# CITY AND COUNTRY

Guardian Correspondents Everywhere.

A SMART, steady boy can learn of permanent employment by applying at this office.

Any person desiring to rent a double office, with a desirable location, should apply at this office at once.

The Morning Citizen of November 8th says:—The large circle of friends and acquaintances of Mr. T. H. Durning, who transferred his services from newspaper work to life insurance after a twenty years experience, will be pleased to learn that he has already met with great success, he having been officially notified a few days ago that he had attained a place on the roll of honor at the company's home office, a distinction which can only be won by faithful and conscientious work. Mr. Durning earned the marked honors in less than a month. He began work for the Prudential Life Insurance company of America about Oct. 14, and from the very first he proved his ability. Three other leading life insurance companies were negotiating with Mr. Durning during the summer, but he preferred to connect himself with the Prudential, not only on account of its having "The Strength of Gibraltar," but on account of the liberal features of the policies and the high standing and efficiency of its officers and managers. Mr. Durning was born in the city of Lowell, and has always stood high in the community. He has the confidence of the public and wins success by deserving it. His contract with the Prudential company allows him to operate in any city or town in eastern Massachusetts. [Mr. Durning is well known in Charlottetown having conducted a number of mammoth excursions to this province meeting with a number of our citizens.]

The following will compose the officers and crew of the steamer Stanley during the coming winter.

## MISS GLADSTONE'S MISSION.

Miss Helen Gladstone, the fourth daughter of the late W. E. Gladstone, has taken charge of the Pioneer Women's university work among the London poor the Women's University settlement.

The last sailing of the Yarmouth from Boston for this season will be on the 16th and from Charlottetown on the 19th. Intending shippers are asked to remember the dates.

The young man named McIntyre who met with such painful injuries to his arm while reaching for a gun lying in the bottom of his boat near Hog Island, has re-entered the Charlottetown Hospital and is having flesh grafted upon his arm. It is understood that the patient is doing well and a highly successful operation is contemplated.

SUNDAY, NOV. 24 is World's Temperance Sunday in reference to the lesson studied in the school that day. The American Anti-Cigarette League is attempting to secure on that day one million pledges against cigarette using. Pledge cards may be obtained from the Anti-Cigarette League 106 La Salle Av. Chicago, at twenty five cents per hundred. These pledge cards when signed should be promptly returned to headquarters for registration, after which the signor is entitled to wear the official badge of the League. If we call the saloon the Devil's church, we may call the cigarette the Devil's Sunday School. The fight against the cigarette is a fight for civilization.

## Knows No Distinction.

Rich and Poor Alike Suffer From Catarrh in this Climate.

All observant physicians have noticed the enormous increase in catarrhal diseases in recent years, and the most liberal and enlightened have cheerfully given their approval to the new internal remedy

Stuart's Catarrh Tablets, as the most successful and by far the safest remedy for catarrh yet produced.

One well known catarrh specialist, as soon as he had made a thorough test of this preparation discarded inhalers, washes and sprays and now depends entirely upon Stuart's Catarrh Tablets in treating catarrh, whether in the head, throat or stomach.

Dr. Risdell says, "in patients who had lost the sense of smell entirely and even where the hearing has begun to be affected from catarrh, I have had fine results after only a few weeks use of Stuart's Catarrh Tablets. I can only explain their action on the theory that the cleansing and antiseptic properties of the tablets destroy the catarrhal germs wherever found, because I have found the tablets equally valuable in catarrh of the throat and stomach as in nasal catarrh."

Dr. Estabrook says, Stuart's Catarrh Tablets are especially useful in nasal catarrh and catarrh of the throat, clearing the membranes of mucous and speedily overcoming the hawking, coughing and expectorating.

Any sufferer from catarrh will find Stuart's Catarrh Tablets will give immediate relief, and being in tablet form and pleasant to the taste, are convenient and always ready for use, as they can be carried in the pocket and used at any time as the contain no poisonous drugs, but only the cleansing antiseptic properties of Eucalyptus bark, Guaiacoli, blood root and Hydrastin.

All druggists sell the tablets at 50 cents complete treatment.
