## Agenda For Sept. Meeting Announced

## Spanish Case Listed For Discussion By United Nations Assembly.

NEW YORK, Aug. 1 (AP)—The United Nations assembly announced today the agenda for its September meeting, listing such explosive issues as the Spanish case and the power of the Big Five. The 51-power body will convene Sept. 23 at the refurbished World Fair site at Flushing for its first session on United States soil. A third controversial question that of Jewish immigration into Palestine was not mentioned, but Egypt and Iraq, acting with the Arab League, have announced they will bring it before the assembly. Dr. H. V. Evatt of Australia, speaking in opposition to small powers to the veto power, officially asked to have the voting item on the agenda. Three vetoes in one session by Andrei A. Gromyko, Russian delegate, blocked a motion to refer the question of outlawing the Falangist regime of Spain directly to the general assembly, but the body will receive the whole case anyway in the council's report. This report also will cover the Italian case which the council still holds on its agenda pending official notice from the United States that Russian troops are out of Iran. The assembly will elect three members from Asia and the Pacific to replace Egypt, Mexico and the Netherlands. Colombia has been mentioned as a strong candidate for Mexico's seat, and the other two replacements are expected to be drawn from the Arab League and western Europe in keeping with geographic distribution of the representatives. On the matter of a Security Council council, the assembly will get a stack of recommendations on such subjects as the Security Council, the International Labor Organization, human rights and the press. Secretary-general Trygve Lie's various reports to the assembly will be discussed, and the budget of the United Nations will be discussed. The assembly will also discuss the U.N. employees and the touchy question of a permanent site. On the matter of a Security Council, there have been persistent reports that efforts would be made to have the assembly move to San Francisco or even a city in Europe. A major organ—the trusteeship council—remains to be set up. The assembly will have no action can be taken until the powers submit trusteeship agreements and it was generally believed that the assembly would come only after conclusion of the recent Paris conference. The assembly is expected to run from four to six weeks. Paul Henri Spaak of Belgium, assembly president, will preside.

## Acquitted May 11, Now Promoted

## Firefighters Halt Flames In Moncton Area

BRIG. J. F. A. LISTER, C.B.E.

Of Quebec and Victoria, former chief of staff of the Canadian Army in the Netherlands, Brig. J. F. A. Lister, C.B.E., D.S.O., 36, of Moncton, N.B., recently appointed a Deputy Adjutant-General. He succeeds Brig. J. P. E. Bernatchez, C.B.E., D.S.O., 36, of Moncton, who has been promoted to chief of Military District No. 5, Quebec City. An Evening Star reporter, who had pleaded innocence to the charges, was relieved of his post last January after investigation of Canadian Army affairs in the Netherlands by Lt.-Gen. Price Montague, retired chief of staff of army headquarters in London. He was reinstated immediately after his acquittal. A soldier with a long overseas record, Brig. J. F. A. Lister, D.S.O., and born in the citadel city of Quebec, the new "DAC" (Deputy Adjutant-General) has military record dating back to his commissioning in the service corps in 1900.

## Compromise Proposals Of Steelworkers Union Get Mixed Reception

## Borden Fire Dept. Quells Carleton Blaze

By JACK WILLIAMS  
Canadian Press Staff Writer  
OTTAWA, Aug. 1—Compromise proposals of the United Steelworkers of America (U.S.A.) for settlement of the steel strike, made today before the Commons industrial relations committee, received a mixed reception. Main point in the proposal was a 15-cent increase, payable in installments, compared to an original demand of 19 1/2 cents. Reconstruction Minister Howland Smith said he considered the figure too high and Labor Minister Mitchell said it was doubtful whether price controls could be maintained with even a 10-cent increase. On the other hand, leaders of two other unions—electrical and automobile—affiliated with the steel union through the Canadian Congress of Labor, were critical of the settlement figure as being too low. The general view of the committee, expected to make a recommendation to parliament shortly, was not made clear. Clarence Gault, (C.C.F.-Cap. Berton South) was the only member to take a definite stand. He described the offer as "reasonable and very conservative." Meantime the strike had reached its 18th day. There was no report of any work stoppages involving some 35,000 workers in rubber, electrical and chemical plants. Representatives of those unions sent delegations to Ottawa today and a committee was appointed to attend the sessions of the parliamentary committee. Another group conferred with the steering body of the parliamentary committee and asked for a night session of the Parliamentary group but the request was rejected. Chief Forester Miller reported a plentiful supply of water was available after a nearby brook had been dammed and with five lengths of hose in service, the fire was finally extinguished four hours later. Cpl. MacLellan and Sgt. Nightingale of the Borden detachment, R.C.M.P., rendered assistance to the fire-fighters. No buildings were destroyed or damaged by the fire.

## Troops Discover Large Arms Cache In Tel Aviv

## Churchill Speaks In Palestine Debate

By OSGOOD CARITHERS  
TEL AVIV, Palestine, Aug. 1 (AP)—British troops today discovered in a boys' technical school in Tel Aviv a cache of arms, the largest arsenal of arms found in their inch-by-inch search of the city. Some troops had been in the building since Monday, unaware of the powder keg hidden in a secret labyrinth of rooms beneath. Thousands of rounds of ammunition, mortar bombs and hand grenades, as well as rifles and pistols were found in sealed rooms behind the main floor of the school. A large store of arms, along with equipment for forging government bonds, was found yesterday beneath the great synagogue of Tel Aviv. A communique declared 664 persons had been arrested up to noon today in the careful screening of the city's 200,000 population. A British general said that among them were 35 men and one woman known to be terrorists. One of an airborne division still were hacking away this afternoon at false walls and other hollow-sounding places in the boy's school. At dawn this morning an inspecting officer found a newly-bricked up hole in a wall behind a hedge crate of tools, and a full investigation was begun. A large store of arms, along with equipment for forging government bonds, was found yesterday beneath the great synagogue of Tel Aviv.

## Decline Request For Special Meeting With Representatives Of Ontario Labor Unions

## Search For P.E.I. Native

Supreme Court, industrial disputes commissioner in the steel strike, the union leadership was a "dictatorship" and that rank and file members would sometimes have accepted compromise wage offers had it not been for their leaders. Mr. Burt said of this: "The rank and file certainly was content with labor management and since it is utterly impossible to take Ottawa to the rank and file we have succeeded in bringing the report and file to Ottawa." From the park, the 500—including 25 women—marched the short distance to Parliament Hill behind Piper Jack Sandison of Toronto and his skirling bagpipes. Absence of police from the scene reflected their orderliness. Their general spirit was one of serious good humor.

## Church Centenary At Antigonish

## Four Mexicans Killed

ANTIGONISH, N.S., Aug. 1 (AP)—Parishoners of St. Andrew's Roman Catholic Church here today with high mass celebrated their church's centenary here today with high mass celebrated by Most Rev. J. R. MacDonald, coadjutor Bishop of Antigonish, and a former pastor. Archbishop James Morrison of pre-1914, the centennial sermon, recalled that the first grammar school in eastern Nova Scotia was at St. Andrew's. Church dignitaries attending the ceremonies included Bishop P. A. Bray, of Saint John, N.B., and Bishop G. L. Landry of Heart, Ont.

## Manitoba Makes Tax Agreement With Ottawa

## Control Of Atomic Energy Given To Civilian Commission

(By The Canadian Press)  
OTTAWA, Aug. 1—Premier Stuart Garson of Manitoba said in a statement last night that Manitoba and Dominion Government officials will meet in early autumn to consummate a new formal tax agreement between the two governments. Mr. Garson said that after three days of discussion here a draft agreement was prepared and will be submitted shortly to the Manitoba and Federal Cabinets. The agreement was drawn up on the basis of the Federal offer to the provinces as outlined in the budget speech. Manitoba would agree not to collect personal income or inheritance taxes for a period of five years, and to limit corporation income tax to five per cent.

## Trieste Plan Unacceptable To Yugoslavia

## Big Four Compromise Solution Is Rejected By Vice-Premier Kardeelj

By LYNN HEINZER  
PARIS, Aug. 1 (AP)—Yugoslav bluntly announced today she could not accept the Big-Four compromise solution of Trieste and the Netherlands warned peace conference delegates that the compromise powers imposed their will on others. A bitter attack on the Trieste decision, Edward Kardeelj, Yugoslav vice-premier, and chief delegate, said his country would reject the solution because "it abandons large sections of our people to the oppression of Italy." The expected explosion on Trieste came after Foreign Minister Molotov of Russia attended a Greek motion in the rules committee to open the conference to "any peace questions." The committee adopted Mr. Molotov's amendment that a delegation, could raise any question, "pertaining to the draft treaties." Prime Minister Mackenzie King, who heads the Canadian delegation, is expected to attend tomorrow when he speaks before the plenary session. Mr. King and his advisors have been working for several days on the text of the address which likely will sum up the Canadian position in regard to several major questions. The address will be made some time after 4 p.m. G.M.T. (11 a.m. E.D.T.—12 noon A.D.T.) when conference sessions began. The boundary between Italy and Yugoslavia was "negotiated on all the fundamental principles for which our people fought." Just before King's announcement, the equality dispute between the United States and the declaration: "We are opposed to having the great powers impose their will on the others."

## DESTINATION NOT REACHED

Meteorites are usually so small that they are burned up long before they reach the ground.

## Coming Events

## C.N.R. Regional Manager's Daughter Killed In Accident

GAGETOWN, N.B., Aug. 1 (CP)—Miss Mae Johnson, 20, of 1113 Main Street, Moncton, was instantly killed in a car accident late last night and Paul E. Gagnon, 34, was seriously injured when their car, in which they were driving with three other persons failed to make the curve at Campello Island near Gagetown and plunged over a guardrail apparently crushing Miss Johnson to death as the car rolled over several times. Mrs. J. P. Johnson, mother of the young woman who was killed, is a resident of the Moncton Hospital where she has been for the past few days. Mr. Johnson, who is vice-president and general manager of the Canadian National Railways, Atlantic Region received word of his daughter's death at the hospital today attending the funeral of the calm erected in memory of the late President Roosevelt. Mr. Johnson is one of the Maritime's most prominent citizens.

## N.S. Fishermen Charge Interference By Foreign Trawlers

HALIFAX, Aug. 1 (CP)—Officials of the Canadian Fishermen's Union expected tonight to have ready for forwarding to Ottawa a permanent force man with down sworn statements from Nova Scotia fishermen on "foreign trawlers." The statements will be part of the formal campaign of Nova Scotia fishermen to combat alleged interference with their operations by Spanish and Portuguese trawlers on the rich Quebe Bank 140 miles east of here. Earlier this week an official of the Dominion Fisheries department at Halifax said that no government action could be contemplated until affidavits from masters of fishing vessels were received by the department. At that time no statements had been received. Despite the fact that affidavits had not been filed earlier, fishermen have been valuable about the matter. Hundreds suggested by fishermen since the situation on the 25-mile-long fishing ground reached the attention of the Fisheries department. The invasion of the bank by foreign trawlers has caused considerable damage to the fishery. Foreign trawlers came ashore with stories of losses suffered by at least five catches. The fishermen alleged that the foreigners were crowding them off the bank and forcing them to move to Newfoundland's Grand Banks where conditions were not as good.

## Reject Proposal For Joint Commission

MOSCOW, Aug. 1 (AP)—The Russian foreign office announced today it had rejected a United Nations proposal for a joint commission to study economic restoration in Hungary. The foreign office said in a statement published in Izvestia that the Hungarian government could do the "basic best" if asserted it was "autonomous" and that the Russian army lived on the States proposal for formation of a Russian, American and British joint commission to study economic restoration in Hungary.

## BANK EMPLOYEES STRIKE

NEW DELHI, Aug. 1 (Reuters)—Two hundred employees of the Imperial Bank of India in New Delhi went on strike today demanding a revision of pay scales and other concessions. Police were posted outside the bank, manned by small supervising staff.

## Gambling Houses To Be Kept Under Close Watch

MONTREAL, Aug. 1 (CP)—Montreal's gambling operators used their enforced idleness tonight to plan a similar situation, continuing to unfold in the wake of the slaying of Harry Davis, one of their big bosses. The day brought developments on the three points: 1. In court—Louis Berocovitz, 38, who has admitted firing the shots which killed Davis, was ordered to appear Aug. 8 for a preliminary statement on a murder charge. He has claimed self-defence. 2. In City Council—members demanded a full probe of reports that Davis collected protection fees from the underworld for payment to municipal authorities. 3. At police headquarters—the new morality squad leader gave details of a plan to hunt gambling houses out of operation while observation night and day. The old morality chief appeared in court tonight. A stormy city council meeting late today, several members threatened to group together for a referendum should the executive committee fail to call a special council meeting to discuss the gambling racket. After a similar meeting this morning, some council members said they expected a full investigation would be launched in reports that certain civic officials had accepted protection money from the underworld for the old morality chief's appearance in court. The board cannot force Capt. Tache to appear but Acting Police Director Alfred Belanger said he will almost certainly be dismissed if he fails to report when called. Yesterday the board refused to accept Capt. Tache's resignation and decided he should be summoned to face "very serious charges." Lieut. Arthur Malle, Capt. Tache's deputy, was suspended at yesterday's board meeting after admitting he had been guilty of "grave dereliction of duty," reported by taking orders from Capt. Tache instead of from Police Director Alfred Belanger. Malle will appear again before the board Aug. 16.

## Air Schedule

HALIFAX, Aug. 2 (Friday) (CP)—Official inland forecasts issued by the Dominion Public Weather Office at Halifax at 12:15 a.m. A.D.T., Friday, Aug. 2. ## Decline Request For Special Meeting With Representatives Of Ontario Labor Unions

(By The Canadian Press)  
OTTAWA, Aug. 1—The steering committee of the Commons industrial relations committee, which carried a request for a special meeting with more than 100 Ontario steel mill workers and their union leaders, declined to take Ottawa to the rank and file we have succeeded in bringing the report and file to Ottawa. From the park, the 500—including 25 women—marched the short distance to Parliament Hill behind Piper Jack Sandison of Toronto and his skirling bagpipes. Absence of police from the scene reflected their orderliness. Their general spirit was one of serious good humor.

## Search For P.E.I. Native

HALIFAX, Aug. 1—Search for Cyrus Birt, 26-year-old native of Peake's Station, P. E. I., tonight had spread over Nova Scotia and Prince Edward Island. Birt was reported missing by his brother Alex who said he was last seen in a Halifax restaurant last Friday night. Dragging operations for the body of a man believed to have fallen from a Halifax pier late Friday night were discontinued as a relative expressed the belief Birt had not fallen from the pier.

For Lighter Bread Cakes and Pies use BLOSSOM CANADA Flour

## Four Mexicans Killed

EL MONTE, Calif., Aug. 1 (AP)—Four Mexicans asleep on top of a truckload of baled hay were killed today, one by decapitation when the vehicle went under a highway underpass without sufficient clearance. A fifth, Jose Sandoval Velasco, 42, escaped without a scratch because he was sleeping in a hollow place in the hay.
