THURSDAY
Eric Dawson, Cape Traverse, who had his arm broken in P. W. College about three weeks ago arrived in the City Tuesday morning to again take up his college studies. Mr Dawson is little the worse of his serious accident and his many friends will be pleased to learn of his rapid recovery.

At the Police Court yesterday morning the two young chaps, Callaghan and Bell, arrested recently in connection with the recent Halowen celebrations, appeared and three witnesses were examined giving evidence against them. The first called was Richard Grant, the owner of a wagon that had been broken up, stated that the carriage was worth about twenty five dollars before it was taken in charge by the defendants and their chums. It is practically useless now. Hooper Horns said that a carriage worth about twenty dollars had been taken from his premises and destroyed. John Henderson stated that he had seen some boys with a carriage belonging to a Mr Dewas. He took the carriage from the boys and restored it to its rightful owner. After the case was in the Magistrate's hands the case was adjourned to give the officers a chance to get some more witnesses before the court. It is understood that all the participants in Halowen's festivities will appear to answer for their conduct in the near future.

While Miss Marion Toombs, City, was returning home Monday night last, after having accompanied a playmate to her home, she chanced to cross the path of some Halowen's jubilants, who were having the usual good time. This party had with them a rope, which they were circling around any person who happened to saunter along and who would not be likely to be able to offer any material resistance. The rope was passed around Miss Toombs as she endeavored to pass by, she was thrown to the ground and dragged quite a distance. Later the cowardly gang scented danger in the person of a pedestrian who had observed the occurrence and who was rapidly hastening to the girl's assistance, and they took to flight, in their haste trampling over the prostrate form of their victim and severely bruising her. Miss Toombs' injuries were attended to, after her rescuer had carried her to her home, and she is out again. Some of these rowdies will probably appear at the police court shortly and tell of their share in this cowboy performance.

The sad news was received a few days ago, of the death of Rev Father Daniel Hughes, St Paul, Minn, at the early age of forty-four years. Father Hughes was one of the clever Provincialists who took the West for his field of labor. He was a student of Prince of Wales College from which he graduated with honors. He studied for the Priesthood in the Grand Seminary, Montreal. He went to Rome eight years ago to study for his degree, since then he has taught in St Paul's Seminary. Father Hughes was an able lecturer, a pleasant genial man and above all a devoted priest of God. His consoling sympathy will often be missed by his many friends. He leaves to mourn two brothers: Rev Robert Hughes, pastor of St John's Baptist Church, Mankato, Minn, and Patrick of Crookston, Minn, also four sisters, Drs Helen and Jane Hughes of Mankato, Minn, Sister Rose, Superior of the House of the Good Shepherd, Portland, Oregon, and Mrs John Byrne, Bedford, to whom the community extend sincere sympathy.

The Halifax Maritime Merchant says—Arrivals of P. E. I. produce are commencing to come to land. Some shipments have come by steamer and last week the first schooner of the season arrived. The prices prevailing at the present time are about as follows: potatoes, 35 cents; oats, 47 to 50c; turnips, 25 cents. With regard to potato prices, the opinion is expressed that this represents the pretty well the low water mark. One handler says that he does not expect lower prices and, on account of a prospective falling off in supply resulting from damage by rot, would not be surprised if the market would stiffen up later on. In New Brunswick there has been much destruction because of the damp and warm weather, and if there should be any more calls from the latter varieties, there will in all probability have to be higher prices for good stock. The oat market is a little unsettled just now. While a nominal price of 47 to 50 cents is made, one is reported to have changed hands at 45 cents. At the same time Ontario holders are reported as being firm in their attitude and they may have an influence on the price of Island oats, even though the crop is a large one.

FRIDAY

—Wednesday night last the barn and outbuildings of Jacob Mallett, Ives Point, were destroyed by fire. The origin of the fire is unknown.

—Schurman & Co have the work of building the new rink in Summerside fairly under way. The foundation is laid and most of the framework is now ready for erection.

Boarders in a certain house on King Street were rather surprised yesterday morning on going downstairs for breakfast to find the rooms on the over flat practically devoid of furniture and to find on further investigation that the mistress and her family had "flown the coop." It was rumored that the inconsiderate boarding mistress had occupied the few small hours in getting the furniture out and packing up some of her belongings for a trip to Boston.

The marriage of Miss Ethel Dobell, only daughter of Henry Dobell, of Montreal, to Louis DesBrisay, formerly of Charlottetown, P. E. I., took place quietly at St John's Church on Saturday last, the pastor, the Rev Arthur French, officiating. The bride, who was attended by Miss Hickson, was given away by her father, Mr Dobell. Alfred Dobell, of Quebec, acted as best man. Mr and Mrs DesBrisay will reside at Lachine for the winter.—Montreal Witness.

E. G. Coombs, who, for about ten years has been the efficient manager of the Bank of Montreal at Sackville, has been promoted to the position of Manager of the Bank of Montreal at Charlottetown. Coombs expects to leave Sackville to assume the duties of his new position the last of the week. It is understood that Mr McDonald, at present manager of the Bank at Birchy Cove Newfoundland, will take Mr Coombs' position at Sackville.—Ex.

There is a rumor afloat that the Maritime Provinces members of the several Canadian contingents that served in South Africa will hold a reunion dinner at some central point, probably Moncton on Feb. 27, 1910. This is the tenth anniversary of the surrender of General Cronje at Paardeberg in which Canadians took so prominent a part. This will give the boys a chance to gather together once more and see old comrades for the first time in nine and a half years.—Moncton Transcript.

The death of Duncan K. Scott, North River, which took place recently after a long and painful illness patiently and calmly borne will be learned with regret by his many friends. Mr Scott was a man of sterling character and will be greatly missed in the community. He leaves to mourn a widow two sons, Robert D., of Harrington, Me., Clifford of Regina, Sask., and four daughters, Estelle, of Boston, Mrs Dr Brigham, at present touring through Europe with her husband and Beatrice and Elvira at home.

While James Poulton, George town, and James Macdonald, City, were engaged in carpenter work on the roof of the new freight shed, they fell quite a distance below. Poulton was very badly hurt, an arm and a leg being broken, besides other less serious bruises. At a late hour last night he was doing as well as could be expected under the circumstances, though suffering much pain. Mr Macdonald was not so seriously injured as was at first supposed, and after a short time he resumed duties. Poulton went to his home and will lay off for a day or two.

A very important question is likely to come before the Summerside Town Council at the regular meeting next Monday night. The matter of installing an extensive fire alarm system. All ratepayers are aware of the heavy debt which they have now on their shoulders and see the necessity of economizing in every possible manner. Many of the citizens think that a cheaper alarm system than the one recommended by a few members of the Board of Trade a few days ago will do for the present time. The firemen are not asking for this costly system but suggest something very much cheaper.

At the Police Court yesterday morning, Daniel Murray was convicted of a second offence against the Prohibition act and fined \$200 and costs or four months in jail. This case has been adjourned from time to time since its first hearing a while ago, this being made necessary by the absence of one of the witnesses named Trafnor, who it appears was induced for a stated sum to keep out of the way of the officers of the law when they attempted to serve a subpoena on him. To this end he paid a visit to some of his friends in the country but after some little time spent in locating him he was brought before the court and his evidence convicted Murray. This came out at the trial and it is quite probable that the matter of tampering with witnesses who were to testify in this case will be investigated later. One drunk, James Wilson, was allowed to go free, this being his first offence.

Montreal reports say the cheese boom of last week, and the response of cables yesterday and today has not been very encouraging. The English buyers are again holding off, as they evidently do not feel like operating at the present level of prices. The receipts of New Zealand cheese have evidently effected the demand for the Canadian article to a very large extent, as the former is offered at 55s to 56s delivered at London. The outlook does not look too hopeful, for though the local market may improve later on, the stocks on spot are bound to become heavier, and then steamers leave this port, these stocks are bound to become heavier, and then it will be necessary to add an eighth to the price for the additional railroad haul to the winter ports, which will bring even higher prices. The season of 1909, which will soon be over, has been a disappointing one to the traders here and in England market is on the quiet side after the land. Prices today are 11 to 11 1/2 for easterns and 11 1/2 to 11 1/4 for westerns.

The marriage of Miss Blanche Lemon, daughter of John Blanche Montague, to Herbert E. Watson of Walpole, N.H., took place in Walpole on the 29th of Sept. last.

The death occurred in this city yesterday of Mrs David Stanley, Longworth Ave, after an illness extending from last May. Besides her husband seven children are left to mourn.

On Wednesday at Montague blue potatoes advanced to 25c and reds to 22c per bushel. There are no doubt the leading prices on P. E. I. and should encourage the farmers to rush along while the weather is mild, and a good fleet in port to handle same.

The body of the First Methodist Church was filled to the doors last night for the initial service of the "King's Business Evangelistic Mission."

A short service of song led by Mr Nafziger, with Mr Leggett at the piano, was followed by a splendid address by Dr Elliott.

Dr Elliott speaks in easy conversational style, apt illustrations, and vigorous applications of truth made his address very convincing. After complimenting the Executive Committee on the very satisfactory preparation for the Campaign, Dr Elliott announced his text to be—1 Chron. 29:5—"Who then, is Willing to Consecrate his Service This Day Unto The Lord."

He defined the Christian life to be first and for all time a consecration of self to Christ and also a continuous renewal of consecration of service for Christ. Every professing Christian responsible for some form of service for the Master according to opportunity and ability given. In the church there are usually found two classes of people—the doers and the dodgers—those who do something and those who try to shirk everything. The latter work harder than the former in their efforts to escape doing anything.

The Christian service has three characteristics. First, it is willingly rendered; second, it should be done without delay; third, it must be "Unto The Lord." Every person has some gift to use for God. Every Christian ought to be a soul-winner for Christ. Not until the whole membership of the church is aroused to work she really stands for.

In most impressive terms the preacher appealed to every child of God to consecrate his powers anew and to face the responsibility and privilege of bringing some one to Christ. He emphasized that he came to help the pastors and Christians in this city to do their work and aim as they set permanent results. From the beginning of the service Dr Elliott won and held his audience by the charm of his personality and the simple but direct presentation of his theme.

Mr Nafziger's singing was most effective, and one is assured in listening to the song that a true Christian life is behind it. Mr Leggett, the pianist, accompanies with the touch and power of skilled musician and the service of song was eminently appreciated in every way. Certainly last night's meeting was of a high order and gave anticipation of a most successful mission to our city and province.

At Charlottetown and within St James' Hall there, on Tuesday, Nov 2nd, 1909, and at 10 o'clock a.m., the Presbytery of Prince Edward Island met and was constituted by the moderator pro tempore, Mr W. H. Spencer, with those present Messrs T. F. Fullerton, M. W. McLeod, John Murray, W. A. Mason, A. D. Sterling, R. G. Strathie, S. D. McPhee, Geo E. Ross, A. O. Stewart, A. Crase, W. I. Green, John Hawley, M. Hattie, ministers John A. Lundson, R. Munn, A. S. Nicholson, James Moar and Alex Martin, elders. Minutes of meetings held on August 3rd, 1909, were read and sustained. Messrs W. A. Mason, R. G. Sinclair, and A. J. McNeill were appointed to draft a suitable resolution in the late Mr George McLennan.

Mr T. C. James being present, was invited to sit and correspond. An irregularity in regard to the serving of edicts at Georgetown was noted, and it was agreed that Presbytery deem such reading, viz, on one Sabbath as sufficient under the circumstances. Messrs W. A. Mason and T. C. James were appointed by the moderator to examine the session records of Covehead. Mr Geo E. Ross called the attention of Presbytery to the death of Mrs John Murray, and moved the following resolution which was duly seconded and carried That the Presbytery convey to Mr John Murray and the members of the family its very sincere sympathy in their sorrow and irreparable loss sustained by the death of Mrs Mursay, since the 1st quarterly meeting of Presbytery.

On motion it was agreed that the congregation of Bloomfield be authorized to raise the sum of one thousand dollars on Church property. Mr M. N. McLeod reported that he had been in a call at Cardigan on Oct 28th last, that the call came out heartily in favor of Mr. J. M. Mc-

Leod, New Mills, N. B., that it was signed by one hundred and six communicants and one hundred and fifty adherents and that it was accompanied with a guarantee of eight hundred and fifty dollars stipend with use of manse and glebe. The conduct of the moderator was approved. Commissioners Alex Martin and Neil McCannell testified to the unanimity of the people in this matter. On motion the call was sustained as a regular Gospel call and the clerk was instructed to forward the same to the clerk of the Presbytery of Miramichi. Rev A. F. Carr was appointed to represent the Presbytery of P. E. Island and the congregation of Cardigan before the Presbytery of Miramichi in prosecuting the call.

Provisional arrangements were made for induction of Mr McLeod as follows, on a date to be named by the moderator and clerk:

The moderator of Presbytery to preside and induct, Mr H. W. Toombs to preach, Mr D. Wright to address the minister, and Mr M. McLeod the people. Serving of the edict was left in the hands of the interim moderator.

Mr T. C. James redorted on the McKenzie Furl. Congregational treasurers are asked to remit contributions to this fund to Mr James as soon as possible. In view of the state of Mr. A. D. McKenzie's health Presbytery decided to ask the Foreign Mission committee to urge upon Mr McKenzie to return home for a time for change and rest, and also decided to vote the sum of one hundred and twenty five dollars out of the McKenzie Fund to pay his travelling expenses.

Mr R. G. Strathie was instructed to write Mr McKenzie and express to him the feelings of the Presbytery on this matter. The following resolution was moved by Mr T. F. Fullerton, seconded by Mr Geo E. Ross and carried unanimously.

Whereas certain preachers from abroad have been attacking and denying some of the historic and fundamental tenets of the Christian religion common alike to Catholic and Protestant; and, whereas the preachers variously known as Coonycyts; Ivincits; Go-Preachers; no sect; no church; Jesus way, etc, have gained an entrance into Christian settlements and homes within the bounds of the Presbytery where they have succeeded in creating religious dissension in peaceable communities in breaking up homes, alienating parents and children and in stirring up unseemly strife and discord generally, thereby doing incalculable injury to the cause of true religion; And whereas, it has been brought to the notice of this Presbytery that certain affidavits have been sworn to, alleging that the said Go-Preachers, etc, are acting in conjunction with procurers and procuresses whose object is to lure young girls from their homes, and where the said preachers to our knowledge denounce all ordained ministers a money-seekers and Mammon worshippers who are deceiving the people; and whereas, there is now in the possession of the clerk of this court sure and certain information that the affidavits aforementioned are genuine and that the said preachers notwithstanding their denunciations of money possess ample funds secured from their followers and whereas, daily newspapers of high standing in the United Kingdom and in Canada, have deemed it necessary to issue salutary earnings against the said preachers; and whereas, the said preachers have taken no cognizance of, and made no reply to the very grave accusations in the said affidavits;

It is therefore resolved that it is binding on this Presbytery to warn, and it hereby does warn ministers and congregations to be on their guard against all so-called "evangelists," who, under the specious plea of preaching the gospel of Jesus Christ, are undermining the true faith and are doing immeasurable harm to the cause of pure and undistorted religion.

On motion it was decided to appoint Mr W. H. Spencer to take the usual services in the congregation of Bloomfield, O'Leary and West Cape on Sabbaths Nov 7th and 14th, the convener of H. M. Committee to provide multiple supply for Covehead upon these two Sabbaths. (Continued on Second Section.)
