he women on the job and the handful of police. A half-dozen foreign correspondents stood beside the entrance and no one was told to move back. It was the freest conference opening I ever covered.

Marshall Arrives First

We saw the limousine of George C. Marshall, United States secretary of state, flying the Stars and Stripes. It raced up the long roadway off Leningrad Highway, throwing up snow like a destroyer knifing through heavy seas. Marshall was the first senior delegate to arrive.

Foreign Minister Bidault of France followed a few minutes later, topped by a fur hat which seemed nearly to overwhelm this dapper little man.

Car after car pulled up depositing assistants to the ministers and then V.M. Molotov of Russia, in civilian clothes as usual, arrived without the group of plain-clothes guards which usually ran interference for them in Paris.

ROTARY — Mrs. S. G. Osborne, who accompanied her husband to Misery Point where he was stationed as keeper of the light, and remained fourteen years in that isolated post, said yesterday at Rotary luncheon where she was guest speaker, that it would not take a great deal of urging to persuade both she and her husband to return there for another period. Mrs. Osborne gave a vivid description of her life on Belle Island. The place was practically a barren rock, and although the speaker made a brave attempt to make a garden, the wind and rain storms washed away the soil. Life was made brighter by the visits of Newfoundland fishermen, and Mrs. Osborne spoke very highly of them because of their kindliness. Miss Pearl Burns sang two solos which were greatly enjoyed. Co-chairmen were Rotarians R. H. Rogers and W. W. Reid.

CAR WRECKED—A car — believed to be a taxi from Summerside—left the pavement on the St. Peter's Road at East Royalty last night and turned over. Only one man was in it, reports indicated, and he was not seriously injured. The accident occurred just beyond Belvedere Service Station. The car was a complete wreck.

Death Of Prominent Charlottetown Citizen

The death occurred in the Prince Edward Island Hospital on Saturday, March 8th after a brief illness of Mr. Henry H. MacFarlane, one of Charlottetown's most respected citizens.

The late Mr. MacFarlane who would have celebrated his 87th birthday the 25th of this month, had been in excellent health until one week prior to his death and up to that time had attended daily to his upholstering business.

Starting some sixty years ago as an employee of the Mark Wright Furniture Company, Mr. MacFarlane continued throughout all the years in the same line of business. He worked for many years with the firm of Beer and Weeks after which he carried on a most successful business of his own.

The late Mr. MacFarlane was born at Georgetown. His father, the late James MacFarlane was at one time senior partner of the firm of MacFarlane and Knight, Souris. His mother was the former Ann Leslie.

The deceased's grandparents had come to the Island from Scotland and founded a community at Lower Montague known as MacFarlane Mills.

There are left to mourn his passing two daughters, Mrs. Dan Anderson (Lyle), Montreal West and Miss Constance, Dean of Women at the University of Alberta, and two grand-children, Elizabeth Leslie Anderson and John Henry MacFarlane Anderson of Montreal West. His wife, the former Ida Leslie of Souris, predeceased him thirty-five years ago. Mrs. Anderson's husband is a son of the late John Anderson, former Provincial Auditor.

Mr. Anderson came by plane to visit his father-in-law while in the P.E.I. Hospital last week, returning to Montreal Thursday and on his arrival home Mrs. Anderson came down by plane Sunday and is remaining for several days. The late Mr. MacFarlane was a valued member and regular attendant of St. James Church and an honorary member of the I.O.O.F. His death is a great loss to his family who will have the sympathy of a wide circle of friends.

The funeral takes place from St. James Church this afternoon at two o'clock.

Mr. H. C. Bourke, President of Carvell Bros., of this city, has accepted the chairmanship of the Special Names Division. It is gratifying to see a busy man as is Mr. Bourke, give his time and his ability in support of this very worthy cause.

With Mr. H. C. Bourke as chairman of this very important Division the success of the campaign is assured.

S.D.U. Debating Team Defeats Acadia Entry

Queen Square School Auditorium last night was the scene of an intercollegiate debate with Acadia University of Wolfville, N.S., being the guests of St. Dunstan's University of this City.

The subject of the debate was, Resolved: That the Indians in the Union of South Africa be granted full citizenship status. St. Dunstan's debaters, Marjorie Power and Ernest Hemphill upheld the affirmative with worthy opponents. W.E. Huskilson and H.J. Uhlman of Acadia supporting the negative.

The large crowd in attendance heard well-prepared discussions and clever rebuttal with the Saint Dunstan's team winning a close decision. Dr. G.D. Steel, Mr. Walthen Gaudet, and Mr. R.R. Bell acted as judges for the evening.

HALIFAX, March 10 — (CP) — A two-man Pine Hill Divinity Hall debating team tonight won a decision over a team from St. Dunstan's University, Charlottetown.

The Pine Hill team upheld the affirmative of the resolution "that the settlement of labor-management disputes should be by compulsory arbitration."

Roy De Marsh and Blair Colborne represented Pine Hill while Ernest Gallant and Rod MacDougall represented St. Dunstan's.

Former Murray River Man Dies At Summerside

The death occurred suddenly at his home on King St. in Summerside, yesterday morning of Mr. J. Henry Jenkins, a highly respected retired farmer. He was 76 years of age.

The late Mr. Jenkins was a native of Murray River where for many years he successfully engaged in farming. About six years ago he retired from active life and came to Summerside to spend his declining years. Up to the time of his death he had been enjoying his usual excellent health and news of his sudden passing came as a great shock to his many friends and neighbors who had learned to know of his many fine qualities during his short life in Summerside.

He leaves to mourn his wife, the former Delia Buell of Murray River, and the following sons and daughters: William E. and James B., prominent canners in Summerside; Harold in Charlottetown; Mrs. Sheldon Jenex and Mrs. Russell Gillis of New Glasgow, N.S.; Mrs. Elmer Jordan, Mrs. Lloyd Scott and Mrs. (Capt.) Beck of Summerside; also one brother, Joshua of New Glasgow, N.S., and two sisters, Mrs. Alice Reed and Mrs. John McDonald of Peter's Road, P.E.I.

The funeral will take place on Wednesday afternoon with service at the Kirk Church. The officiating clergyman will be Rev. J.H. Bishop assisted by Rev. E.J. Barrass of the Baptist Church.

Interment will be in the People's Cemetery, Summerside.

His sons William and James were in Upper Canada when the death occurred but will return home in time for the funeral.—S.

PENSION SCHEME

(Continued from Page 1)

ther said, to take care of those older employees in the scheme since it is obvious they could not contribute to the fund. All the younger employees, however, would be asked to contribute 5 per cent of their salaries to an insurance plan and the City would pay an equal amount. There would be nothing compulsory in the measure and the employee could decide for himself whether or not he wished to participate. All future employees would, however, have to enroll in the plan.

Coun. Lowther mentioned that Mr. J. H. Martin of the Dominion Government Annuities was present to explain any of the questions involved which they might not understand.

Mr. Martin told the Council the money invested by the employees and the City in the pension scheme would pay 4 per cent compound interest and that an employee earning $1,300 a year at the age of 25 would be able around 60 years of age to retire on a pension of $1,200 a year.

Employees' Committee

The City employees retired to the Police Court with Mr. Martin and appointed a committee from their members to go into the matter further.

A letter from the legal firm of Bell and Mathieson was read by the City Clerk which stated it was the firm's opinion that Mr. George Tulle had violated his contract with the City as embodied in a lease granting him possession of certain portions of the Market Building.

Coun. F. C. Dougan cautioned against any steps being taken by the City to re-possess the quarters leased to Mr. Tulle.

"I move we leave things alone," Coun. Dougan said. There was no seconder to the motion.

Coun. W. R. LePage said he was in favor of following the matter up under "the forfeiture in the lease."

Coun. Dougan: "I recommend that we go slow in this matter. I remember we tore a certain building down one time and were glad enough to have the chance of settling for it."

Mayor B. Earle MacDonald: "We are only getting $400 a year for the lease."

Coun. Dougan: "If you don't think that is enough, why not ask the man for more? Why go about the thing this way? We may have a lawsuit on our hands."

The resolution for the re-possession of the quarters in the Market Building occupied by Mr. Tulle read:

"That the City Council in view of the opinion expressed by Messrs. Bell and Mathieson, take steps to re-possess the premises in the Market Building formerly leased to George Tulle by reason of his having broken one of the covenants in his lease."

The resolution, moved by Coun. Lowther and seconded by Coun. LePage, was supported by Couns. M. A. Farmer, Gordon McDonald, J. D. Stewart, C. M. Cox, and D. E. Noonan. It was opposed by Coun. Dougan.

Another resolution, moved by Coun. Farmer and seconded by Coun. Lowther asked that the limitation of Section 103 of the Public School Act be increased from $60,000 to $100,000. It passed unanimously. The Mayor said the Provincial Government would be requested to grant the desired change in section 103.

Major T. E. MacNutt, secretary of the City School Board, said the Board was now spending approximately $90,000 a year and it would be better to have the Public School Act, Section 103, changed to allow a yearly expenditure up to $160,000, and thus obviate the necessity of spending more than the Act allowed.

Letter from Premier Jones

A letter was read from Premier J. Walter Jones stating that in lieu of taxes payable by the Provincial Government to the City, the Government would give the City a grant of $18,000 per year. Last year's grant was slightly over $10,000.

Coun. Stewart informed the Council that he had by-laws prepared providing for the compulsory collection of garbage within the City and it was agreed by the Council that they would be considered at the next special meeting.

Coun. Lowther announced that Chief of Police Birtwistle had left yesterday morning to visit his son in Sydney, N.S., and that Sgt. Watson Higgins was acting Chief.

The tender of Dr. Leo Frank of $120 for the City cash register was accepted

QUEEN'S CO. MEMBER

(Continued from Page 1)

service which it did not own, charter, or maintain.

To remedy the current injustice of these rates to both shippers and primary producers, the Queen's member urged implementation of the Duncan report of 1926.

This would mean, he told the House, that the accounting of the car ferry would be taken out of the hands of the Canadian National Railways and be a charge against the consolidated revenue fund of Canada.

"The recommendation was made," Mr. McLure said, "because the manner in which the ferry was and is being run is contrary to the best interests of Prince Edward Island and its people."

Many Rebuffs

He recalled the rebuffs received by Prince Edward Island on the ferry question from top-ranking officers of the National Railways system.

"The late Sir Henry Thornton said in 1926 at Charlottetown that the Canadian National Railways were not concerned with the terms of Confederation, but with the mandate given them by the Government to operate the ferry," Mr. McLure said.

"Again in October, 1945, R. C. Vaughan, present president of the C.N.R. said in answering a question asked by H. R. Jackman, Progressive Conservative member for Toronto-Rosedale that he thought the railway system was generous in allowing trucks to go on the ferry at all in view of the fact that they were operating in competition with the railway itself.

"Mr. Speaker, this surely is a rough statement."

Mr. McLure congratulated J. Watson MacNaught, Liberal member for Prince over his speech in moving the Address in reply to the Speech from the Throne but suggested that Mr. MacNaught had understated the difficulties and disabilities suffered by Prince Edward Islanders owing to delays in construction of the new P.E.I. ferry.

Too Indefinite

Referring to the subject matter of the Speech from the Throne, the Queen's member charged that it enunciated "a program of indefinite government policy, but is void of a practical policy for Canada." He accused Minister of Transport Chevrier with making a "smooth idealistic speech" in his address to the Rotary Club of Charlottetown last year without touching on vital practical matters.

Turning to Indian affairs, the Queen's member referred to the visit to Prince Edward Island last year of members of the joint committee on Indian Affairs and appealed to the Government to implement a rquest made at that time by one of the Indian chiefs. The suggestion was that Indians be permitted to purchase their supplies in a free market, not only in stores on the government's patronage list.

In conclusion, Mr. McLure warned the Commons that national unity is only as strong as fulfillment of the Confederation pact. Only with complete respect and observance of the terms of Confederation can the Dominion expect to achieve complete national unity.

Baptist Men Hosts At Father, Son Banquet

The Men's Association of the Charlottetown Baptist Church were hosts last evening to the boys of the church at the annual father and son banquet held in the church hall

About 75 fathers and sons sat down to the sumptuous banquet served by a committee of ladies from the Ladies' Auxiliary of the Church under the direction of Mrs. R. J. Rupert and Mrs. D. N. Bell.

The president of the Men's Association, Mr. Darrell McGuire presided and welcomed the guests on behalf of the Association. Following the dinner a lively sing song was enjoyed led by R. J. Rupert with Dick Hurst at the piano. A feature of the program was the singing of the Prince of Wales male quartette, which generously responded with several encores. This quartette which has created somewhat of a sensation in local entertainment circles consists of Richard Hurst, Kenneth MacKenzie, Ian MacDonald and Earl Nicholson.

After the toast to "The King", a toast to the ladies was proposed by Lloyd Oakes and responded to by Mrs. Rupert. A toast to Our Dads was proposed by Donald MacNeill and responded to by Mr. S. H. Burhoe. A toast to the Church was proposed by Billie MacCannell and responded to by Rev. I. Judson Levy, the Pastor of the Church.

Mr. Levy's Address

Mr. Levy in his response said that the Trail Rangers and Tuxis movement originated in the Church and had as its central purpose the bringing of boys into a personal relationship with Christ, the center of the program, and His church. He showed how the program had done much to this end.

Mr. Levy stressed the value of good home training and urged the fathers to walk in the right steps that their sons might follow them. In his appeal to the boys he asked them to follow Him who "increased in wisdom and stature, and in favor with God and man", and so be prepared for "the Father's business."

The report of the Nominating Committee was read by Mr. M. Ross Bethune and unanimously adopted.

The officers and directors of the Association for the current year are as follows:

Hon. Pres.—J.D. Jenkins.
Pres.—D. M. McGuire.
Vice-Pres.—R. J. Rupert.
Sec'y-Treas.—Nelson Robinson.
Directors—J. W. Boulter, R. H. Nicholson, C. H. Brehaut, Byron Howlett and S. H. Burhoe.

CONSIDER BIG

(Continued from Page 1)

and this does not give it sufficient speed to make the grade immediately following if too great a tonnage is carried. For this reason the maximum tonnage carried from Summerside west is about one hundred tons less than can be carried in the opposite direction. The grade just outside the town is the steepest grade between Summerside and Tignish and very often it is necessary to use a pusher engine to get a heavy train over it. Often a number of loaded box-cars have to be left in Summerside till a later day thus causing a hold-up in the arrival of freight at western points.

Would Benefit Town

Although this probably does not interest the C.N.R. particularly, this plan would be of inestimable benefit to the Town for it would eliminate eight grade crossings one of them across the main street. A serious accident hazard would be removed and this section of town would benefit from the elimination of the smoke and noise caused by passing trains.

It is a huge plan, involving a large expenditure of money, and would be a big engineering job. Instead of curving north by the P.E.I. Bag Co. Ltd. plant the line would proceed westward behind the Llewellyn Dry Cleaning plant and Lorne Driscoll's warehouse then parallel to and alongside of Water Street, across a swamp at the western outskirts of Town and across country to Miscouche. What would amount to a causeway would have to be constructed along the shore as the properties mentioned above extend back to the shore line.—S.
