LONDON, May 5—The Daily News, discussing Canadian immigration restrictions, says the fault for the loudly expressed objection from Canada to the number and quality of the British assisted emigrants lies a little on this side.

The News wants British immigrants to be desirable immigrants, and says: "What is wrong is the policy of permitting social evils to grow at home in the confident expectation we can dump their results on the colonies."

HORSE NOTES.

A splendid Oakley Baron foal was dropped at the stables of W. E. Smith, Greenwood, Pownal, on the 4th.

A. P. Ings, Pownal, bred his fine mare on the 4th to "Wigtown Hero."

Attention is called to the ad of the splendid breeding horse Glucos, the large imported black percheron Stallion, winner of the first and diploma at the Maritime Horse Show in Amherst, which is to make a special stand in this Province at the places named in the ad. Glucos, Canadian register No. 900, was approved by the French Government to stand for service in France on account of his extraordinary merit, the French Government also granted him a large subsidy or pension in order to induce his owner to keep him in France for the improvement of the Percheron breed of horses. He is one of the smoothest and best individuals of his breed ever imported to American and no doubt breeders will take advantage of this excellent opportunity to mate their finest mares.
