst enemy. It can deprive you of thousands of miles of service if your tires are not built right. And there you have the reason for the extra mileage Firestone Cords deliver. Their construction puts a coating of new live rubber around each separate cord that keeps it from rubbing against the cords that lie next to it. The carcass of a Firestone Cord stays cooler—that's why it lasts longer. There is less friction to generate heat—and the body of the tire is stronger, more resistant, easier riding. Canadian car owners are realizing that Firestone offers better value. Firestone Cords are selling in bigger quantities now than ever, because Firestone quality is at the highest peak in its history. More cars are coming from the manufacturer, Firestone-equipped. Put them on your car for the open season of driving; you'll save money; you'll have less trouble, and you'll enjoy more every mile you travel.
