**The Danger in That Terrible Disease Catarrh.**

Because catarrhal diseases are so common and because catarrh is not rapid fatal, people too often overlook and neglect it until some incurable ailment develops as a result of the neglect.

The inflamed condition of the membrane of the nose and throat takes a fertile soil for the germs of Pneumonia and Consumption, in fact catarrhal pneumonia and catarrhal consumption are the most common forms of these dreaded diseases which annually cause more than one quarter of the deaths in this country.

Remedies for catarrh are almost as numerous as catarrh sufferers but very few have any actual merit as a cure, the only good derived being simply a temporary relief.

There is, however, a very effective remedy recently discovered which is rapidly becoming famous for its great value in relieving and permanently curing all forms of catarrhal diseases, whether located in the head, throat, or stomach.

This new catarrh cure is principally composed of a gum derived from the Eucalyptus tree, and this gum possesses extraordinary healing and antiseptic properties. It is taken internally in the form of a lozenge or tablet, pleasant to the taste and so harmless that little children take them with safety and benefit.

Eucalyptus oil and the bark are sometimes used but are not so convenient nor so palatable as the gum.

Undoubtedly the best quality is found in Stuart's Catarrh Tablets which may be found in any drug store and any catarrh sufferer who has tried lozenges, inhalers and liquid medicines, will be surprised at the rapid improvement after a few days use of Stuart's Catarrh Tablets which are composed of the gum of the Eucalyptus tree, combined with other antiseptics which destroy the germs of Catarrh in the blood and expell the catarrhal poison from the system.

Dr. Ramsdell in speaking of Catarrh and its cure says: "After many experiments I have given up the idea of curing Catarrh by the use of inhalers, washes, salves or liquid medicines. I have always had the best results from Stuart's Catarrh Tablets; the red gum and other valuable antiseptics contained in these tablets make them in my opinion, far superior to any of the numerous catarrh remedies so extensively advertised. The fact that Stuart's Catarrh Tablets are sold in drug stores, under protection of a trademark, should not prejudice conscientious physicians against them because their undoubted merit and harmless character make them a remedy which every catarrh sufferer may use with perfect safety and the prospect of a permanent cure.

For colds in the head, for coughs, catarrhal deafness and catarrh of the stomach and liver, people who have tried them say that Stuart's Dyspepsia Tablets are a household necessity.
