Italy Turns Down Peace Proposals

ALLEN SUCCEEDS TO LOUISIANA DICTATORSHIP

PLEBISCITE MAY RESTORE MONARCHY

Restoration Of Ex-King George of Greece Favored By Prime Minister.

ATHENS, Sept. 10.—(A.P.)—Premier Panayotis Tsaldaris came out today for a monarchy today to replace Greece's 11-year-old republic. Heartened by this step, Monarchists held a mass meeting in Constitutional Square and cheered the Prime Minister for his stand. Former King George of Greece who for months has been preparing to return to Greece, arrived today on a visit to King George at Balmoral Castle, Scotland. The former monarch since his dethronement has been divorced from former Queen Elizabeth, a sister of King Carol of Rumania.

CAPITAL QUIET

The Capital was quiet after a night of disorder, when Monarchists and Republicans fought outside the doors of the Cabinet chamber. Two Republican leaders were stabbed with bayonets by guards. Tsaldaris said in his statement: "I attribute the nervous tension at present existing in public ranks and the army to general anxiety concerning the question of a constitution. I consider democratic royalty as the natural regime for Greece and ask the people to vote for it in the impending plebiscite." The Cabinet was called into session today to set a date for the plebiscite.

ON SCOTTISH HOLIDAY

CRATHIE, Aberdeenshire, Scotland, Sept. 10.—(A.P.)—Former King George of Greece, whose country is in a bitter dispute over the question of restoration of the monarchy, joined His Majesty today on a Scottish holiday. The former Greek monarch, who visits Balmoral Castle each summer while the King and Queen are in residence, came here from London. The British monarch is enjoying a rest in his peaceful highland home while the chancelleries of the world are in anxious consultation and the grim question of peace or war hangs over Africa.

INJURED GIRL DISCHARGED FROM HOSPITAL

Name of Attacker Who Used Pen Knife Not Yet Revealed—Investigation Continues.

Discharged from the Charlottetown Hospital yesterday, Miss Thelma Gauthier, who was found unconscious on the Malpeque Road Saturday night, still maintained a light-lipped silence as to the manner in which she was injured. In addition to bruises received from a car, Miss Gauthier suffered from several slashes on her breast and arm, obviously inflicted with a penknife through her clothing. Police believe that the attack took place in a car not far from the Sanatorium and that the girl's companion, fearing he had fatally injured her when she fainted from pain and shock, hastened to get rid of her body. He therefore left her on the pavement that it might appear that she had been struck by a car. The case is still under investigation, and the police are checking up on the girl's associates. The allegation that Miss Gauthier, one day last week received a threatening note is being followed as a clue. Mr. Lawrence Gauthier, uncle of the girl, disclaimed all knowledge of the contents of the note.

Aberhart Seeks \$18,389,000 Loan From Federal Treasury

(C. P. By Guardian's Special Wire) OTTAWA, Sept. 10.—William Aberhart, the Social Credit Premier of Alberta, outlined before the Dominion Cabinet today the financial difficulties he inherited when he took office in the western province two weeks ago. He applied for a loan of \$18,389,000, which would double Alberta's present obligations to the federal treasury. After two conferences today, the first with the Cabinet and the second with Premier Bennett, the Social Credit leader said he was satisfied with progress. He expects a definite answer tomorrow after another Cabinet meeting. Meanwhile, Premier Aberhart planned to leave here for Toronto

(C. P. By Guardian's Special Wire) OTTAWA, Sept. 10.—Premier William Aberhart of Alberta today said 30 or 35 Social Credit members would be elected to the House of Commons at the coming general election. "They can't keep us back from electing about 16 Social Credit members federally in Alberta," said the Premier in an interview. He added "British Columbia and Saskatchewan are just ripe for Social Credit" and he had interviewed a Social Credit delegation from Manitoba when he passed through Winnipeg.

NAZIS "PURGE" PUBLIC SCHOOLS

Will Establish Separate Schools For Jewish Children.

BERLIN, Sept. 10.—Nazis "purged" their public schools today by ordering Jewish children to get out. Bernard Rust, Prussia's commissioner for culture and education, chose the opening of the Nazi party convention at Nurnberg to announce that Jewish schoolchildren between the ages of six and 14 must leave by next Easter. Separate public schools which the Jewish children must attend will be opened on that date. The decree ordering the preparations said all pure German schools must be free "from Jewish and foreign influences." Rust said his decree was "carrying out an old national socialist demand." As early as 1933, the year of Hitler's advent to power, Jewish schools saw the separation of Aryans and non-Aryans. The decree made clear that race, not religion, will be the determining factor in the segregation. Children who have only one Jewish grandparent, or so-called "quarter Jews," will be allowed to remain in the regular public schools.

Pilot And Engineer Are Rescued

FORT McMURRAY, Alta., Sept. 10.—After being marooned by lack of gas on an island far up the barrens of the North West Territories for 11 days, Pilot Con Farrell of Canadian Airways and his engineer, Frank Hartley were safe here today. Forced by a blizzard to land in the middle of Fyvie Lake, the pair were unable to take off again with only five gallons of gasoline left in their tanks. They taxied the pontoon-equipped ship to the island and remained there until rescued by Pilot Matt Berry.

Wheat Crop Estimated At 275,000,000 Bus.

WINNIPEG, Sept. 10.—A wheat crop of approximately 275,000,000 bushels for Western Canada was indicated today in the sixth and final 1935 crop report of the Winnipeg Free Press. The current crop, the report says, is perhaps, the most variable ever grown in the West and in arriving at this estimate considerable care had to be given to damage from rust, frost, and drought, the full extent of which is not yet apparent. In the drought area of Western Saskatchewan and Eastern Alberta, yields have suffered but the grade is good. In Northwestern Saskatchewan and Northern Alberta, severe frost damage was registered in mid-August and indications are both yield and grade have suffered considerably. July's extreme heat reduced yields materially in practically all sections of the West.

LIFE-TIME CHUM OF LONG TO "CARRY ON"

Passing of Senator At Height Of Political Career Causes Much Speculation.

(A.P. By Guardian's Special Wire) BATON ROUGE, La., Sept. 10.—(A.P.)—An assassin's bullet removed Huey Pierce Long today from the political scene in which he had played a dramatic and colorful part by building the most amazing personal dictatorship in United States history. His assassin, a mild-mannered young physician with bitter political enmity toward the United States Senator, ex-Governor, "share the wealth" advocate and potential presidential candidate, died ahead of him. The alert bodyguards of Senator Long, always watchful to protect him from the fate he feared would be his, killed the assailant, Dr. Carl A. Weiss, in Louisiana's skyscraper State house Sunday night, after he had fired the fatal bullet through Long's abdomen. In confusion "empire" was in confusion as his lieutenants sought to solidify their ranks and preserve the power they inherited. Long's death came at 4:06 a.m. His immediate family and political associates were notified.

Women's Legion Will Defend Ethiopia

(A.P. By Guardian's Special Wire) ADDIS ABABA, Sept. 10.—Empress Haile Selassie accepted today the offer of a women's legion to go to the front and fight for Ethiopia in the event of hostilities with Italy. The women, part of an organization called "for love of country," with a membership of several thousands and branches throughout the country, were dressed in pretty uniforms—red capes, khaki breeches, leather puttees. They were armed with automatic pistols and mediana sabres. The head of the African Amazons' organization is Madam Wayzaro Abebah Charkeze, a wealthy home owner, who abandoned her home, land and riches to defend Ethiopia. She is 34 years old.

Grecian Govt. Protests To Italy

Entry Of Italian Warships Into Greek Ports Without Permission Objected To

(C.P. Havas By Guardian's Special Wire) ATHENS, Sept. 10.—The Greek Government tonight protested to Italy over the entry of a number of Italian warships into Grecian ports. The formal protest was made after the Italian warships had anchored in the harbors of Pylos, Messina and Ithaca in the Ionian Islands and Stry in the Cyclades. The protest asserted the ships had received no official permission from the Greek government. The Commander of one Italian fighting ship which anchored off Pylos said he had been forced into port because of bad weather. ROME, Sept. 14.—(C.P. Havas)—Italian authorities asserted tonight the only Italian ships that have entered Greek ports in the past 24 hours were oil tankers and not warships as reported here. It was added that as far as is known here the ships were seeking refuge from bad weather. No protest has yet been received here from the Greek government.

(A.P. By Guardian's Special Wire) TIFLIS, Russia, Sept. 10.—Three mountain climbers saved themselves from an avalanche of stones today by hanging over the edge of a cliff for 11 hours. When the avalanche started, the three men tied themselves by ropes to a bit of solid rock and lowered themselves over the side of the ledge. Eleven hours later, when the rocks had ceased popping out over them, the trio climbed back to safety. The intrepid climbers, S. Gelachvili, G. Seretely and R. Ginzberg, were ascending Mount Nahar, 12,000 feet high.

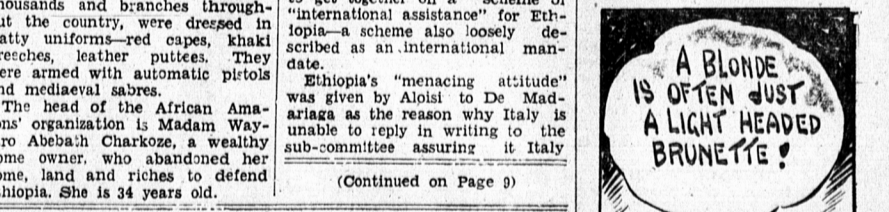

Geneva Hopes For Peaceful Solution In Dispute Wanes

Mussolini Speeds Up Troop Transport To Africa. Britain And France Seek Common Scheme To Aid Ethiopia.

By GEORGE HAMBLETON
(C.P. Cable by Guardian's Special Wire) GENEVA, Sept. 10.—(C.P. Cable)—The shadow of impending war hangs still more heavily tonight. The net results of long talks today is that hopes of an agreed settlement between Italy and Ethiopia are disappearing. Italy again declined to negotiate on the basis of the Paris peace proposals. The five-power conciliation committee appointed by the League of Nations Council to investigate the dispute now faces the task of preparing by itself what it considers to be fair terms of settlement for submission to the League Council. The Government of Ethiopia formally complained to the League that Italian troops already were moving at various points on the Eritrean frontier "presumably with a view to offensive action against Ethiopian territory in the near future."

RELEASED ON \$10,000 BAIL

(C. P. By Guardian's Special Wire) CAMDEN, N. J., Sept. 10.—Captain Michael Pettie, 49, Captain of the Nova Scotia schooner Popocatepetl, and two others were held tonight on bail of \$10,000 following seizure of their ship as a rum-runner. The men, along with six others of the Popocatepetl crew, all Nova Scotians, were arraigned before United States Commissioner Wynn Armstrong today. They were held for the federal grand jury. Gordon Sweeney, 28, wireless operator, and Ronald Walsh, 42, said to be the leasee of the vessel, both of Yarmouth, N. S., also were on bail of \$10,000. Bail of \$5,000 was set for the other six. The Popocatepetl was halted off the New Jersey coast Sunday when a coast-guard cutter allegedly found liquor being unloaded into three launches. Eleven of the crews of the launches also were held on bail. The Popocatepetl, registered at Yarmouth, was towed today to Philadelphia where her cargo was unloaded.
