BURLINGTON & VICINITY

Mrs. Archie MacMurdo has returned to her home in Kelvin after spending a few days with her daughter and son in law, Mr. and Mrs. James McKay at Clinton.

Her many friends regret that Mrs. John Doughart is a patient in the Prince County Hospital, having broken her wrist at her home at Kensington.

The condition of Mrs. William E. Proffit who became suddenly ill at her home at Burlington on Tuesday is now somewhat improved. — Bur.

About forty members of the respective families of Mr. and Mrs. John Moase, assembled at their home at New Annan on Saturday evening to tender them a surprise party on their fiftieth wedding anniversary. A delightful evening was spent in games, music and conversation and Hazel and John received a crystal flower basket and other gifts to commemorate the occasion. Mr. Leigh Paynter as chairman introduced this part of the program with humorous remarks, an address was read by Mrs. Harold

Mill and the presentation made by Mr. Herbert Proffit. Mr. and Mrs. Moase each expressed their thanks and appreciation of the gift. A delightful lunch was served by the ladies.

Miss Edna MacMurdo entertained intimate friends of Mr. and Mrs. Stanley Sharpe, November 13th, to 1947 at her home at Kensington. A delicious goose dinner was served by the hostess assisted by Mrs. Eustace Reeves. Two beautifully decorated wedding cakes adorned the table and were cut and served. During the evening Mrs. A. MacMurdo addressed the guests of honor briefly and called upon Mrs. Eustace Reeves, who read an address to Stanley and Annie who were each presented with a small gift by Messrs. Eustace Reeves and Ellis Proffit. Mr. Sharpe thanked their friends on behalf of his wife and himself. The remainder of the evening was spent in happy social intercourse.

Remembrance Day was fittingly celebrated at Kensington by services at the Presbyterian and Roman Catholic churches. A dinner in the Masonic Hall dining room, was attended by veterans, their wives and local clergy. The callers, Mr. and Mrs. Champion of

"Bill's Restaurant" served a delicious and satisfying meal. The president of the Canadian Legion Mr. C. C. Hession canably acted as master of ceremonies and the grace was said by Reverend Campbell. "To the want chair" was observed by a period of silence. A toast to His Majesty the King was responded to by the singing of the National Anthem. The toast to the Armed Forces was responded to by Donald Baker for the Navy, Lamont Casley on behalf of the Air Force. The toast to the Legion was responded to by the president who spoke of the Legion, its past, its hopes for the future and the great need for a Canadian Legion Hall in Kensington to be erected in memory of those who gave their lives for the use of the living in this and future generations. Mrs. Ellis Proffit responded to the toast to the ladies who were present at this annual dinner for the first time in its history. Reverend G. S. Stevens, Reverend Father Reginald MacDonald and Reverend D. E. Noel on the invitation of the toast masters, each spoke briefly, but effectively. A solo by Mrs. Alfred McKay, Long River, "My Ain Home" was vociferously endorsed and Mrs. McKay returned with a second number, "Just a Wee Doch an Doris"; Mrs. Ernest Dunning was organist

for the evening. The address of the evening was given by Reverend D. A. Campbell whose account of personal experiences in the Holy Land, was listened to with intense interest. Reverend Mr. Campbell visited the Holy Land with the army, as a member of the ranks. A sing song followed, led by Reverend G. S. Stevens. Another popular soloist was heard in the song, "I Wish I Were Single Again." The president and committee are to be congratulated on their success in arranging a very fine evening's entertainment.

Many people deplore the fact that many of the finest young men must migrate to other provinces and other countries in order to find scope for their talents, due to insufficient opportunity in this island province. Therefore, those who early in life become aware of their own particular abilities see an opportunity to develop such, and above all, grasp that opportunity, are worthy of special notice, by all who have the welfare of our country at heart. Such a one is Elton Sharpe, who at the age of 19, has purchased the historic wood working shops at Margate, has had them enlarged and remodelled and is now building the famous Marks driving

sleighs. The initiative of the new proprietor is matched by his good fortune in retaining the services of Mr. Frank D. Marks the famous owner, who although he has sold the factory has agreed to work on a part time basis and every sleigh is built by the Marks design, and under the supervision of Mr. Marks, assuring quality, second to none. Elton has been working under Mr. Marks' tuition for the past three years, and with a natural flair for the work has absorbed a fund of knowledge which when combined with experience will place him among the best in his line.

Mr. Edmund Peters and his mother-in-law, Mrs. F. D. Arseneault of Miscouche, visited Howlan on Saturday at the home of Mr. and Mrs. Tennes Peters.

There has been quite an improvement made at the dump between Howlan and O'Leary which was badly needed as at times it was none too easy or safe either to get by walking or driving, as skunks and rats found it a very good feeding and breeding place.

Miss Mary Pineau of Bloomfield is visiting her cousin, Mrs. J. C. Gallant and Mr. Gallant of Howlan. Miss Pineau has been blind since only a small girl but she is a very wonderful writer. She also can do much of the housework in her own home where she knows exactly where everything is kept.

Rumor has it that Mr. Wm. Arseneault of Lot 6 sold his whole lobster fishing and packing plant down at Gordon's Harbour to an American firm for a very nice amount. Mr. Arseneault is building a very fine large modern house in Lot 6. His son, Harold, also had a new up-to-date dwelling built in the past summer.—How.

What could easily have been a fatal accident occurred on Tuesday afternoon when a car headed for Howlan from Duvar and occupied by three men from Portage, in some unaccountable way left the road just on the bridge going over and landing upside down in the brook about 8 feet below with all three men in the car. Apart from getting a cold dip none of the men were hurt.

People of Bloomfield Corner will miss an old and highly respected neighbor, Mr. Joseph Doron who just recently moved to Summerside to spend the winter months with his daughter, Mrs. Felix Blanchard; also his daughter and housekeeper, Mrs. Ben Arseneault, who will also spend the winter in Summerside, the guest of her daughter, Mrs. B. I. Raymond.

Mrs. William Gallant left for Boston where she will visit friends and relatives.—Plus.

That Bristol Bear

About two years ago it was reported that a bear was seen in the vicinity of Church Road, King's County. Early this fall another report came of a bear roaming abroad. If the observers were not of the class who can see most anything they want to see, or if their imaginations were not fired by some draught potent enough to produce illusions or hallucinations, it is quite likely that a member of the bear family is still extant in the recesses of the forest primal in P. E. I. It shouldn't be an insurmountable chore to get that bear alive. There are plenty young, courageous and resourceful men in King's Co. They could build a trap or corral and round him up, and get him alive. He could be placed in a man-made den in Victoria Park, the nucleus of a small zoo, which we very much need as an added attraction for tourists. Apropos of the above, the writer has the temerity to inflict on unsuspecting and innocent readers the framework of a "bear story"

Muscular Pains?

Muscular stiffness and pains are often warnings of rheumatic conditions. A call for help can quickly be answered by the gentle, cleansing assistance of Kruschen.

Kruschen is a rational saline treatment which helps the organs of elimination to remove the poisonous wastes of the body, thus getting at a frequent cause of these rheumatic aches and pains. Kruschen also provides the body with minerals often deficient in our daily diet.

Start today by taking a pinch or two of Kruschen every morning for a month or so. See if the pains aren't relieved. Kruschen has done Kruschen says: others a world of good. It can help you, too! At all Drugists, 25c and 75c.

"It's the regular morning dose that counts!"

as told by the late John (Felix) Peters of Palmer Road, P. E. I. to the writer. He, and his brother Pat (Felix) were hunting in the cedar swamp at the rear of the Waterford farms. They had a Queen Anne musket loaded with buckshot, when they came on a "hot" trail of a bear. Light snow had fallen during the night. Being in the prime of youth and physically fit, they didn't quaver or crawl-fish, but started to overtake the bear pronto. They followed his trail across Palmer Road and Smith Road across the Central Line Road (now called Alma) and on toward Bloomfield. They caught up with him at Alma and followed closely. They discovered that the bear was far more tired than they. At an opportune moment John fired his thick hide like half off a roof. The gun was a muzzle loader. No time to load again. The bear was slowing up noticeably. John ran ahead of him. The bear

opened his mouth wide; the natural thing to do in such a crucial moment was above the gun barrel in the bear's mouth—which he did. The bear closed his jaws most ferociously, cracking about a foot off the barrel. Then John beat him over the head with the remainder of the gun. Meanwhile Pat was assailing him from the rear with a stake which he had picked up during the chase. The bear was soon killed by the courageous young hunters. The skin decorated the Peters' home for many years. It was a twelve mile chase. This occurred in the early 1890's.—K.
