Bonds Of Empire Strengthened By London Parley

Hon. E. N. Rhodes, Minister Of Finance, Arrives Back In Quebec Greatly Pleased With Success Of Canadian Loan.

(By C. R. Blackburn, Canadian Press Staff Writer)
ON BOARD S. S. EMPRESS OF BRITAIN, Aug. 3.—The outstanding success of the Canada 15,000,000 pounds loan negotiated in London Monday—the first since pre-war days—and the intensified solidarity of Empire relations arising from the London Conference amply reward Canada for this country's efforts at the World Economic Conference is the opinion of Hon. E. N. Rhodes, Canadian Minister of Finance, who landed at Quebec today from the liner Empress of Britain.

Are Jubilant

Silver Pact A Benefit To Canada

(Canadian Press)

QUEBEC, Aug. 3.—The silver pact negotiated by the delegates to the World Economic Conference should bring direct benefits to Canada as one of the large producers, and from the standpoint of increased trade with the Orient. This was the opinion expressed today by Hon. E. N. Rhodes, Minister of Finance and his Deputy, Dr. W. C. Clark, on his return from London.

The agreement of the silver producing countries to withhold from the market a total of 35,000,000 ounces of silver each year for a period of four years, is expected to raise the price to the producer and to stabilize the market for this metal.

ANNOUNCEMENTS, COMING EVENTS, MEETINGS, ETC

**Announcements are inserted in this column at 2 cents per word strictly payable in advance.

**Talkies—Morell Tuesday, 115.

**Talkies—St. Peters, Monday, 118.

**In Lorne Valley Hall, August 8th, Dance and Ice Cream, 149.

**Reserve Wednesday, August 8th for the Cavendish Tea, 1744-7-12-wfm-121.

**St. James Ladies Aid Cake Sale Saturday afternoon, August 5th at Moore & McLeod's, 137.

**Reserve August 10th for Ice Cream Festival and Sports at North River Hall, 145.

**Ross's Mills, Vernon River, will close after August 10th until new crop, 151.

**Dance and Ice Cream Social in Victoria Cross School, Monday, August 7th, 148.

**Reserve Saturday, August 5th for Christ Church Ice Cream Festival in Cherry Valley Hall, 122.

**Harland excursions Tuesdays, Thursdays, Fridays and Saturdays. For further information phone 773. 1484-7-3-1f

**Notice: Will not be buying live hogs until August 15th, Hunter River, Emerald and Kensington. Signed A. E. Watson, 160.

All members of the delegation came back jubilant over the results peculiarly affecting Canada and the Empire. Prime Minister R. B. Bennett who headed the delegation remained in England for a fortnight's rest at a health resort, but his associates stated that apart from his need of a period of relief from worries of office, Mr. Bennett was in excellent health and spirits. "It would be quite erroneous to assume that there was a breakdown in a sense that there were irreconcilable points of view," said Mr. Rhodes. "This was well evidenced in the closing days of the conference in the splendid spirit that manifested itself. Among the majority of the delegates there was a consciousness that real progress had been made and that ultimately the results for which the conference was called would be achieved."

Canadian Loan

"From the Canadian angle, the most important result of our discussions in London is the Canadian loan which was floated this week," said Mr. Rhodes. "Its outstanding success is well-known. That a loan of 15,000,000 pounds was accepted by the London market on such favorable terms especially when we consider that Canada has been a stranger to the London market since pre-war days, is a manifestation of the new spirit of Imperial co-operation, as well as of the ability of London to resume sound overseas lending. It is unnecessary to urge upon Canadians the importance of this loan from the point of view of assuring the success of the conversion loan which we are to offer this fall. It has a further importance in that it will lift a burden from our own investment market and thus make possible lower interest rates for all domestic borrowers."

Ottawa Parley

"Generally, I am of the opinion that one great value of the conference from the Canadian point of view was the closer cementing together of the various parts of the Empire. One result of these discussions was the statement which was issued last Friday, re-affirming the principles and policy of the Ottawa conference of last summer and outlining the views now held by the Empire delegates on various problems of monetary and commercial policy."

The Finance Minister was accompanied home by Mrs. Rhodes, Dr. W. C. Clark, Deputy Minister of Finance, R. K. Finlayson, private secretary to the Prime Minister and other members of the delegation.

The party left at once for Ottawa by special boat train.

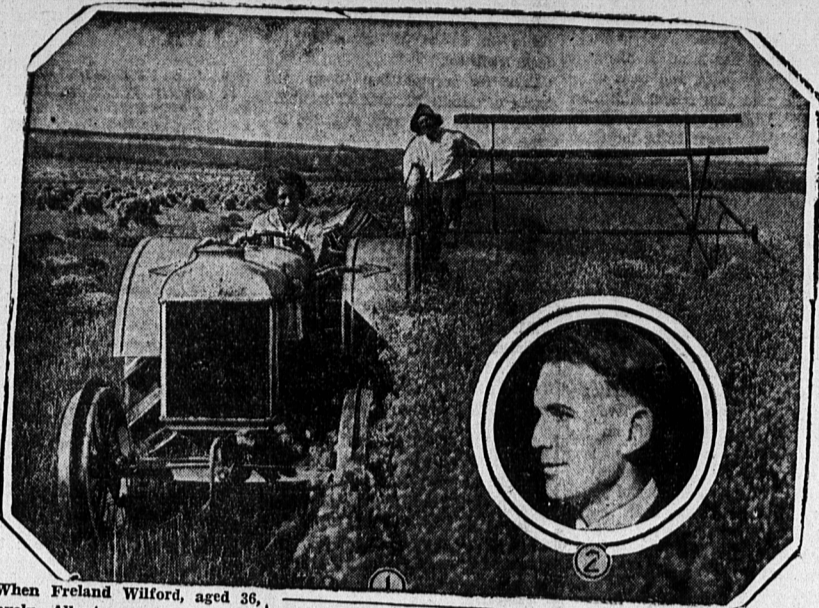

Investigate Shooting

(Canadian Press)

LIVERPOOL, N. S., Aug. 3.—Lee Dolliver of Port Medway, was in custody here tonight as police investigated a shooting which sent James Hiltz to hospital with leg wounds.

Hiltz was shot Wednesday night at Port Medway. Events leading up to the shooting were not disclosed by police.

Young Winner Of Wheat Crown

When Freland Wilford, aged 36, Stavely, Alberta, won the world's wheat crown the other day he made another record as well. He is the youngest man ever to win it. He has farmed in Alberta practically all his life. Here we see (1) Herman Trelle, former world's grain champion, on his farm with his wife, with whom he showed on a 50-50 basis. (2) Freland Wilford.

Opium Seizure On Empress Of Canada

(Canadian Press)

VANCOUVER, Aug. 3.—Chinese smugglers aboard the R. M. S. Empress of Canada were caught in the net of Canadian Customs here today when opium valued at \$10,500 was seized by Customs officers. The vessel arrived Wednesday from the Orient.

In the seizure were 11 tons of refined opium and a quantity of crude. Suspecting the presence of a further quantity of the narcotic officers subjected the ship to a close scrutiny but tonight no further seizures had been made.

NO DISORDER IN COAL STRIKE AREA

(By Marben Graham Associated Press Staff Writer)

BROWNSVILLE, Pa., Aug. 3.—

Mine walkouts spread slowly through the soft coal fields today as strikers in Fayette County, scene of recent violence and bloodshed, marked time awaiting "peace conference" developments in Washington.

Sympathy strikers in Washington, Allegheny, Westmoreland and Cambria counties added some 2,000 men to the walkout total—now between 35,000 and 40,000.

No disorder marked these strikes. Pickets demonstrated peacefully, watched by "union guides"—a force of 2,000 selected miners who are aiding national guardsmen patrol the area under an agreement between Union leaders and Governor Gifford Pinchot.

Anniversary Of War

(Canadian Press)

OTTAWA, Aug. 3.—Nineteen years ago tomorrow the government of Great Britain despatched an ultimatum to Germany demanding that in the hostilities which had been opened between France and Germany, the latter country give an understanding to observe the neutrality of Belgium. Germany was given until 12 o'clock midnight, August 4, to reply.

No answer was given, and when the allotted period had expired, a state of war existed between Great Britain and Germany.

Matriculation List Announced

Anglo Rustico Students Lead Lengthy List Of Students Qualifying To Enter P.W.C.

Following are the results of the examinations written in July by pupils desiring to qualify for entrance to Prince of Wales College:

Scholarships

Queen's County—	Jeanette Clark, Anglo Rustico .. 860
Dorris Warren, Anglo Rustico .. 654	
King's County—	William Martin, Heatherdale .. 648
Jessie Bushey, Souris .. 615	
Prince County—	Ella Getson, Tignish .. 616
Bruce MacKendrick, Alberton .. 584	
Charlottetown—	Clive Johnston, West Kent .. 605
Jacqueline LaCourse, Notre Dame .. 576	
J. D. Seaman Memorial Prize (awarded by the Teachers' Federation to the student standing highest in English):	
Doris Warren, Anglo Rustico .. 86	
Candidates of highest standing in the several subjects of examination:	
English—Doris Warren, Anglo Rustico .. 86	
History—Daisy Agnew, Cardigan .. 84	
Arithmetic—Haldane Scott, Warren Grove .. 89	
Rural Science—Geraldine Sheeran, Kinkora .. 72	
Geography—Alton Ross, Victoria Cross .. 88	
French—William Martin, Heatherdale .. 86	
Mathematics—Jessie Bushey, Souris .. 87	
Latin—Jeanette Clark, Anglo Rustico .. 85

PLANE RUSHES TO LONELY OUTPOST

Amateur Short Wave Wireless Operator And Physician Seek To Save Five Year Old Boy's Life

(Associated Press)
SEATTLE, Aug. 3.—Short wave wireless whined across more than 1,000 miles of the Pacific Ocean today as a physician and amateur operator sought to save the life of a five-year old boy by long distance.

Ed Stevens, the operator, was "talking" with the operator at Alaktalik on Lonely Kodiak Island near the Aleutians and was told about the illness of the boy, son of Henry B. Loof, former Bureau of Fisheries Warden. There was no physician in that part of the far north.

"They did not know the cause of the boy's illness," Stevens said, "so they gave me the symptoms. I gave them to Dr. A. H. Seering of Harborview Hospital. He diagnosed the case as peritonitis, and advised that the boy be rushed to Anchorage, Alaska, by airplane. I relayed the message to Alaktalik.

"The operator there said bad weather conditions prevented him from talking with Anchorage and asked me to relay a message to them, asking for a plane. I gave the message to the army wireless station here and they sent it to the army station at Anchorage. We got a message later that the plane was being sent."

Mollisons To Take Flight Across Canada

(Canadian Press)

VANCOUVER, Aug. 3.—Prospects of Captain James and Amy Mollison making a flight across Canada, possibly non-stop is envisioned in communications exchanged between the flying couple and Mayor Louis D. Taylor.

Replying to an invitation to visit Vancouver the Mollisons wired "many thanks for your kind wishes. We shall certainly bear in mind the possibility of making such a flight as you suggest. Unfortunately our new machine will not be available for some time."

Rwy. Earnings Increase

(Canadian Press)

MONTREAL, Aug. 3.—Gross earnings of the Canadian Pacific Railway for the 10-day period ended July 31 totaled \$3,257,000 as compared with \$3,012,000 in the corresponding period of last year. An increase of \$245,000.

The increase of 8.13 percent in the last period of July this year over the 1932 figures completed the month of July with increased in the four reporting periods. The gross earnings of the Canadian National have shown a similar advance.

SAD FATALITY AFTER MOTOR ACCIDENT

Mr. George Bradley, City, Died Yesterday Morning After Car Turned Over.

An accident with tragic consequences occurred yesterday morning about 2:30 when a car turned over on the road between Hunter River and Fredericton. As a result of injuries received in the accident Mr. George Bradley, son of High Sheriff Bradley and Mrs. Bradley, died about 10:30 a.m. yesterday in the City Hospital. Joseph Murnaghan, the driver of the car, Miss Margaret Callaghan, Sydney, N. S., and Miss Jennie MacKinnon, city, the other occupants of the car, received a bad shaking up.

Mr. Bradley, who was taken to the City Hospital by Messrs. Benj. Binns and John White, sustained a fractured skull and a broken neck.

A coroner's jury viewed the remains yesterday. The following jurymen were empanelled: Messrs. E. R. Brow, (foreman); T. W. L. Prowse, Arthur Heartz, M. W. Reardon, E. A. Ferguson, Earl McInnis and Ivan Horne, with Mr. J. B. Johnstone coroner.

After the remains were viewed in the undertaking parlours of Mr. A. A. Hennessey, the inquest was adjourned until Aug. 10th at 7:30 p.m.

Mr. Murnaghan, who it is alleged was driving the car, was placed under arrest yesterday by the R. C. M. P. who are investigating the case. He appeared before Stipendiary Magistrate Donald MacKinnon last evening, and was remanded till Friday, Aug. 11. No evidence was taken. He was allowed his freedom on \$500 bail being posted.

It is understood that Mr. Bradley was seated in the rumble seat of the coupe at the time of the accident. The car was badly damaged, but was capable of moving under its own power.

When Messrs. Binns and White arrived on the scene of the accident the coupe was on its four wheels across the road. The victims of the accident were taken to a doctor in Hunter River, and on advice of the latter Mr. Bradley was rushed to the City Hospital.

Death And Havoc As Cloudburst Strikes Denver

Two Persons Dead Several Missing As Storm Rips Away Castlewood Dam — Damage Estimated \$1,000,000

(By Richard Cowell, Associated Press Staff Writer)
DENVER, Aug. 3.—(A.P.)—A cloudburst that ripped apart Castlewood Dam roared down on Denver today and left in its wake at least two persons dead, several missing and a wallow of twisted debris. Damage to building and water-soaked merchandise in Denver store basements and to property, crops, livestock, highways and railroads in outlying territory will run around \$1,000,000 observers believed on the basis of preliminary surveys.

Swollen by downpours the Arkansas River was cut on its banks in southern Colorado and Denver and Rio Grande railroad tracks were washed out near the west entrance of the Royal Gorge.

Hundreds of persons—probably 5,000 in Denver alone—were driven from homes.

The cloudbursts which caused the irrigation dam to crack and give way, sending a billion gallons of water to deluge a wide area, was one of four torrential rains and five hailstorms that struck southeastern Colorado within 24 hours.

Swollen by downpours the Arkansas River was cut on its banks in southern Colorado and Denver and Rio Grande railroad tracks were washed out near the west entrance of the Royal Gorge.

When the torrents descended upon Denver today an 11-foot wall of water carrying tons of trees, lumber and wreckage down Cherry Creek ripped out six bridges in rapid succession and flooded the fashionable residential section. The creek cuts diagonally through the city.

Hundreds, awakened by sirens of police motor cars fled in night clothes in their automobiles to higher places. Others were rescued by firemen and police.

Business in the downtown district was demoralized through the morning and early afternoon when the Champa Street bridge was swept away, carrying power lines with it. Employees of many firms worked by candlelight until power service was restored.

On the jump to Valentia, Ireland, the planes will carry only their bare crews, of four to a plane. Dropping the news correspondents brought from Shediac, N. B.

Earlier in the day it was suggested the planes might take off at daybreak, but this plan was cancelled.

No Trade Agreement With Russia

(Canadian Press)

QUEBEC, Aug. 3.—"I have no knowledge of any trade agreements entered into between Russia and Canada," declared Hon. E. N. Rhodes, Canadian Minister of Finance, on his arrival here today from England aboard the liner Empress of Britain. He had been queried as to the reports that he had been in discussion with Maxim Litvinoff, Soviet delegate to the World Economic Conference, with respect of sale of locomotives and commodities to that republic.

"There is no bar against Russia buying anything she wants from Canada," said the Minister, "so long as we are not asked to finance the deals."

Armada Flight Again Delayed

(Canadian Press)

ST. JOHN'S Nfld., Aug. 3.—General Italo Balbo and his 24 flying boats will not get away for Ireland on their way to Italy tomorrow. Definite indications from Shoal Harbor, where the fleet is moored, indicated that a take off could not be expected before Saturday.

Earlier in the day it was suggested the planes might take off at daybreak, but this plan was cancelled.

On the jump to Valentia, Ireland, the planes will carry only their bare crews, of four to a plane. Dropping the news correspondents brought from Shediac, N. B.

League Council To Discuss Gran Chaco Dispute

(Associated Press)

GENEVA, Aug. 3.—(A.P.)—Efforts to halt the Gran Chaco conflict between Paraguay and Bolivia were turned over to the governments of neighbor states—Argentina, Brazil, Chile and Peru—by the League of Nations Council today.

This action was taken in agreement with suggestions advanced by the two belligerent states after the league had decided, in agreement with those states, to send an international commission to seek settlement of the dispute on the scene of hostilities.

U.S. Coast Guard Seizes Plane Of Italian Make

(Associated Press)

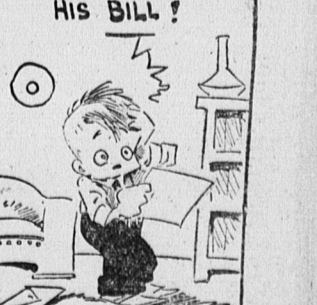

NEW LONDON, Conn., Aug. 3.—A giant seaplane of Italian make, similar to those in General Italo Balbo's Air Armada, was seized by United States coast guard authorities and held today as a suspected rum runner.

The likeness of the ship to those of the Italian fleet led to its seizure yesterday in Veconic Bay on the eastern end of Long Island Sound, after it had been abandoned by its crew.

Officers on a coast guard boat which was patrolling that area saw the plane alight on the Bay and thinking it might be one of Balbo's fleet, headed the patrol in its direction.
