Star Gets Fame for Love In Film Radio Burlesque

"As if the world will end if I don't go to bed and muck and milk every night at nine o'clock! I don't want to be a national institution; I want to be like other girls. I want a beau!"

That is the bitter cry of Glory Eden, the Purty Girl of the Air, portrayed by Ginger Rogers in "Professional Sweetheart," burlesque of radio broadcasting at the Prince Edward Theatre, Thanksgiving Day, Monday only.

Glory gets fame instead of love, muck instead of caviar, and milk instead of champagne. She is wed to the Ipswich-Waspish Wash Cloth Hour and must remain as pure and untouched as the Ipswich wash cloth she exploits. Defying her sponsors, she tears up her contract, destroying her morality clause, and flaily refuses to re-sign unless she is permitted to drink, smoke, pet, eat rich foods, stay out all night, dance, flirt, and be generally indiscreet.

To placate the girl Ipswich secures a "Dream Man" from the Kentucky hinterland to marry Glory. Jim Davey is a bashful lover in New York, but when he abducts his red-headed spliffie to his log cabin he becomes a caveman. He teaches her love and deportment by spanking, smacks and wallops, building up to a hilarious climax and some screamingly funny situations.

Norman Foster is co-featured with Miss Rogers in "Professional Sweetheart" as the Dream Man. Gregory Ratoff portrays Ipswich, and Zasu Pitts, Allen Jenkins, Frank McHugh and Lucent Littlefield are in other prominent roles.

(Associated Press) HOLLYWOOD, Oct. 5—Renee Adoree, French actress, died today of a chronic respiratory ailment that cut short her film career three years ago after she had reached stardom. The actress, born in Lille, France in a circus tent 31 years ago, rose from the obscurity of her father's travelling troupe to the screen pinnacle. She was twice married and divorced. Tom Moore, screen actor, was her first husband, whom she divorced in 1925. She then married William Sherman Gill, a non-professional, and divorced him.

Sir John McDonald was right when he made the statement that elections and horse racing are the two most uncertain things on earth. Take for instance the win of Patrick Direct at Halifax in the 2.18 pace where he beat out Becton Grattan, Star G., King Spruce, Lillian and I'm Alone. He did not seem to have the class of that field at any other track this year. The time was slower also than that made at other meetings, 2.11 being the best.

The win of Claire Napoleon, owned by Dr. P. L. Bowness, Kensington, in the 2.27 trot and pace at Halifax, where she took a record of 2.13 in the second heat was by no means unexpected. She would have been an almost certain winner of the 2.25 pace at Charlottetown had she not met with an accident a few days prior to the race. She will be a 2.10 pacer next year sure.

In winning the first heat in the above race, Trickle Volo just equalled his record taken in his winning race, the 2.25 pace, at Charlottetown, August 23rd, 2.14.

The defeat of Darkey Grattan and Marjorie M. by Calumet Brownie was by no means unexpected, after having defeated them a short time previously at North Sydney. Calumet Brownie looked the best of the bunch to close observers all summer, but seemed to be getting away a little too far back to connect with the winning end.

Frank P. Fox, who is now in his eighty-second year, is still active with the trotters and pacers up in Maine and every year brings up a good performer. Just recently he sat behind a winner which is pretty good for a man of his years.

Calumet Durham (3) 2.08, won five straight victories in twenty-eight days up to Wednesday, September 20th. He is only three years old and had very little training as a two year old. In nearly all his races he has competed against aged horses.

Muscelone (2) 2.03, winner of the Kentucky Futurity for two year old trotters, is a son of Ruth M. Chenault, 2.03, the winner in 1926. He is by Mr. McElwyn (3) 1.89. It is predicted that he will trot in two minutes in 1934.

Meda, the winner of the \$14,000 Kentucky Futurity in which she took a record of 2.03, was as we stated before, a substitute entry for her stable mate, Mary Reynolds (3) 2.03. Meda is a daughter of two world's champions, Peter Volo, world's champion at two and three years old and Nedda 1.58, world's champion trotting mare.

Peter the Brewer 2.02 sold from the Calumet disbursement at \$15,000 to the Hanover Shoe Farms, had up to the end of last month eighteen new and reduced 2.10 performers this season, which is a wonderful record. In addition to the great sire they also purchased some of the choice matrons, among them being the remarkable Justissimo 2.06, whose first six foals have records which average better than 2.03.

Trux 2.03, which sold at \$5,000 in the above disbursement and goes to Europe, is considered a real bargain at that figure. He is only twelve years old and has already nineteen in the 2.10 list and six in the 2.05 list.

A rather startling change is that of Calumet Devine, a three year old which got practically all its development this year at the hands of "Doc" Parrshall. The third week in July she took a record of 2.08 in the trot and seven weeks later she won in straight heats from a field of aged pacers on the pace in 2.05, 2.04, 2.05, which shows that there cannot be a great deal of difference between the trotting and pacing muscles and that preparation for one gait is also good preparation for the other.

Van Sandt (4) 2.01, that has raced practically undefeated throughout this season as a trotter and was the winner of the Walnut Hall Farm Cup at Kentucky, is a

DOWN THE BACK STRETCH

son of San Francisco 2.07; but what we did not notice previously is that he is out of Mabel Trask 2.01, who also won the same event in 1918. Mabel Trask was one of the greatest trotters that ever went down the Grand Circuit. She was campaigned by Walter Cox and many of our horsemen will remember the battles that took place between Mabel, driven by Walter and Saint Frisco, driven by Ed Geers.

One of the latest meetings in the Eastern States will be that at Stafford Springs, October 10-11-12. There will be four classes each day, purses being mostly \$400 affairs.

Volunteer, winner of the three year old trot and pace at the Provincial Exhibition, 1931, at Charlottetown, driven by Billy Keyes, recently took a record of 2.08 in Maine, driven by Harry Clukey.

It will be good news to the many friends of Billy Keyes to know that he has left hospital and is well on the way to recovery after his bad accident which incapacitated him for several weeks.

We notice where Zymri 2.09, raced at Farmington, Maine, was 5-3-3. She was a wonderful performer the season of 1931, winning every race, if we remember aright.

Mac Volo has been a consistent winner this season for Harry O'Brien. In the 2.20 Trot and Pace at Halifax on Wednesday he reduced his record from 2.13 to 2.12. Mac is a son of Roy Volo 2.08, campaigned for several years by Johnny Conroy for Bert Lint of Fredericton, N. E.

In winning the match race between Calumet Brownie and Darkey Grattan at Halifax Wednesday, Darkey Grattan stepped the first heat in 2.08 which is within one-half second of the track record made by Eula H. in 1931.

Addie McGraw 2.10 was 3, 6 and drawn in the same race that Mac Volo won. This was due to no want of speed on her part, but because she was suffering from an injury received at Fredericton and was really not in shape to race and this was not discovered until she had actually started.

Lucky Lindy 2.12 has gone back to his original owner-breeder, Harry O'Brien of Alberton, and Winnie Winkle 2.13 figured in the deal with Well McNeill. Mr. McNeill also purchased the good grey trotter Hemlock. The above transfers were made during the Halifax Exhibition this week.

Our dear little Island makes itself felt in a great many ways. Take horse racing for instance. What Maritime meet is complete without our Island horsemen? Although we are only a fraction of the size of our neighbors we generally carry the lion's share of the awards away.

Danbury, Conn., Fair on Tuesday drew a large crowd, in fact one of the best attendances for years. The horse races were particularly good. The Free For All was won by Cold Cash 2.00, who handed out a beating to the Canadian gelding, Guy the Tramp, who had recently paced the three fastest heats ever paced in New Hampshire over a half mile track. Guy was 2, 2, 2, Toll Gate 3, 3, 3, time 2.06, 2.06, 2.06.

The 2.18 pace had so many starters that it had to be raced in two divisions. The first division was won by Belle Napoleon in straight heats, Napoleon's Brother winning second money. Both are by Napoleon Direct, time 2.07, 2.07, 2.07. The second division was won by Betty Signal in straight heats, worthy Jack 4, 2, 3, Calumet Celtic 3, 6, 5, best time 2.07.

The 2.21 Trot was also raced in two divisions. The first was won by Hollywood Speed, a son of Great Britton, 2.03, Hollywood Flagger winning the third heat, best time 2.11. The second division was won by The Uplift by Peter Volo, Dickerson second, Fleet McKiyo third, Dude Potemkin owned and driven by Senators.

TIMELY HIT

LUKE SEWELL Washington catcher, who hit single in seventh to drive home tying run for Senators.

They cannot win every week. For instance we mentioned above where Guy the Tramp had paced to a new record for New Hampshire half mile tracks averaging less than 2.04 for three heats only to be beaten by Cold Cash at Danbury. Just ten days previously to that race Toll Gate had established a new race record for the Grotton, Mass. track when he won the Free For All stepping the second heat in 2.08.

There will be a sale of horses at the Topfield race track, October 31st. This will be conducted by the Boston Horse Sale Company and no doubt there will be some good bargains.

Chan Hedgewood, 2.03, that headed a lot of summaries a few years ago and looked like the makings of a two minute pacer, dropped dead in the third heat of his race at Trenton, N. J. He won the opening heat in 2.07.

Guy the Tramp's three miles at Rochester, N. H., September 29th of 2.03, 2.03, 2.04, came within one-half second of the world's record for three heats by a gelding paced over a half mile track held by Holloway 2.00, his time totalling 4.11, Guy the Tramp's 4.11.

Sturdy, 2.04, holder of the world's record for a two year old trotter, had his winning streak brought to a halt at Trenton, N. J. when he was beaten by Vitamins and Mazie Volo, both by Peter Volo. The time was 2.12 and 2.09. Sturdy had won eleven straight races and no doubt was a bit off or he would have handled that opposition.

Immediately after the race Harry Brust said "That is the last drive for me this year. I am leaving tonight to commence with the runners." His son, Lyman, had deserted the trotters a couple of months previously. Harry Brust will be greatly missed as he was a wonderful colt developer and one of the finest drivers in the world.

New season's records for three year old trotters and two year old pacers were set at Lexington, Ky. by members of the Hanover Shot Farms racing stables last week. Tommy Berry handled the ribbon and marked the three year old trotting filly Irene Hanover in 2.04, which is one second faster than the three year old records for the year held jointly by Brown Berry and Meda. The fastest record for a two year old pacer cut this year was made by Hanover Medium, his mile being in 2.03, while Bertha O. Hanover made a new season's record for two year old trotting fillies when she stepped in 2.04. Berry had also the honor of driving Volga Hanover a three year old filly in 2.02, which makes her the second fastest three year old trotter of the year.

The extraordinary part of the above performances is that Hanover Medium (2) 2.03, Irene Hanover (3) 2.02 and Volga Hanover (3) 2.02 are all by Dillon Axworthy, a sire whose colts and fillies were sold for ridiculously small prices in the Old Glory Sale of 1931 and for very small figures in 1932. Dillon Axworthy is the sire of Longset 2.06.

Baldwin 2.07, who has been cleaning up all the principal tracks in Ontario and a few in Quebec, starting first in the 2.18 Pace and then working into faster classes, racing since January last, made an excursion over into Palsmyra, N. Y. last week and beat a bunch of high class pacers in the 2.14 pace and incidentally established a new track record of 2.08 in the second heat.

Dude Potemkin owned and driven by Senators. (Continued on Page 7)
