

Army Cadet Corps News

Organization
The Charlottetown Army Cadet Corps, which is sponsored by the 7th Armoured Regiment (Reserve), is organized as a battalion of two companies, of two and three platoons each.

Activities
In addition to drill, rifle drill, physical education, and signalling, the cadets are now getting a practical course in first aid in which the instruction is being given by volunteers from the Canadian Red Cross Corps.

Meaning of "Cadet"
The original employment of the word "Cadet" was to designate a younger son in the house of a nobleman.

HISTORY OF MARINE CHRONOMETERS

Two hundred years ago, before the invention of the chronometer, sailing ships had to give the land a much wider berth than do the steamships of this twentieth century.

CADETS CHATTER

Galley Packet—A rumour started in the Galley. This comes from the days when the ship's stores were in the galley to smoke and spin yarns, and a lot of "Lower Deck Dicks" started there.

Garland—A wreath which is usually strung between masts on the day of marriage of an Officer or Ratings in the Ship's Company.

Get the Head Down—Lay down for a rest or to go to sleep; also "Get the swede piece down," "Crash the swede piece," etc.

Give It A Miss—To let a thing ride, give it a "bye," etc.

Glass Rings—To permit a glass to ring in marriage of an Officer or Ratings in the Ship's Company.

Go Around The Bend—Go out of your mind; also "Go crackers," etc.

Goose Without Grave—A flagging of so light a nature that blood is not clean to drink.

Granny—Nickname applied to anyone with the surname of Anderson or Henderson.

Grub—Good-looking person, generally used when referring to the female sex.

Gunny—The Gunners Officer; also "Gunnery Jack."

IN MEMORIAM

JAMES J. MORRISSEY

There passed peacefully away at the City Hospital on January 6th, 1944, James J. Morrissey of Orwell Cove.

While in the hospital he was daily visited by the clergy of the Sacred Heart and received the last rites of the Holy Catholic Church from Rev. Bernard Gillis.

During his illness at home he was frequently visited by his pastor, Rev. Father McCarthy of Rosary.

The late Mr. Morrissey was of fine physique and pleasing personality. He enjoyed perfect health to within a year or two prior to his death.

He was a man of pleasing manner, kind disposition and won for himself a host of friends by whom he will be sadly missed.

He was ever ready and willing to lend a helping hand in time of need, always taking an active part in the welfare of the community and was universally and deservedly respected for his noble qualities of mind and heart.

The deceased was born at Earncliffe and when still a young man settled in Orwell Cove, where by his capable management, thrift and economy, he built up a comfortable and prosperous home.

Though a man of retiring disposition he kept well informed on all matters pertaining to the interest of public life.

His remains were removed from the City Hospital to his late residence at Orwell Cove, where a large number of friends from far and near came to pay their last tribute of respect to one, who had been to many, a wise counsellor and a faithful friend.

The funeral was held on Monday morning, Jan. 10th to St. Joachim's Church, Vernon River. No more fitting tribute could have been paid to the passing of a fellow citizen.

Requiem Mass was celebrated by Rev. Monsignor Maurice McDonnell, who also conducted the service at the grave.

Besides his widow, he leaves to mourn three sons: Joseph P. at Roscliffe; John E. Cherry Valley; and William E. on the homestead; also one daughter Mrs. Wm. E. Walsh, Summersville, and one brother Matthew at Earncliffe.

The pall-bearers were: D. F. McDonald, B. McEwen, John Leod, Neil G. McPherson, John Rooney and Peter McKenna.

Fellowship in Nutrition

The Swift Canadian Co. Limited announced recently that the Research Fellowship in Nutrition which was granted last year to the University of Western Ontario Medical School had been renewed in recognition of the progress attained.

The research, which is being conducted by Dr. H. Levene Williams, Department of Pathological Chemistry in the Meek Memorial Laboratory is concerned with the significance of dietary proteins in the animal economy.

Protein foods are important because on being broken down as they are during the process of their digestion, they supply valuable amino acids which are necessary for the growth and repair of the tissues of the body.

Ten of these amino acids are considered to be essential for the maintenance of a healthy condition of man and animals. By means of feeding experiments, the abnormalities resulting from the lack of these specific chemical substances have been determined.

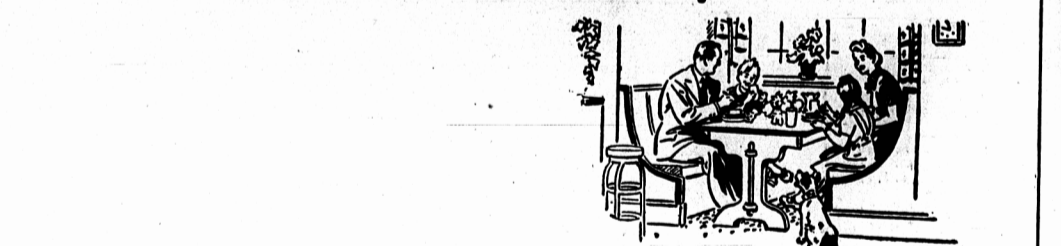

This War—Four Years Ago

Feb. 8, 1940—British Admiralty announced that one destroyer had accounted for two German submarines during an attack on a convoy.

Official German news agency claimed Nazi bombers sank eight ships in raid on British coast.

The Pattern of Democracy

YOUR WHOLE LIFE is a thread in the democratic pattern. You have seen the design sturdily woven out of the common aims and joys and cares of the common man and his loved ones.

You have seen it made secure by the co-operation of liberty-loving people who labour and save and fight for their own protection and peace of mind.

IN YOUR LIFETIME, too, you have seen the strong pattern of life insurance spring from the same close interweaving of individual interests for the common good. The people have built it for the people. And the government, expressing the will of the whole people, supervises it in the common interest.

THE GREAT AIM and end of democracy is to produce equal opportunities for all. And in life insurance this aim is realized.

Every owner of life insurance shares with every other the unfailing protection which their pooled savings provide.

By no other method can the small policyholder and the large enjoy the immediate peace of mind which comes to those who plan their own future according to their own means.

It is good citizenship to own Life Insurance
