1 1917 5 passenger, six cylinder Chalmers used for demonstrating purposes, has run 2350 miles.

1 1917 Grey Dort Clover Leaf, three passenger roadster, run 1250 miles—

Both these cars are just as good as new except for the mileage off the tires. They are fully equipped, electric light, electric horn, self starter, etc.

The price of the same cars today is—Chalmers 1915 F. O. B., Walkerville, Ont. Grey Dort \$995 00 F. O. B., Chatham, Ont. Price named on application.

Also two new 1918 model Briscoes, the car with the "Half Million Dollar Motor." I imported these cars late last fall when the price was \$935.00—Today the price is \$1095.00, F. O. B., Brockville. I will sell these two for the old price. They are big bargains.

**Grow More Wheat**

The imperative necessity for an increased WHEAT CROP this year to avert a famine is evident to all. The acreage must be increased, every field capable of growing WHEAT must be planted. So urges the Canadian Minister of Agriculture. Never in the history of Canada was this call so urgent.

**Farmers**

We have provided ten thousand (10,000) bushels of Choice Seed Wheat. The finest and purest lot of Marquis, Red Fife and White Fife we have seen for a long time. Indications are favourable for a large yield this year.

Marquis and Red Fife are the popular varieties, for sale at our Seed Warehouse or procure from your nearest merchant.

NAVAL RECRUITS.—Mr. G. H. Holbrook, Naval Recruiting officer, has enrolled the following men for the Canadian Navy at Halifax—E. A. Hawbolt, City, Peter Woods, City, W. J. Newbury, City, Mr. J. McBride, Scotch Fort, Daniel Burke, Peakes Station, Gerald Barry, Morell, Donald S. McKenzie, Bradalbane. They left yesterday morning for Halifax.

A NEW AUTO.—A new species of automobile on the streets yesterday aroused considerable interest as well as curiosity until its pedigree and classification were discovered. It was the Ford tractor purchased by the Government for the Falconwood Farm. It is a powerful looking machine and judging by its stride along the street is capable of pulling anything that is loose. It will be set to work plowing on the farm at once and, it is said, will plow ten acres a day.

ORDAINED TODAY.—The ordination of the Rev. George F. Bradley takes place in Montreal this morning. Father Bradley is a native of Kelly's Cross parish and a brother of Rev. Austin Bradley of St. Boniface College, Winnipeg. He has also two sisters in the Notre Dame Order. Sister St. Francis of the Mother House, Montreal and Sister Mary Ann of St. Joseph's Convent, this city. Father Bradley's many friends are pleased to hear of his ordination and he is followed with very best wishes for a long and successful life.

PICTOU SHIPPING.—Mr. William McLane has purchased the steamer "Harland" from the Island Tugboat Company of Charlottetown. The Harland was built at Shelburne, N. S., in 1898 and is 352 tons gross, 217 tons net. Her former owners used her as a passenger and freight steamer on the river routes near Charlottetown and also on the Charlottetown-Cranford route. Capt. William Beattie, who is well known in Charlottetown, has been busy lately fitting up a schooner he purchased for South American parties. The schooner will go south with a cargo of lumber from Upper Canada. When it came to a question of shipping this lumber it was found that the rate on it from Upper Canada to Pictou was \$4 a ton, of the thousand than from Upper Canada to Halifax. The Halifax rate has obtained the lower rate, it is presumed, on account of having considerable business in lumber with the South American ports. It is possible that the Halifax rate will be made to apply to Pictou for this shipment.

DEPOT BATTALION LEAVES.—The Halifax Chronicle says: "The 1st S. Depot Battalion marched out of the barracks at 7.45 Monday morning and left North Street Station at 8.30 on a special train for Aldershot where they are in camp. The Amherst company of the Battalion will join the main body at the camp on Wednesday and Thursday but the headquarters of the P. E. Island company will remain at Charlottetown, men being carried from there in drabs to Aldershot."

P. E. I. SOLDIERS RECORD.—The following official notice appeared in a recent English paper: "Lt. Ernest Geoffrey Weeks, Engineers, P. E. Island. When in charge of the buried cable system in the forward area, he displayed the greatest coolness and disregard of personal safety, making several reconnoissances through heavy fire and sparing no effort to secure valuable information for his brigade headquarters. He set a splendid example to his men." Lt. Weeks it will be remembered was awarded the Military Medal, bar and Military Cross some time ago.

**IN MEMORIAM**  
MALCOLM MCINTOSH

Mrs. D. W. Howard, of Milton, has received the sad news of the death at Mission, B. C. on the 8th inst., of her father, Mr. Malcolm McIntosh, formerly a resident of Freetown, in this Province, at the age of sixty-two years. Besides Mrs. Howard and his widow, he leaves to mourn the following family: Dr. C. W. in Montreal; Howard, at the front; Ernest at Mission, B. C. and Alfred now in military training at Quebec, preparatory to going overseas. The Guardian extends its sincere sympathy to the widow and the bereaved family and friends.

**JOHN R. CAMERON**

Albany and the surrounding districts were saddened on Saturday morning, April 6th, when it became known that Mr. John R. Cameron of that place had passed away, having received injuries the night before about 10 o'clock, which caused his death just two hours later. The late Mr. Cameron was born in Albany sixty-eight years ago, and having resided in that neighborhood all his life, was held in the highest esteem by all whom he knew. The funeral, which was held on Sunday, April seventh, was one of the largest seen for many years, people of all denominations coming from far and near to pay respect to the one who had passed away. The deceased is survived by a wife and one son, Henry, of Albany, also two brothers, Charles, station master at Albany, and Alfred of South Melville, also two sisters, Mrs. Edward Burgoyne, Bradalbane, and Mrs. Duncan Mathieson, South Melville. The pall bearers were Messrs. David MacKay, Abraham Noonan, William MacQuarrie, David Inman, James and Wm. Arnett. (Other papers please copy.)

**MRS. LEWIS PAYNTER.**

A deep gloom spread over Northam on Monday morning last when the news was flashed over the wires that Mrs. Lewis Paynter of Presque Isle, Me., had passed away. The first intimation her friends here had that she was not well was on the previous day (Sunday) when they received a telegram stating that she had become suddenly ill, and had been taken to a hospital. All that medical skill and care could do was of no avail, and she passed away at 12 o'clock Saturday night, May 4. The remains arrived home on Tuesday evening accompanied by her husband and three children.

**MRS. D. R. BRUCE**

Mrs. D. R. Bruce, nee Miss Gillis, daughter of Mr. Neill Gillis, Orwell Cove, was born 35 years ago, and passed away after a brief illness at her home in Lyndale on May 3rd. A sorrowing husband and seven children, one a babe of a few weeks, remain, and much sympathy is felt for the family in their sad bereavement. Her father and three brothers also survive her, and a host of friends to miss her and mourn their loss.

The funeral service was held in Orwell Head church during the regular hour of service on May 5th, and was largely attended. Thus another is added to the large number of members of the Orwell church who have passed on since the new year began. The loss is great, but He Who knows best has called His child home. The remains were interred in Orwell Head cemetery. (Patriot please copy.)

**Cold Settled in the Kidneys**

Lumbago, Backache and Rheumatism  
With the New Enthusiastic Cure Obtained

Chatterton, Ont., May 16.—The kidneys are extremely sensitive to sudden changes of temperature, and much pain and suffering is a frequent result, as all who have had attacks of lumbago and rheumatism know.

The writer of this letter was a great sufferer until she found that by using Dr. Chase's Kidney-Liver Pills she could regulate the action of the kidneys, and thereby remove the cause of lumbago and rheumatism.

Mrs. John Lancaster, farmer's wife, Chatterton, Ont., writes: "We would not want to do without Dr. Chase's Kidney-Liver Pills in the house, for we have proven their merits in so many cases. I have weak kidneys, and whenever I catch cold it settles in the back and develops into lumbago. I used to suffer terribly from lumbago and rheumatism, but find that by using Dr. Chase's Kidney-Liver Pills and applying Dr. Chase's Backache Plaster that I obtain the greatest relief, and am soon all right again. My daughter has also used the pills with splendid results, as has also a neighbor woman who suffered greatly from constipation."

Dr. Chase's Kidney-Liver Pills, one pill a dose, 25c a box, at all dealers, or Edmondson, Bates & Co., Limited, Toronto. Be sure to see the portrait and signature of A. W. Chase, M. D., on the box you buy.

**The Question of Feeds**

The following letter which speaks for itself was received by Mr. James G. McLeod, Hampshire, from Mr. John E. Sinclair, M. P.

In company with Capt. Read I called on the Food Controller this morning and got first hand information relating to the question of feeds which are as follows:—

Car Lots.	Bran Per Ton Shorts.
Price at Ft. William.....	\$24.50 29.50
Bags per ton.....	6.00 6.00
Twine & Sewing.....	.30 .30
Freight per ton.....	7.80 7.80
	\$38.60 \$43.60

It must be distinctly understood that these regulations are based upon a strictly cash system when the purchaser orders the goods if not a reasonable interest may be added by the dealer for the time required to make payment. To this the wholesale dealer is allowed his actual cost of cartage plus \$1.00 per ton. If this were

house is beside the railway track so that he does not require to cart or truck no allowance is allowed.

The retail merchant is allowed his actual freight charges plus \$2.00 per ton for handling. This is all that can be charged for bran or middlings. The farmer who pays more than the above price can have his money refunded if he sends his bills to the Food Controller at Ottawa with a definite statement of the case and the Food Board will make the merchant refund the overcharges and they the Food Board in turn will send the cheque to the farmer. This is the method that is followed in all cases where overcharges are made by the merchant. A firm who does not sell over 10 per cent. of his entire importation in car lots is taken as a retail dealer by the Food Board. The prosecuting will be done at the Food Controller's office.

A condensed statement of instructions are now printed which I think will give a clear idea of the manner in which the Food Board dealt with those matters.

Yours truly,  
(Sgd.) JOHN E. SINCLAIR
