Annual Meeting Children's Aid Society Held

Reports Indicate Very Active Year - Informative Address On Mental And Moral Deficiency By Dr. H. A. Murchison.

Increased work this year over the previous one was noted in the report submitted at the annual meeting of the Children's Aid Society of Charlottetown held last night. In the absence of the President, Dr. W. J. P. MacMillan, one of the vice-presidents, Rev. G. O. Webster, presided. There was a fair attendance considering the inclemency of the weather. Dr. H. A. Murchison, medical superintendent of Falconwood Hospital, gave an informative and interesting address on "Some Aspects of Mental and Moral Deficiency." He also spoke briefly on mental hospitals in Canada. W. J. Brawlers, agent of the Society, submitted his annual report which was read by a great number of cases had been dealt with during the year. Both the report and Dr. Murchison's address appear in full below. The executive of the Society with the exception of Mrs. Casey, who was obliged to resign because of ill health was re-elected. Mrs. James Leitcher was elected in her place. The following are the members: President—Dr. W. J. P. MacMillan. Vice Presidents—Rev. G. Carlyle Webster and Rev. Father Earl Dalton. Hon. Solicitor—Donald McKinnon, K. C. Hon. Secretary Treasurer—Major T. E. MacNutt. Council—Rev. H. D. Raymond, Rev. Canon Malone, Rev. Hugh Miller, Rev. Father H. I. Fleming, L. B. Miller, William Moran, Dr. P. A. Creelman, Major W. B. Stevens, Leo F. McDonald, John McKenna, Mrs. J. J. Hornby, Mrs. Andrew Murphy, Mrs. W. J. McIntyre, Mrs. W. B. Stewart, Miss Mona Wilson, Miss Amy Earle, Mrs. A. Henry, Mrs. H. S. Henderson, Blister Baint John, Mrs. James Leitcher, Miss Catherine MacLean (ex officio). Rev. Mr. Webster in the course of a few remarks, referred with regret to the absence of Dr. MacMillan, who had been president for many years and has at his finger tip the work as it relates to the Society. He paid tribute to the earnest and faithful work of the executive as indicated by their regular attendance at meetings, and to the work of the secretary-treasurer, Major MacNutt and the agent, W. J. Brawlers. As one looks back over the year, he said, it is evident that much good work has been accomplished. The speaker referred to some of the problems young people are faced by in the home and in the school. He urged the citizens to lend support and interest themselves on behalf of the youth. He hoped the farmers would offer homes in greater numbers than formerly to children for whom the Society are anxious to find suitable homes. In that way many might be saved from a life of sin and uselessness. A hearty vote of thanks was tendered Dr. Murchison, moved by Dr. Avers and seconded by Mr. William Moran. Votes of thanks were also extended to the City Council for the use of the Board Room for the annual meeting and also for executive meetings throughout the year, to the press, to Chief of Police Birtwistle and his men and to Inspector Phipps and others of the R. C. M. P. who assisted in the work. A vote of thanks was also tendered the executive, moved by Dr. Avers and seconded by Miss Beer. A short discussion followed Dr. Murchison's address. Among others taking part were L. B. Miller, Major MacNutt, Dr. Tidmarsh, W. J. Brawlers, Rev. H. I. Fleming, Coun. A. A. Hennessy and others. In the course of the discussion, Dr. Murchison, in answer to a question as to why so many more men than women were admitted to Falconwood Hospital during the past year, said that alcohol was the cause. Numbers were admitted during the past year due to alcohol and were there a short time. They frequently came back, however. DR. MURCHISON'S ADDRESS The following was the text of Dr. Murchison's address: Mr. Chairman, Ladies and Gentlemen: In speaking to you this evening, you will excuse me if you find my remarks of rather a rambling nature. ROME TAKES CONCILIATORY ATTITUDE

Mussolini Issues Denial Through Press Of Sensational Reports.

(Copyright 1935 by the Havana News Agency) ROME, Nov. 29.—(C. P. Havas)—Indications of a more conciliatory attitude by Italy towards other members of the League of Nations appeared today and informed quarters asserted war was diminished. Disturbed by reports published abroad that Italy might reply with war or war-like gestures, to the proposed oil embargo by League members, Premier Mussolini authorized his press bureau to deny categorically that a new general mobilization was impending. Although the Fascist government is maintaining a firm attitude consistent with national dignity, a spokesman said the Cabinet meeting scheduled for tomorrow would have "no extraordinary significance." It was called a month ago, he added.

DENIALS ISSUED

Denials were issued as follows to other sensational reports published abroad. There has been no concentration of troops on the French frontier. The government has anticipated no act of hostility from France. Italy is not recalling its minister from Cairo. The Lira is not being devalued. The Minister of Propaganda, moreover, was especially authorized to deny that the Italian Ambassador in Paris, Vittorio Cerruti, had warned Premier Laval that applications of the oil embargo would be considered an act of hostility toward Italy. It was stated, however, that any embargo act which would hurt the Italian people would naturally be considered as an "inimical gesture." The government appeared anxious to create an atmosphere of calm before the cabinet meeting. It was disclosed that Italy has a regular army of 1,080,000 men not including the Blackshirt militia, and it was said that despite the fact that "irregulars in the farm districts had been suspended and that no demobilization appears imminent, there was nothing in the present situation to justify reports of a forthcoming general mobilization.

Face Libel Suit

CHICAGO, Nov. 29.—A \$100,000 libel suit was filed against the Seagram Distillers Corporation in criminal court today by the old Dearborn Distributing Company of Chicago. The suit charged the Seagram Distillers, a Delaware Corporation, had maligned the distributing company in 25,000 telegrams sent to liquor dealers last Tuesday announcing the company had been found guilty of cutting prices. Seagram Distillers is the United States sales agency for Seagram and Son, Canadian Distillers.

Laval's Monetary Policy Endorsed By Chamber

(Copyright 1935 by The Havana News Agency) PARIS, Nov. 29.—(C. P. Havas)—Premier Laval emerged victorious from the first real test of his power tonight when the Chamber of Deputies voted by 324 to 247 to back his efforts to save the franc from devaluation. Facing a tense assembly and with crowded galleries hanging on his words, the Premier stated the fate of his five-month-old Government on a vote of confidence. He declared it was impossible to change his Cabinet's policies. The reply was a strong endorsement of his stand. M. Laval answered critics of his administration with a point-by-point defence of his anti-depres-

To Abolish Feudal System

(C. P. By Guardian's Special Wire) QUEBEC, Nov. 29.—The ancient feudal system inaugurated in French-Canada when the triple Fleur de Lis of Louis XIV floated from the battlements of the fortress city of Quebec, will be only a memory about one year from now, Hon. T. D. Bouchard, Minister of Municipal Affairs, Trade and Commerce, announced here today. Mr. Bouchard looked at the ancient system of feudal rents during the last session of the legislature with a modern eye and decided it should be abolished. A commission was named to approach the various landed seigneurs throughout the province, offer them a jump sum in lieu of annual tithes by tenants, and the report is most of the seigneurs have agreed to the commission's terms.

Peiping Alarmed By Jap. Troop Movements

(Copyright, 1935, by The Havas News Agency) PEIPING, Nov. 29.—(C. P. Havas)—Strong detachments of Japanese troops and a trainload of tanks enroute from Shanhatkwn on the Manchoukuan border to Tientsin tonight alarmed Chinese quarters here. The trainload of tanks arrived at Shanhatkwn earlier in the day from Inner Manchoukwo. The tanks were unloaded from the cars just outside the Great Wall. Troop movements toward Tientsin were interpreted here as confirming Japanese indications that the new "autonomous" regime in North China would be set up first in Tientsin, then rapidly extend to this city and all of Hopeh and Chahar.

MOTORVESSEL CREW SAFE

(C. P. By Guardian's Special Wire) METEPEGAN, N. S., Nov. 29.—Fears for the crew of the Nova Scotia motorvessel Amuck, aroused when the vessel was found abandoned 200 miles off the Nantuxet Lightship, were dispelled here today. Captain B. E. Olson and his men were rescued from their storm-battered craft and landed near here last Tuesday by the freighter Reo 88. Registered in Barbados, the Amuck was fishing out of Metepagan in the Bay of Fundy when the west-end storm pounded her off her course. The freighter picked up the crew of four from the disabled craft Saturday night, but loss of the Amuck was not reported until yesterday when she was sighted off the New England coast. The derelict was towed to New London by the United States patrol boat Active, and inquiries brought to light the fact that her crew were safe on land.

NEW NAZI PARTY PURGE FEARED

BERLIN, Nov. 29.—Threat of a new purge hung over high Nazi party officials tonight as they gathered at Deutschland Halle in secret meeting to be addressed by Chancellor Hitler. Just as the session was about to open, it was made known that Der Fuehrer had ordered an investigation of alleged abuses by some party chiefs and measures to deal with them. Pressure of increasing economic and social difficulties has brought a long-developing crisis within the party to a head, it was stated. This situation has been aggravated by some dissatisfaction among the citizenry, arising from a shortage of essential food products, according to informed sources. Germany faces the coming winter with the knowledge that the number of unemployed probably will increase. It is understood official estimates are that the figure will jump to 1,500,000. The government is said to be planning a series of rigid economies. The personal popularity of Hitler is generally regarded as being unimpaired. His friends believe he will be able to deal effectively with the situation. One high Berlin party leader has been imprisoned for falsification. Similar abuses, it was said, have been discovered in Berlin and elsewhere.

GIVES ADVICE TO YOUNG AUTHORS

"Don't Be Discouraged", Lucy Maud Montgomery Tells Audience In Lecture.

(C.P. By Guardian's Special Wire) WINDSOR, Ont., Nov. 29.—"Anne of Green Gables," the story that depicted life of Prince Edward Island at the turn of the century and a "bestseller" more than two decades ago, was turned down five times before it was finally accepted by the publishers, Mrs. L. M. Montgomery Macdonald, the author, said in a lecture here. "Don't be discouraged if your stories aren't accepted," the noted Canadian author told her audience, a large part of it young girls, assembled under the auspices of the Board Council of the Home and School Association. "Anne of Green Gables" was rejected five times. I put the manuscript away in the attic. A couple of years later, while housecleaning, I found it and sat down and read it. "I found it interesting so I thought there must be something to it, so I sent it to the Page Company of Boston. They accepted it only because a girl on their staff of readers came from Prince Edward Island and she bulldozed them into it." Lucy Maud Montgomery, to use her pen name, suggested that all young people should form the habit of noting in books any experiences and stories they hear from older persons. Such notations, perhaps in later years, would form real material for books if those in possession of them developed a desire to write. "The scene of practically all of my books has been Prince Edward Island where I was born," remarked the speaker when relating how listening to the tales of the fishermen and farmers she accumulated information and background for her writings which now total 20. "Only in one of them was the scene in Ontario—in Muskoka," she continued. "One reason why I did not choose Ontario was that my husband was a preacher there, and I felt that if I made the scene in Ontario some of the congregation would think they were characters in the books."

Police Hold Cab Driver In Lindbergh Case

(A.P. By Guardian's Special Wire) HACKENSACK, N. J., Nov. 29.—Thomas J. Rogers, 42, cab driver of New York City, was in jail here tonight pending investigation of his statement to detectives: "I know all about the Lindbergh case, but I'll talk only to Attorney-General David Wilentz." Rogers was committed to jail by Recorder Filomeno Sansone, of Hackensack, after he steadfastly refused to elaborate on his statement. He was sentenced to 30 days on a disorderly conduct charge. In addition to the vital crude oil, from which Italy derives the fuel which powers its motorized East African army corps and huge fleets of military planes, the Canadian motion also includes embargoes on steel, coal and iron, essentials for the prosecution of war. Cotton, wool and copper, it is understood, also may be added.

Britain, France Intensify Efforts For Peace In Africa

(Copyright 1935 by The Havas News Agency) LONDON, Nov. 29.—(C. P. Havas)—It was learned on good authority here tonight that Great Britain and France plan to intensify their efforts to bring about an early Italo-Ethiopian armistice. Usually well-informed quarters said Sir Samuel Hoare, Foreign Secretary, and Premier Laval were planning to hold an important conference in Paris, probably next week. The Government will hold a Cabinet meeting Monday and it is understood a broader sanctions policy will be mapped out in preparation for the League of Nations' sanctions committee meeting Dec. 12. Britain is continuing to abide by her decision to support

Attack On Britain Attack On France Is Laval Warning

Mussolini's Bluff Called In Purported Action To Be Taken In Event Of Oil Embargo By The League.

(By Charles P. Nutter, Associated Press Staff Writer). (Copyright, 1935, by the Associated Press) (A. P. By Guardian's Special Wire) LONDON, Nov. 29.—A virtual ultimatum to Premier Mussolini from Premier Laval of France, warning him officially to refrain from an unprovoked attack on Great Britain in the Mediterranean Sea, was disclosed in authoritative British quarters tonight. M. Laval told Il Duce's ambassador directly, these sources said, that France would consider such an attack to be an attack on France. (Paris dispatches said M. Laval's action on the subject of an unprovoked sea attack against Great Britain had ended Italian hopes for further delay in a League of Nations' oil embargo against the Fascist kingdom). No Alarm Felt High quarters, professing no alarm over reports of mysterious Italian troop movements, simultaneously expressed the opinion that all sanctions against Italy would be applied quickly following upon the December 15 meeting of the League of Nations sanctions committee to discuss such an embargo. Canada's delegate to the League proposed an embargo on oil, coal, steel and war products. (The French Premier, informed sources said, delivered his tactful ultimatum to the Italian Ambassador, Vittorio Cerruti, after a conference with Sir George Russell Clerk, the British ambassador.

Municipalities Prepare Briefs For Conference

(C. P. By Guardian's Special Wire) MONTREAL, Nov. 29.—To prepare submissions of Canadian municipalities for the inter-provincial conference opening at Ottawa, Dec. 9, the continuing committee of the Dominion Conference of Mayors will meet here next Saturday. Mayor Houde of Montreal, chairman, summoned members today. The call went to Mayor Simpson, Toronto; Mayor Queen, Winnipeg; Mayor McGee, Vancouver; Mayor Cragg, Halifax; Mayor Davison, Calgary and Mayor Wenige, London, Ont.

Seek Early Embargo

GENEVA, Nov. 29.—(C. P. Havas)—The League of Nations moved swiftly tonight toward clamping down an oil embargo against warring Italy, with the announcement that the committee of 18 will sit on Dec. 12 to discuss measures which military experts expect will bring Italian capitulation. The committee was to have discussed the all-important Canadian motion for a ban on basic exports to Italy today but the meeting was postponed because Premier Laval of France, who had previously signified he wished to attend, was occupied at home with the reconvening of the Chamber of Deputies. Augusto de Vasconcelos of Portugal, chairman of the committee, declared today that Dec. 12 had been agreed upon after consultation with Premier Laval and with the agreement of Great Britain. In addition to the vital crude oil, from which Italy derives the fuel which powers its motorized East African army corps and huge fleets of military planes, the Canadian motion also includes embargoes on steel, coal and iron, essentials for the prosecution of war.
