CHINA MUST CAPACITY HOUSE GREET PROTECT LIVES H. M. S. CALCUTTA PERFORMERS FOREIGNERS

United States insists that Nation shall Live Up to its Treaty Obligations

SWAMPSCOTT, Mass., July 13.—Insistence that China live up to its treaty obligations and protect the lives of foreigners was announced today as the keystone of the policy of the United States Government toward that nation. Secretary Kellogg outlined the attitude of the administration at a week-end conference here with President Coolidge centering chiefly on the Chinese situation. He insisted also that there must be "scrupulous observance of the obligations to China entered into at the Washington conference."

To Our Citizens

It is possible that the accommodations provided by the hotels and homes listed with the Housing Committee may be taxed to capacity. If such an emergency should arise we wish to call on every citizen to throw open their homes to our guests from abroad for one night. Then notify Mr. W. R. Tinsley, Old Home Week Headquarters, Phone 320 who will make arrangements to place the guests. We must not let the reputation of Charlottetown be stained in any way through lack of hospitality. We must care for our guests whom we have invited, whom we hope to have with us again and whom we want to send away with the kindest remembrance of our beautiful city.

BUYS NEWSPAPER

E. ROY SABLES. Formerly secretary and manager of the Canadian Weekly Newspaper Association who has purchased the Mercury Renfrew, and will assume control of that publication. W. R. Davies of the Mercury has bought the Kingston Whig.

ORANGE TEA YESTERDAY

Annual Celebration and Parade—Horse Races and Sports Well Attended

Favored by agreeably fair and cool weather, the annual celebration and tea of the Loyal Orange Association of Prince Edward Island was held yesterday with great success, and witnessed by large crowds from both city and country. At eleven of the parade, at which there was a large turnout, left the Arena Rink, and headed by King William on a white charger, paraded through the principal streets of the city to the music of the Veterans and the Caledonian bands arriving at twelve o'clock at the Charlottetown Driving Park where after remarks by the Grand Master of the Orange Lodge, Rev. Ed. Ward Morris, and His Worship Mayor McKenna, the parading body broke up for dinner.

BRITAIN WILL NOT INTERFERE IN MOROCCO

Will Police Territorial Waters, But Will Not Take Further Action.

LONDON, July 13.—It is learned authoritatively that the British reply to the Spanish suggestion for its co-operation in Morocco depends on any action which might be interpreted as violating the neutrality of the Tangier zone. The British reply says this zone does not seem to be in any immediate danger, and that British co-operation with Spain might have a provocative effect. The British Government expresses willingness to continue to assist in policing territorial waters, but cannot undertake any more extensive operations.

Rif Women Spur Warriors to Victory

FEZ, July 13.—The ferocity of the Moorish attacks against the French lines at night may be accounted for, in part, at least, by the part the tribeswomen play in them. These women play a part in the tribesmen's hands smeared with henna, race after the raiders shrieking hysterically and grasping at any warrior who for a moment falls back from the onward rush. In the morning those raiders whose clothes are found to be daubed with henna are summarily shot.

Broken Water Main Threatens Traffic In New York

NEW YORK, July 13.—Water from a broken main at 42nd street and Fifth Avenue flooded the subway system in the vicinity of Times Square and Grand Central Station this afternoon and interrupted traffic for some time, forcing passengers to flee to the surface. Engineers feared for the safety of nearby buildings whose foundations were threatened and traffic was suspended in the vicinity.

TODAY'S EVENTS

- The following are the events U. N. V. R.—Whale Boat and others. 9—Aquaplaning and Stunts. 3.30 p. m.—Dock Events. 1—Climbing Greasy Pole. 2—Tub Races. 3—Swimming Race—Men. 4—Swimming Race—Girls. 5—Swimming Race—Juniors. 6—Diving for Plates. 7—Fancy Diving. 8—Canoe Jousting. 9—Canoe Obstacle Race. Reception of visiting Firemen at City Fire Hall. Midway and Circus Market Square. Tennis and Theatres.

Padlock Put On Dinty Moore's Bar

NEW YORK, July 13.—William ("Dinty") Moore's restaurant in West 47th street, popular resort of the theatrical district, has been ordered padlocked by Judge Winslow in the federal court for a period of two weeks for violation of the prohibition law. The court retained jurisdiction over the place for six months, with the right to padlock it for a year if other violations are committed. Moore and five codefendants were enjoined from selling liquor in the southern district of New York the rest of their lives.

Court of Inquiry Re Coal Industry

LONDON, July 13.—Premier Baldwin announced in the Commons today that the Government had decided to establish a Court of Inquiry regarding causes of the dispute in the coal mining industry. The miners executive has wired for details of the proposed inquiry before guaranteeing their co-operation.

TO THE SENATE

HON. FRANK OLIVER. Rumor has it that he will go to the Senate during the reconstruction of the Cabinet and the filling of vacant posts before the present government goes to the country in an election appeal which is likely to be in October.

CITY COUNCIL MEETING HELD LAST EVENING

The regular monthly meeting of the City Council was held last evening in the Council Chambers, with all the Councillors present. In the absence of His Worship the Mayor who was filling a dinner engagement as the guest of Vice-Admiral Sir James Ferguson, the chair was occupied by Coun. Rattray. After the reading and adoption of the minutes of the previous meeting and the transaction of routine business, the following communications were read: A letter from the President of the G. W. V. A. asking that all places of business be closed for at least one hour on Thursday, the day set for the unveiling of the War Memorial. Coun. McLeod here made the suggestion that in keeping with Old Home Week one day of the Week should be proclaimed a civic holiday. Coun. Prowse stated that Wednesday would be usual as a half-holiday, and that there would likely be a number of stores which would be closed on Thursday on a business point of view. He was supported in his remarks by Couns. Stewart and Foster. Coun. Moran proposed that the half-day holiday be held on Thursday, the Firemen's Tournament takes place. A letter from Saunders & Newson asking the granting of a further ten year's lease on their stall in the Market Building. Referred to Market Committee. A letter from Mr. W. B. Robertson offering to give the piece of property at the right of way necessary for opening up Granville St. to Prince, referred to Public Property Committee. Coun. McLeod asked that the Committee report at the same time with the connection between Bligh and Granville Streets. Coun. Prowse, for the Committee stated that the opening would be 15 feet wide and that the right of way would cost \$400. Both reports would be brought in next meeting. A letter from ten residents of Gerald Street protesting against the removal of the light between Prince and Elm Avenues. Coun. Moran said that this light would be of some benefit if left, and said that it was with a view to this end that he had been in consultation with Supt. McKee, in order that a better distribution of lights be brought about. A letter from residents on both sides of the culvert running into Government Pond deeding a right of way of eight feet on both sides to the city. The matter was referred to the City Surveyor. Mr. E. E. Parkman explained to the Council that this was good only to Victoria Street. Coun. Stewart stated that the right of way was also necessary between Victoria Street and Spring Park Road. Coun. McLeod, Foster, and Prowse also spoke on the question, the first and last named suggesting that a culvert be laid. Mr. Parkman asked for the residents a culvert at least across Brighton Avenue. Coun. Moran called the attention of the Council to the fact that a fence was necessary around the City property adjacent to the building on Water Street, recently bought by Mr. George Moore. Referring to lights he said no more Thacker and Col. Boker are registered at Beech Grove Inn.

Evacuation of Ruhr Begun

LONDON, July 13.—Evacuation of the Ruhr by French troops was begun today, according to a central news despatch from Berlin. Virtually all troops were reported to have left Dusseldorf, one of the important centres in the great western Germany coal and iron region.

Inspection Today At Camp Brighton

General Thacker, accompanied by Col. Boker, arrived in the city last evening to inspect the troops now under canvas at Camp Brighton. The order of inspection is as follows: The 105th Battalion and the P. E. Island Light Horse will be inspected at 9.30. The P. E. Island Heavy Brigade and the 8th Signal Battalion will be inspected at 10.15. General Thacker and Col. Boker are registered at Beech Grove Inn.

MAY PLACE AN EMBARGO ON EXPORT COAL

British Trades Union Are Considering Action in Event of Strike in the United States

LONDON, July 13.—Will the export of coal from Britain to Canada and the United States cease automatically in case of a lockout of the miners? This is the question which the big colliery men are asking with considerable anxiety since they realize that not only their own profits but one of the basic industries of the country will be seriously damaged in case the embargo is put on export coal by the Trades Unions. The leaders of the Miners and Transport Workers are unable or at least unwilling to hazard an answer to this question. It is agreed that steps will be taken to prohibit the importation of coal from any source outside Britain save across the Atlantic, but whether the embargo will be extended to the export across the Atlantic is seemingly not determined. German and Belgian firms have already made enquiries with regard to coal and are asking the colliery owners here whether there is any likelihood of a demand being created for their coal in the event of a lockout. At present the owners are standing very firm. They maintain that their losses at present are so heavy that it is impossible for them to continue to mine coal at the present schedule with any expectation of profit, and the demand continues on all sides for a more direct and more energetic intervention by the Government than they have hitherto shown a disposition to exercise. It is agreed that a vigorous effort should be made to prevent the break up of negotiations.

Reach Agreement Re Chinese Trouble

(Special to the Guardian) TOKIO, July 13.—Agreements have been reached between America, Japan and Britain, after weeks of negotiations here to continue a united stand in China, thus avoiding a break which it is now feared seemed imminent several days ago. It is learned that good authority in the agreement followed the British and American concessions, the former consenting to accept an impartial verdict regarding their culpability for the Shanghai attack and to stand thereby, even if involving censure or dismissal of British officials and the latter agreeing not to insist on an immediate consideration of the question of abandoning extra-territoriality.

Announcements, Coming Events, Meetings, Etc.
