

There is a duty on Tea now of four cents per pound and four percent Sales Tax. All imports of Tea now pay these extra charges, but—

We have not increased the price of RED ROSE TEA We bear the loss

So you can still buy the very best of Tea at the same price as before the duty was put on.

SUPREME COURT—In the case of Jas. F. Reid vs Ben Acorn and Daniel MacDonald in the Supreme Court, counsel for the defendants moved for a non suit, but it was rejected. The case was then resumed, and Messrs MacDougall and MacAler gave evidence for the defence, being examined by Mr. J. J. Johnston, K. C.

FIRE CALL LAST NIGHT—The firemen responded to a call about 11.45 last night for a fire in the cellar of Mr. Menton Whitlock's Bookstore, Great George Street. On arriving the firemen could find no blaze, only a dense pall of smoke coming from the back cellar. The chemical was used with a little water to quench the smoulder. There was little damage, if any, to the cellar, but it is expected that the smoke, which enveloped the store caused a rather heavy loss of stock.

A Distinction And A Difference

LEA GOVERNMENT SPEAKERS seem to think "promise to pay" bonds are as good as having actually paid.

could be had than the successful election of Mr. G. Shelton Sharp in the 2nd District.

Hon. Mr. Stewart was interrupted at this point with a round of applause from the audience. When it had somewhat subsided, Mr. Stewart congratulated the boys who had helped to bring this about and said he was glad to be associated with them. The speaker spoke on the different aspects of the political situation and repeated his statement as to prohibition made at previous meetings that he would not introduce government control, if elected. The Prohibition Act remains entirely in the hands of the people and until they want a change, it will not be altered.

confident that he would be returned to power at this election. He also referred to the victory of Mr. G. Shelton Sharp in the 2nd District which had not returned a Conservative member for 50 years. From East Point to Cape Wolfe we have able and aggressive candidates and we must stand behind them to a man and win the district for our party. Mr. Brennan's address was received with cheers.

Mr. James McGrath moved the adoption of the address which was carried unanimously. On nominations being called for the election of officers, Mr. Brennan asked leave to retire from office and with much regret his resignation was accepted. Mr. W. R. Rogers and Mr. Peter McCaul were then proposed and a ballot taken, Mr. Rogers winning by a large majority of votes. His election to the Presidency was made unanimous amidst a burst of applause. The motion was moved by his opponent, Mr. Rogers thanked the delegates for the confidence placed in him and assured them of his loyal support. A vote of thanks was extended to the retiring President, Mr. C. J. Bolger was appointed Secretary by a unanimous vote. Presidents for the districts were appointed as follows:

1st District—Charles F. Dunn, Elmisdale.

2nd District—Amos Gorrell, Glenwood.

3rd District—Peter J. Cameron, Lot 15.

RESOLUTIONS Resolutions were passed by a standing vote affirming the confidence of the electors in Hon. R. B. Bennett and in our provincial leader, Hon. J. D. Stewart, endorsing the able manner in which he defended the rights of the people during the extravagant term of the Saunders-Lea Government.

Resolutions giving expression to the alarm that is being felt over the increasing deficits and consequent increase in the public debt and also condemning the hypocrisy and failure of the Liberal Government to enforce the Prohibition Act.

CONSERVATIVE LEADER SPEAKS Hon. J. D. Stewart when called upon to speak, said it gave him much pleasure to be present again at their annual meeting and he assured them that this was one of the most enthusiastic he had ever seen. He congratulated the delegates on their choice of candidates and the satisfaction it gave them that all the Conservative candidates were in the field. When he asked to speak on organization, Mr. Stewart remarked that no better arrangement on organization debts payments for that period.

More Rum Now Than Ever Before

Speaking at the annual meeting of the East Prince Conservative Association on Tuesday, Mr. T. M. Linkletter, Vice-President of the Association, stated that there was more rum drunk now and smuggled into the country than ever there was in the days of free rum. Since the opening of navigation, rum has been brought in by the schooner load to the Grand River shore.

In speaking of the Lea Government, Mr. Linkletter said, that the leader of the party must be ashamed of its record as at a recent Liberal Convention, Hon. Mr. Lea spoke for 35 minutes, 28 minutes of that time being taken up with Federal politics and the remaining seven with Provincial matters.

Mr. Pendergast, who also spoke at the meeting, was enthusiastically applauded when he referred to the Bennett Budget as being very beneficial to the country. The depression from which we are now emerging was not brought on by the Hon. R. B. Bennett budget, as local Liberals suggest, but was the outcome of world-wide depression in trade and of the unwise tariff policy of the Mackenzie King Administration. He considered that as the Bennett budget became better known and the revenue derived from it put to good use, it would put Canada on a firm financial basis and that she would lead the world in economic conditions.—S.

After a brief period, and after a semester in Marburg, Germany, went to McGill in 1925.

Last year he was appointed as assistant to Sir Arthur Currie, Principal of the University and during Sir Arthur's absence in India, carried on the duties of Principal. During this period he gained valuable experience in the administrative side of University work. He has shown keen interest in Quebec's public schools as well as in the problems of higher education generally, having for some years been secretary of the Canadian Universities conference. He has travelled extensively in Europe.

The new President of Dalhousie has a close connection with Halifax. His wife is a daughter of Dr. W. J. Alexander, predecessor in the English Department at Dalhousie of Dr. Archibald MacMechan, that other son of Ontario, who retired from his post this year after forty-two years service. Her mother was Laura Morrow, daughter of J. B. Morrow and Mrs. Stanley was born in this city. A son of Ontario parents, Professor Stanley was born in Providence, R. I.

The retirement of Dr. MacMechan from the administration of Dalhousie was announced some time ago. Educated in the schools of Pictou County and at the college he afterwards headed, Dr. MacMechan took over the position in 1911, after five years in the chair of physics. He had studied at John Hopkins and taught at Bryn Mawr and the Stevens Institute of Technology, as well as doing research work at Cambridge

Great Racing At New Annan

(Special to the Guardian) The Matinee race at New Annan was a huge success. The day was fine though quite cold. The track never was in better shape and excellent time was made in all classes. New Annan was always famous for its good races and those who attended yesterday's Meet were not disappointed.

The first class called was Class A mixed. This was won in straight heats by Peter-Will-Tell, who went one of the best races of his career. Donna Thompson and Peter Keyes put up a splendid race for second position, Donna getting the best in the summary. Helen S. who also went a great race fourth and Gordon Ax Dillard, fifth. The time was very fast for so early in the season and a high wind blowing up the stretch.

Class B Trot brought out four good trotters, Pixie winning in straight heats. This was this mare's first start here and she looks like a 215 trotter. Eastern Lady made a good race for second money. Ben Antolan finished second in the second heat but was set back to fourth position for running.

Class C Pace was probably the best race of the day. Billy Aubrey, winning the first heat and Shirley Aubrey, who is developing into quite a race mare, winning the next two and the race. Sherwood Belle surprised the fans with her bursts of speed at the finish, almost winning the last heat, she also finished second in the second heat, but was set back one position for swerving in the stretch. Laddie also went a good race getting fourth money.

Class D had the largest field of the day bringing out seven starters. This race was only half mile heats, but was a good race and exceptionally good time for green horses. Jean R. won the first two heats and the race. Helen Trampfact came through very fast to win the third heat and second money. Wittle Kim went a steady race getting third. Billy Witte showed a lot of speed, but was unsteady

before and the contacts made may be expected to bring much of benefit to Canada. He sees an interesting future in the development of exports of poultry breeding stock, and at times of low prices in Canada of egg exports for the poultry industry in Canada. Egg grading in Canada gives Dominion exporters a real advantage in respect to dependable quality in a market where quality as yet is, to put it mildly, largely a matter of indifference.

In an extensive survey of raspberry plantations in British Columbia six principal reasons for decreased yields were determined. These are: (1) Poor management where the farm owner devotes only a part of his time to fruit production or makes it a secondary consideration; (2) the presence of diseases of which cane blight and mosaic are the most important; (3) the presence of insects and animals of which crown borers and moles are the most important; (4) depletion or lack of soil fertility; (5) winter injury; (6) poor cultural practices.—Department of Agriculture, Ottawa.

CAUSES OF FAILURE

ONLY THE BEST WIN

The latest report of Canadian National Egg Laying Contests (Bulletin 139-N.S.) provides further conclusive proof that only the best pullets in the best flocks of the Dominion make the grade for registration, and only about one in four of carefully bred and selected pullets qualify. In the 1928-29 contest out of a total of 4,370 birds entered, only 1,202 fully qualified for registration. Other 420 birds laid a sufficient number of eggs but failed to qualify on account of egg size.

INTERESTED IN CANADA

On his return to Ottawa from the British Empire Trade Fair at Buenos Aires, E. Nash, Poultry Inspector of the Dominion Department of Agriculture, states that while Canadians are essentially a new quantity in that part of South America the Canadian Exhibit proved the big attraction of the show. Interest in Canada has been stirred as never
