**GIRLS! HAVE A MASS OF BEAUTIFUL HAIR, SOFT, GLOSSY, WAVY**

25-CENT BOTTLE DESTROYS DANDRUFF AND DOUBLES BEAUTY OF YOUR HAIR.

Within ten minutes after an application of Danderine you can not find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at first—yet really new hair—growing all over the scalp.

A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy. Just minister a little with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance and luxuriance.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all—you surely can have beautiful hair and lots of it if you will just try a little Danderine.

He will enter upon his new duties on Monday. The Guardian has secured a first class newspaper man, an alert, hustling reporter and a notable humorist writer. Mr. Enman has had considerable experience in island journalism and his work on the Examiner has been recognized by all its readers. We heartily congratulate the Guardian on adding Mr. Enman to his writing staff and we wish him continued success."

**EASTER SUNDAY**

(Continued from page one)

Rev. Leo Herrold delivered an exceedingly able discourse at High Mass in St. Dunstan's Cathedral, his theme being the Resurrection. Special selections for Easter were rendered by the choir under the direction of Mr. W. J. Brown. Pontifical Benediction was given in the evening by Bishop O'Leary.

In Central Christian special music was also given, and Dr. Bennett preached forcible discourses morning and evening. The soloists were Misses Haslam and Vanbuskirk and Mr. Hubbard.

An appropriate musical programme was also carried out at Grace Church Rev. Mr. Littlejohns being the preacher. Mr. Percy Stanley was soloist in the evening.

**AIRMEN'S FEATS TOLD BY ISLAND SOLDIER**

Mr. Neil McKenzie of Canoe Cove has received the following interesting letter from his nephew, Private Harry McLean who it is rumored was wounded shortly after writing this letter. No particulars however have been received.

Somewhere in France. March, 15, 1916.

Dear Uncle— I take this opportunity of writing you a long delayed letter.

This is my fifth month in France and it don't seem more than that since I signed up. Still I don't want to have another five months here, for it's rather a strenuous life, still I can't say that I mind it very much and it's wonderful the good health the troops keep in, considering everything. We have wet feet all of the time and wet all over some of the time. I have been two and three days without sleep and without a hot meal of any kind, for four or five at yet we are in good physical condition and everybody seems happy, but I guess nobody will be sorry when this is over. We have been back for a rest lately and while the first week of march was the coldest we had since coming here, the last few days have been lily June. This is a beautiful country in summer and would like to see it in Peace time.

There are long lines of beautiful trees lining the roads which are kept as clean as the city streets. They have great crops in this part of the country, but much of their work is done in a slow old-fashioned way, and where there are any up-to-date machines used they are usually imported from the U. S. A., and Canada. I have seen quite a number of Massey Harris binders and other big farm machines, on some of the biggest farms. All the houses are made of brick and house, barns and stables are all connected with a big pit in front of all of them, in which manure and all waste is thrown into, with cows, pigs, horses, sheep, and hens all within a few yards of the front door. I don't believe Canadians would enjoy living on a Flemish farm. Still the people look healthy, and under the circumstances happy. For while we are back for a rest yet we are not out of the dangers zone by a good deal.

Of the families living within a mile of the front line trenches and they don't seem to notice the war very much even then. As a rule however there are very few people out side of soldiers, who ever get that near the front line. That is quite an interesting place I can assure you, and while a man is looking death in the face all the time when there, yet it soon becomes commonplace and the whirr of bullets are not noticed. I can't say that you get used to shell fire so easily for shells are something different and are sure terrifying when coming in bunches, which they sometimes do. I have seen some of them, dig holes big enough to bury two or three horses in, but its wonderful the few that are hurt considering the number of shells and bullets that are flying about. We have been very lucky so far ourselves, had only a few casualties, but we can't keep on being so lucky for ever. Some day our turn will come I suppose, but out here with death so close all the time a man soon gets so he doesn't

**SELL YOUR MILK**

MANY a farmer who would like to raise his calves is prevented by the amount of milk necessary to feed them. By raising them he could select the best of the stock and improve the standard of milk or beef production of his herd.

**INTERNATIONAL GROFAST CALF-MEAL** solves the problem for him. It is a scientific preparation which, mixed with milk, makes the place of milk and supplies to the calf every food element that it needs. By its use the farmer is enabled to raise his calves and sell his cream or butter, and its cost is a trifle compared to the value of the whole milk that the calf would otherwise need.

International Grofast Calf-Meal is for sale by dealers everywhere. Write for our book of valuable hints on raising calves—free. **INTERNATIONAL STOCK FOOD COMPANY, LIMITED, TORONTO, CAN.** Dealers in P. E. I. can purchase Grofast Calf Meal and other International Preparations from **CARVELL BROTHERS, Wholesale Grocers, Charlottetown.**

**MEMORIAM**

MRS. JAMES MACDONALD

There died at Commercial Cross on April 2nd, 1916, Mary Ross, widow of the late James MacDonal, at the advanced age of 93 years. She was pre-deceased by her husband 28 years ago. The late Mrs. Macdonal, emigrated from Uigg Isle of Skye, Scotland

In the year 1840 with her brother-in-law, William MacKinnon who was drowned at Point Prim 75 years ago. During the exceptionally long lease of life granted her, she was known for her kindness and charitable disposition and was always willing to lend a helping hand wherever occasion seemed to require it. She leaves to mourn one daughter, Mrs. Alexander McDonald, who has always lived on the old homestead, and was a great source of comfort to her mother especially during the latter period of her life. Also two grandsons who are at present residing in Massachusetts.
