LONG LIFE

In buying a motor car, consider what the cost will be when divided over a period of years.

What is the car's reputation for satisfactory service after the first year? After the second? And after the third—and fourth?

These considerations, in the final analysis, are the true basis of economy in motoring.

And it is this attribute of long life to which Dodge Brothers Motor Car owes its chief claim upon the unalterable loyalty of its owners.

Quality Plus

When you buy King Cole Tea you expect quality. But you also look for something more—for a certain taste that is pleasant to you, and that will be repeated in every cup you make. The quality is produced in Nature's Garden; but the taste is the outcome of expert blending which gives King Cole its characteristic rich flavor—the flavor you like. Is it not worth much to have your cup of tea always—as you like it?

"You'll Like the Flavor."

HASTY CONCLUSION LOSER FAT FEE TO PARIS DOCTOR

PARIS, July 25.—A Paris surgeon is telling a good story against himself. He was called in to operate an American woman for appendicitis, and when the cure was complete the patient, seeking to show her gratitude in some way that was not to common-place, embroidered a cigar case and took it to the surgeon.

Unfortunately the surgeon had just had a run of patients who had paid for his services by presents of little intrinsic value, so he could not help saying, "No, really, Madame, take away such rubbish a thousand franc note would be more acceptable."

"All right," said the American woman, and opening the cigar case she drew a thousand franc bill from it, laid it on the table, and others
