THE QUEEN'S COUNTY GUARDIAN

It pays to buy in this Province. Mrs. R. L. Coffin, Bass River, N. S., who has been visiting her parents in P. E. I. has returned.

Irving Campbell, of the Anglo American Telegraph Co, Charlottetown, who has been relieving at Cape Traverse for the past six weeks, has returned.

A. E. Morrison, of the Anglo American Telegraph Co, Charlottetown, who had been in Cape Traverse in connection with the broken cable, returned yesterday.

Isaac Murley, Charlottetown, who has been confined to his house for some time, is showing some signs of improvement, but is not recovering so rapidly as his friends have hoped for.

Yesterday the Harland left Charlottetown at three p. m., for Victoria, remaining there over night. She will return to Charlottetown this morning and leaves this afternoon at three o'clock for Victoria and returning at night.

Persons desiring advertising of any kind inserted in The Guardian are requested to leave their order for same at the business office on ground floor as early as possible during the day, as the writing staff at night requires all their time for their own work, and finds it difficult to handle even emergency advertising, which latter but lessens the amount of news.

Yesterday the Minto left Charlottetown at 7.00 a. m. for Pictou with passengers, mail, express and freight and docked at 10.15. return at 2.15 p. m., with a passenger, mail, express and freight and arrived at 5.30 p. m. She leaves today at 7.00 a. m. for Pictou returning at night.

The Militia Department is making a somewhat belated start with one new branch of the necessary modern military equipment. A wireless telegraphy branch of the Department is being organized in connection with the signalling corps. Several wireless operators are now being trained and two field equipments have been purchased. They will be used next month at the Petawawa camp and possibly similar equipments will be used at the other summer training camps. The wireless field stations will have a range of thirty miles. Next year the system will be extended until each military district has a wireless corps. Last year Keith Rogers, of the signalling corps, Charlottetown, took a portable field apparatus to Petawawa and the possibilities of wireless in the signalling branch were demonstrated.

All mail orders receive prompt and careful attention. We give mail-order shoppers all the attention and satisfactory service that is accorded personal shoppers. You can buy by mail from us with the certainty of getting just what you ordered at the right price and without loss of time. Mail orders for almost anything in our line can be promptly filled with the exception of liquids—we do not care to handle mail orders for these. The McKinnon Drug Co., corner Gt. George and Kent Streets. 5-21drf.

Richard Elliott, caterer of the cable steamer Minia, is missing. He came ashore from the ship on Thursday evening at 8 o'clock, and no trace of him can be found. Mr. Elliott is about 65 years of age, and has daughters residing in the City. On Thursday night the weather was pretty rough, and it is feared he may have fallen overboard while making his way up or down the wharf. The Chief of Police would be glad to receive any information as to the missing man's whereabouts so that the anxiety of his relatives may be relieved.—Halifax etc. (The Minia has been engaged in repairing the Anglo American cable between Cape Traverse and Cape Tormentine.)

That increasingly popular moving picture house, The Peoples Theatre, Charlottetown, has been further improved recently when the machine booth was removed from the centre of the large hall to the rear. Besides being removed it has been remodelled and is now about twice its former size and is of metal construction, fireproof and of neat design. The recent improvement in the pictures shown, effected by a rearrangement of the lens, has caused much favorable comment and the picture now presented is probably the largest seen in Charlottetown. Not satisfied with this the proprietor is securing a new lens ground specially to suit by Bausch & Lomb, Rochester, and with a stronger electrical current now being arranged for the pictures will be positively the clearest ever shown here. The Model "B" Edison machine has given good service and with the new lens should provide a splendid picture. The machine is free from flicker and its steady action greatly enhances the value of the picture. The hall is spotlessly clean, well ventilated and every attention is shown to patrons. The entrance is receiving some attention and a large new cork carpet on the floor improves its appearance. A large mirror for the ladies and framed photos of moving picture actors frequently changed to keep them up-to-date are of much interest. Mr. Hogg is showing a desire to please which commends itself to the Theatre's patrons and his successful efforts receive tangible appreciation in the capacity houses which are greeting almost every performance. The film service obtained is up-to-date and an excellent choice of subjects, nicely varied to suit all tastes, is always made.

READING GLASSES

A good many people think that in selecting glasses for reading it is quite sufficient to merely try on various pairs of glasses, until a pair which they think suits is found.

WE THINK DIFFERENTLY

The same careful, exacting test is necessary to determine whether the two eyes are alike, or whether Astigmatism or other defect be present.

Do Not Neglect Your Health

The most dangerous thing that any man or woman can do is to neglect even the slightest symptom of ill-health, treating it as a matter which, if left, will cure itself and pass away. It is by this negligence that chronic illness is deliberately invited, and the seeds of incurable disease are sown. No symptom of indisposition is too trifling to merit immediate attention.

Nulife is the Remedy You Need

While Nulife (Red Blood Tablets) is in no sense a cure-all there is no doubt that in particular it will be found a great boon to all those who suffer from complaints which are nowadays so difficult to avoid and yet so hard to cure when once contracted.

Weak heart, indigestion, nervous disorders and other physical deficiencies can be remedied by the use of this premier blood and nerve food.

Don't Procrastinate

Procrastination never pays, least of all in matters that relate to your health, so if you want health and strength without delay get a box of Nulife Tablets today and start on the road to recovery.

Break away from the bonds of disease—strike out for health and happiness—use Nulife (Red Blood Tablets) and get the rich rewards that this natural tonic and blood food will bring you. A box costs 50c, 3 boxes \$1.25 and 6 boxes \$2.50. For sale by all reliable dealers.
