JAP. TRADE IS WATCHED BY BRITISH INDUSTRIALISTS ARE ALARMED

Concerted Action Should Be Taken To Safeguard British Markets In World.

(By George Hambleton)
(Canadian Press Staff Writer)

LONDON, June 1—(C. P. Cable)—Japanese competition in world markets is creating alarm. Industrial federations are passing resolutions calling attention to prevailing conditions and both sides of the House of Commons echo the uneasiness.

The Government already has given notice of the withdrawal of the West African colonies from the Anglo-Japanese trade agreements. This was done to enable these colonies to give preference to British goods.

A special committee of the Federation of British Industries has submitted a report to the Board of Trade in which it is estimated that during the next 20 to 30 years Japan's population will likely be increased by 15,000,000 to 20,000,000. Only a fraction of these, the report states, can be fed out of Japan's domestic resources.

"It is inevitable," the report adds, "that competition must become increasingly intense. Depreciation of the yen has been deliberately used to embark on a reckless national

Stage Daring Holdup

Eleven Fugitives Are Believed Split Into Several Groups.

CHELSEA, Okla., June 1—(A.P.)—Bank robbery was added late today to charges of kidnaping, motor car theft and a slaying piled up against 13 fugitive convicts who have left trails of terror from the Kansas and Oklahoma penitentiaries.

Six men held up the Bank of Chelsea, seized available cash and shot their way out of town. They fled by automobile, apparently unscathed by the fire of citizens.

"Two came in with pistols leveled at us and told us to lie on the floor," said Faye Raymond, assistant cashier. "We complied. They went into the cage and took the money. Before they got it all, firing began and they ran to the door."

City Marshal Ed Chiles had opened fire from across the street.

Wounds May Be Fatal

Attacker Gives Himself Up To Police—Another Is Injured.

HAVANA, June 1—(A.P.)—Representative Oscar Montalvo was wounded critically today in a sensational pistol fight, in Cuba's new Capitol building.

Mario Cuellar, Secretary of representative-elect Juan Daniel Byrne, gave himself up to police and was confined in the municipal prison. Hospital attendants said they did not expect Montalvo would survive his wounds. Colonel Felipe Sanchez, retired army officer, was shot through the head during the gunplay and it was believed he, too, probably would die.

The shooting occurred in the Senate Conference Hall, just after members of the joint Senate and House Commission had finished discussing the Amnesty bill for political offences.

BOAT SINKS HALF MILE FROM SHORE

RESCUERS ARE TOO LATE

Claude Cormier And Steven Jones, Miminigash Washed Overboard While Lobster Fishing—Rescuers Fail To Locate Victims.

What is feared to have been a double drowning tragedy occurred last evening at Waterford, about six miles from Tignish, when a lobster boat containing Claude Cormier and Steven Jones of Miminigash was swamped by a heavy sea about half a mile off shore. The men were washed overboard. The fishermen were seen from shore to be in difficulty, and the large motor boat of Mr. Wilfred Shea was sent to the rescue, but arrived on the scene too late. The swamped boat was recovered, but there was no sign of the accident victims. Up to a late hour last night efforts were being made to recover the bodies, but without success.

Both men were about 35 years of age, and were brothers-in-law. Mr. Cormier leaves a wife and six children, and Mr. Jones a family of three children. The shocking tragedy has naturally caused a sensation, and deep sympathy is felt for the suddenly bereaved families.

BOY DROWNED AT WEST RIVER

Reggie Sherron Lost Life Attempting to Reach Shore From Drifting Boat.

Apparently leaping from the boat in which he was drifting on West River, Reggie Sherron, ten year old son of Mr. and Mrs. George Sherron, St. Catherine's, was drowned on Wednesday evening. The lad and his cousin, a boy about the same age, had been rowing on the river, and evidently had lost the oars. While the boat was in shallow water one of the boys jumped out and reached the shore. The other lad, it appears, waited till the boat got into deep water before attempting to follow his companion, and was drowned.

Before parents and friends arrived at the shore the unfortunate lad had disappeared from sight. Dragging was at once begun, but it was not till 5 o'clock yesterday morning that the body was located.

Dr. L. B. McKenna, the coroner, went to the scene of the tragedy, and on inquiry into the circumstances decided that an inquest was unnecessary.

DISARMAMENT CONFERENCE ADJOURNS

Will Resume Again June 27—France and Allies Withhold Approval of Peace Plan.

(Associated Press)

GENEVA, June 1—Norman H. Davis, United States delegate, reassured the Disarmament Conference today just before it recessed for several weeks that the United States will wholeheartedly support international supervision of armaments, but will not promise in advance to join in penalties against an offending state.

While the United States, Mr. Davis said, is a strong advocate of moral pressure upon nations which violate treaties, it will make no promises in advance to punish anybody.

The conference took recess after making it clear to smaller powers that before the resumption of major activities about June 27 the Steering Committee will continue to sit in an effort to draw up a revised arms limitation treaty.

Jury Finds Six Convicts Guilty On Riot Charge

Prisoners Are Accused Of Causing More Than \$50,000 Damage In Riots At Saint Vincent De Paul Penitentiary.

(Canadian Press)

MONTREAL, June 1—"We are unanimous and have no hesitation in finding each of the accused guilty," said the foreman of a court of King's Bench jury today in announcing the verdict in the case of six prisoners accused of causing more than \$50,000 damage in last November's riots at Saint Vincent de Paul penitentiary.

The six guilty convicts—all of whom will be sentenced at the end of the present court term—are Jules Legace, Charles Howard, Wilfrid Pelletier, Alphonse Croteau, Emile Sulkoysky and Georges Gagnon.

As officers prepared to usher the convicts out of the dock, Pelletier turned to the judge and asked in French: "Well, what is it, did they find us guilty or not? I don't understand English you know."

"Did you not hear," answered Mr. Justice Charles A. Wilson, "the gentlemen of the jury said they found you all guilty and they said it in both French and English."

"Oh, but I'm not guilty just the same," said the prisoner as he walked from the court room.

The verdict brought to an end a trial which lasted three days and in the course of which evidence was adduced to show that during the prison riot guards had been intimidated, a fire had been set to the prison tailor shop and hoses hauled by the guards to fight the blaze, had been cut by the revolting convicts.

FLYING COUPLE TO SEEK NEW RECORDS

Mr. and Mrs. James A. Mollison Plan to Take Off From Croydon For New York Monday.

LONDON, June 1—(A.P.)—Mr. and Mrs. James A. Mollison, Great Britain's famous flying couple, are planning to take off from Croydon Monday for a non-stop flight to New York as the first in a rapid series of attempts to establish three new air records.

Mollison and his wife—the former Amy Johnson—count on taking one day's rest at New York, then flying without alighting to Baghdad, and thence back to England.

This ambitious programme calls for 12,000 miles of travel. If they accomplish their plan they would make the first London-New York flight, the first round-trip North Atlantic crossing and would break the world's long-distance record.

The plane in which the Mollisons expect to fly is the "Seafarer", a new craft in which they had a successful tryout yesterday.

Fire Destroys Residence

At an early hour this morning fire totally destroyed the residence of Mr. Archibald Duffett north of Highfield Station. The estate on which the building stood was formerly that of the late Ed. Saunders.

The building was unoccupied at the time. Luckily the adjoining buildings did not catch. Cause of the fire is unknown.
