A Plain Statement of why "Shiloh" Cures Consumption.

The mistake generally made in treating lung diseases is in treating the effects of the disease instead of the disease itself. Consumption is in the blood and the lungs are the natural organs for throwing off the poison. It is quite useless to merely stop the coughing or even to heal the lungs while the disease remains in the system because the relief is only temporary. Shiloh's Consumption Cure does allay the coughing and soothe the irritated surfaces of the lungs, but it cures consumption because it gives to the blood the power to destroy and throw off the germs.

"Shiloh" is sold on the express condition that you may have your money back if it fails to produce satisfactory results. You can get "Shiloh" wherever medicine is sold. In Canada and United States 25c, 50c and \$1.00 a bottle. Great Britain 15/6d, 20/6d and 45/6d.
