RUSSIA IS BUSY BUILDING FLEET

NEW YORK, Feb. 9.--After having lost practically the whole of her navy in the war with Japan, Russia is now making strenuous efforts to renew her vanished fighting strength on sea. Already the Government of the Czar has obtained a complete fleet of torpedo boats, no less than ten of these formidable craft having been recently completed and handed over to the government in full working order. This information comes from the constructor himself, a prominent American shipbuilder. These were all built in the Government navy yards at Sebastopol, where this man was given full control of a large section of the yards for the purpose. The construction of the ten torpedo boats was only commenced a year ago, and the last one has only just left the stocks.

AN ISLANDER MEETS DEATH

While Working at a Mine--Charles Vessey a Native of Little York

A telegraph despatch received by Lieut Governor McKinnon, Saturday evening, received the sad news that Charles Vessey, son of Robert Vessey, Little York, had been killed by a cave in at a mine at Fairbanks, Ala.

Mr. McKinnon immediately acquainted the deceased's parents with the message received and they with the brother and sister will have the sympathy of many in their bereavement. Mr. Vessey left this province somewhere about ten years ago and was reported as doing well in the mining industry. He was 29 years of age and unmarried. Those who knew him speak of him as a most estimable young man and his early death will bring sincere sorrow and regret to a wide circle of friends and acquaintances.

Besides his parents, Robert and Mrs. Vessey, Little York there are two sisters, Mrs. Foster, Dunstaffnage and Mrs. Enman, Vernon River and four brothers, Wesley and Herbert at Little York, Eddie at Dunstaffnage and James in New York, to all of whom The Guardian extends sympathy.

MAY ADD NEW WING HOUSE COMMONS

OTTAWA, Feb. 8.--Hon. C. S. Hyman proposes to ask Parliament to appoint a committee to consider the question of adding a new wing to the House of Commons and to make such suggestions to him as will meet the pressing necessity which now exists for further accommodation. The Minister of Public Works considers the question one in which all the members of Parliament are interested, and he undoubtedly is right. For some time past the cramped quarters in the House of Commons have been the cause of much inconvenience. Members of Parliament, employes and newspaper men alike find the rooms allotted to them absurdly inadequate.

DRAMATIC TEMPERANCE STORY

Irving Grinnell, treasurer of the Church Temperance Society of New York, told at a temperance meeting a dramatic story: "A woman entered a barroom," he said, "and advanced quietly to her husband, who sat drinking with three other men. 'She placed a covered dish on the table and said: 'Thinking you'd be too busy to come home to supper, Jack, I've fetched it to you here.' 'The man laughed awkwardly. He invited his friends to share the meal with him. Then he removed the cover from a slip of paper that said: 'I hope you will enjoy your supper. It is the same your wife and children have at home.'"

SHOOTING AFFRAY IN CHARLOTTE CO

Enraged Man Deceived by Woman goes to her house and Shoots Promiscuously--A Little Child Suffers--The Shooter arrested and Imprisoned

St. JOHN, N. B., Feb. 10.--(Special.)--A serious and somewhat sensational shooting accident took place late last night at Letang, Charlotte County, thirty miles from here. Mary Holland, the adopted daughter of Daniel Holland, married James Gardiner some years ago but left him a week later. She has worked during the summer months in sardine factories at Lunenburg, where she met William Henry Mason, who fell in love with her.

Mason had been trying to have her secure a divorce from Gardiner and this she consented to do. But without Mason's knowledge she became intimate with and married Angus Cook, her first husband being still alive. Recently Mason heard of this, and on Saturday night came to Daniel Holland's house where Mrs. Gardiner was living.

He found the young woman there with Cook and her four year old boy who is Gardiner's child. Mason enraged, opened fire with a revolver. The first bullet went through Mrs. Gardiner's hair, the second pierced the shoulder of the child. Cook had fled at the first shot and while Mason was leaving the house he met Dan Holland, whom he mistook for Cook.

He fired two shots at him both striking Holland's neck. Meanwhile Holland's son Neil who was asleep upstairs jumped out the window and rode to St. George, where he got constable McAdam. The latter went to Letang and arrested Mason who is now in jail.

Mason declared he wanted to kill the woman because she deceived him. The little child is in a dangerous condition but Holland will recover.

LATE JOHN ORR FRENCH RIVER

JOHN ORR, who died at French River on Feb. 4th, 1906, was born in Renfrewshire, Scotland, Aug. 29th 1815. He came to P. E. I. with his family, and others, landing in Rustico Harbor in 1830. Was associated with the church of Christ at New Glasgow, about 72 years, was one of the party who made the memorable voyage in the ship Fannie to California in '40. San Francisco then had between 30 and 40 houses. He associated himself with his brothers in shipbuilding at New Glasgow for a number of years. He crossed the Atlantic seventeen times, and while in California made a trip to China and return, and then came back to the island by the way of Panama taking ship at Aspinwall for New York. He was a man very full of energy and determination, with a clear logical mind and a very retentive memory and able to express clearly his thoughts; was a very interesting conversationalist, and a kind affectionate husband and father. He was much loved and is missed by the very young, and the older. He married two wives both going before him, leaving six children all living. He was buried on Tuesday Feb. 6th, at the Presbyterian cemetery, French River. Rev. A. D. Stirling of Kensington conducted the services. John Simpson of New Glasgow preached the discourse to a very large assembly of his friends and neighbors. His body was laid to rest between his wife and a loved nephew namesake, to wait the call of God, and the Archangel's voice. As he lived in the footsteps of his Lord, he may be to us an example to follow. Where we believe he has gone, we also may go, too. May the children he loved so well, and so anxiously wished them to follow their Lord, meet him by and by, where all the saints of God shall meet, where parting never comes--where all is real, and Eternal.--Com.

No liniment or pain reliever equals Poison's Nerviline, which has been the great family remedy in Canada for the past fifty years. Try a 25c bottle of Nerviline.

Miss Wormser was aroused by a noise in her room about half past three. Thinking it was caused by mice, of which she is very much afraid, she screamed. Then she saw a man standing before her bureau. She sprang from her bed and faced the intruder, who turned and ran down stairs with the young woman in pursuit. She aroused her father and brother, and a search of the house showed that the parlor floor had been ransacked, but nothing except the jewelry was missing. There were no deaths during the year. Two new patients, both from neighboring districts, were admitted. One patient, a man of forty, is so apparently cured of all symptoms of the disease that Dr. Montzambert felt justified, at his last inspection of the lazaretto, in approving of his going home on condition of his reporting himself from time to time.
