SUFFERED EIGHT YEARS FROM KIDNEYS

Doctor's said Female Trouble. Mrs. Charles Lewis, Collingwood, Ont., writes: "For eight years I suffered from Kidney Complaint, and until twelve months ago doctors said I was suffering from Female Trouble. Last November (1905), I was seriously ill, resulting I believe from kidney troubles. Finding doctor's medicine doing me no good, I persuaded my husband to purchase a box of Doan's Kidney Pills, after having read of a case somewhat resembling mine. I commenced taking them according to directions (not taking the doctor's medicine), and on second day a swelling commenced in my feet, legs and body. The following day I was so changed and swollen my husband, in alarm, hastened to Mr. Johnson's drug store, who told him to let me have the pills. He was drawing something out of the blood, and to keep on taking them. I did so and after taking them a week, the swelling disappeared leaving me with complexion free from pimples, tired, weary feeling gone, constipation, from which I suffered for years, gone, pain in the back, gone, and a general feeling of joy and light heartedness. I have not felt since a child, took place in me. My sister-in-law (Mrs. Bryan), seeing the action of Doan's Kidney Pills, and the change for good they accomplished in me, sent for a box and they completely cured her. When there is an opportunity of telling people what Doan's Kidney Pills did for us, we always take advantage of it, and tell them to give them a fair trial. Doan's Kidney Pills are 50c. per box or 3 boxes for \$1.25, for sale at all dealers or mailed direct on receipt of price by The Doan Kidney Pill Co., Toronto, Ont.

THE GUARDIAN COVERS THE FIELD. The Guardian covers the City and Province within which it is published more fully and completely than any other newspaper printed in Canada. With a daily circulation of its morning and rural edition now about 8,000 and growing from day to day, it has broken all records for a daily publication in a small community. Charlottetown has a population of 12,000 and Prince Edward Island has 108,000. The Guardian's daily circulation is therefore as 1 to 12 of population in the city in which it is published, or 1 to 13 of the population of the Province. This is, the management believes, unequalled by any daily newspaper published in Canada. Take one or two comparisons with other leading newspapers in other cities and provinces. St. John has a population of 40,000 and the Province of New Brunswick 230,000. St. John has five newspapers and among these The Telegraph and The Sun are perhaps the foremost. Each claims a circulation of about 8,000, or say 1 to 5 of the population of that city and 1 to 40 of the population of the Province. Or again: Toronto has a population of some 250,000 and the Province of Ontario about 2,250,000. The Toronto Globe is a great Canadian newspaper, known all over the world as one of the foremost journals. The Globe's published daily circulation is slightly under 20,000. That is as 1 to 6 of the population of Toronto and 1 to 44 of the population of Ontario. The point is this, that The Guardian covers the field of its circulation three or four times as well, if compared with population of the city, and over three times as well, taking the population of its Province, as the best New Brunswick and Ontario daily newspapers, and these are admitted among the best in Canada. These facts are printed in no spirit of boasting, but for the satisfaction of Guardian readers and advertising patrons alike. They have a right to know how completely their favorite journal is endorsed by the reading public among whom it circulates and how completely it covers the field as to publishing medium in this City and P.
