Wonderful Gain In Weight Made

YOUNG WOMAN ONLY WEIGHED 76 POUNDS—NOW WEIGHS OVER 100 AND IS GAINING EVERY DAY

"Before I began taking Tanlac I only weighed 76 pounds. I now weigh over one hundred and am gaining every day," said Miss Lillian Davis of Chattanooga, Tennessee.

"I bought my first bottle of Tanlac at Gas City, Ind., and it helped me so much that I continued using it. I have always been very delicate and suffered a great deal from stomach trouble and rheumatism. I rarely ever had any appetite and simply could not relish anything. I felt until I only weighed 76 pounds and was so thin I looked perfectly awful. This is the condition I was in when I began taking Tanlac.

"Oh, I feel so different now. Even my complexion is improved. My appetite is good and I can hardly get enough to eat. Tanlac is simply grand and I can truthfully say that it is the only medicine that has ever done me any good."

Tanlac is sold in Charlottetown by Reddin Bros., and by leading Druggists everywhere.

CITIZENS AMUSED—Those who strolled along Central Street in Summerside during the last few days have been interested and entertained in the generosity of one of the visitors to the western capital, who has been disporting himself during the stay in town by attempting to improve the singing, dancing and acrobatic abilities of the juvenile element. New and eccentric terms, however, with five cents for the reward, have been a regular bill of fare along the sidewalk during the afternoon (these days) and there are many who after hearing the tumultuous discord of the spinning loom, long for the days when Summerside was the hub of the maritime Greenwich Village it appears to be now.

HOTEL DINNER ENJOYED—At the Victoria Hotel yesterday about 80 guests were present and enjoyed a wonderful dinner and the splendid music furnished by the Cyclone Novelty Orchestra. The event was another masterpiece of the chef's art and is deserving of considerable praise. The vocal solo by Mr. Goodier, also piano solo, the violin solo by Mr. McDonald, received hearty applause while Mr. Hookway and Mr. Anderson were at their best on the Saxophone and Banjo. A trio by Messrs. Goodier, McDonald, and Anderson "you made me forget how to cry little girl" made a great hit and were heartily encored. The dining room was tastefully decorated with asters and Golden Glow and presented a very pretty appearance. The dining room staff gave their best service and deserve much credit. Mr. and Mrs. Brown are to be highly complimented upon their success in making the Victoria Hotel second to none in the Maritime Provinces.

Add to the richness of your soup cream soups and gravies by using Borden's St. Charles or Jersey Milk "with the cream left in" Canada's National Milk. The very best but costs no more.

Athletic Meet And Horse Races This Afternoon

The Driving Club met Saturday and rearranged the classes for Labor Day adding some new horses and cutting out some that had been injured or drawn from the lists. The battle line up in the various classes is now a real good one, each race being arranged to give the closest possible finishes.

Additional interest will be taken in the first class in the entry of Colonel Waltz 2 16 1-4. Many are anxious to see this much talked of horse perform against Kennedy Marqué 2 13 1-4 and Albert J. 2 21.

This race will certainly be a good one with some heats shading 2:16 if track and weather is favorable.

In connection with Labor Day one of the outstanding features will be the events performed by the athletes. Bicycle events will be keenly contested, there will be at least five starters: McPherson, Moran, Gordon, Francis, will fight for supremacy to represent the city in the Maritime Championships at St. John. In the sprints close finishes are looked for. Doyle has been hard at work and will give McEachern keen competition. Lou Campbell may surprise the fans in view of his excellent performance at the Caledonian games. In the hurdles stirring finishes will be in order. Phil McDonald shows great style and will give the older athletes a royal battle. His jump is a great one. In all the events there will be exciting results, and the spectators will witness high class efforts.

The following are the entries for the athletic events and horse racing:
