## STALIN CHARGES CHURCHILL IS "WARMONGER"

### Four Charged In Spy Probe Released On Bail

**Think "Little Tee Hard" On Russia**  
By George Kitchin  
OTTAWA, March 13 (CP)—Opinion that "we are being a little too hard on Russia" in connection with the spy activities in Canada was expressed tonight by Dr. George J. Trueman, president emeritus of Mount Allison University, in speaking at a civic banquet of welcome to war veterans.  
Dr. Trueman said Russia was "justified in seeking information on the atomic bomb and on operation Muskox."  
"The United Nations Organization cannot be a success unless the United States, Great Britain and Russia pull together, so let us make up our minds that we are going to find a way because that is the only way to peace," he said. "We must not forget that during the war we felt that we owed our lives to the Russians."

### Schoolboy Feud Leads To Stabbing

PRISTON, Ont., March 13 (CP)—A 12-year-old boy will appear in juvenile court tomorrow on a stabbing charge and police said today the charge culminated a series of "gang battles" between children of Preston public school and a neighboring Roman Catholic separate school.  
Sgt. Thomas Conaway, acting head of the police of this Western Ontario municipality, has instructed principals of the two schools to warn students that strict police action will follow any future fights.  
The youngsters have been fighting after school, one gang against the other, for some time, but it didn't become serious until this week, the police sergeant said.  
The stabbing occurred Monday when a child of the Roman Catholic school at a separate school pupil with a jack knife and pierced his arm. The wounded child was taken to hospital at Kitchener where several stitches were required to close a deep gash near the elbow.

### Stock Markets React Sharply To Foreign News

NEW YORK, March 13 (CP)—The stock market reacted sharply today to increased tension over foreign news developments, and leading shares dropped 31 to 34 points.  
Pessimistic views of the international outlook overshadowed in Wall Street the settlement of the general Motors strike, which was announced just before the close.  
TORONTO, March 13 (CP)—Prices tumbled for wide losses today on the Toronto Exchange, the result chiefly, it was said, of disturbing developments in the relations of the Western Allies with Russia. Losses were the heaviest in more than a year.  
**FIVE CHILDREN INJURED**  
MEAFORD, Ont., March 13 (CP)—Five Meaford children, all about 11 years old, were injured today when about half a ton of loose bricks and mortar fell from the upper story of a grocery building and landed them to the ground. All were badly bruised and suffered from shock.

### Coming Events

- Variety Concert and Box Social at Tracie Hall, Monday night, 8-10-30-35.

- Leading Hogs at Peake Station each Tuesday, 8-12-11.
- Y.M.C.A. Phalanx Banquet at Charlottetown, 8-12-11.
- Y.M.C.A. Phalanx Banquet at Charlottetown, 8-12-11.

### Youth Sentenced To Hang June 21

MONTREAL, March 13 (CP)—A Court of King's Bench jury today found Edouard Brodeur, 18-year-old Alderik Brodeur and the 19-year-old youth was sentenced to be hanged June 21.  
The convicted youth, who appeared to be paying little attention to the court proceedings today, showed no emotion other than a slight twitch of the lips when the jury's verdict was announced. He made no reply when asked if he had anything to say before sentence of death was pronounced by Mr. Justice Wilfrid Lazure. The jury had taken only 10 minutes to reach a verdict.  
Brodeur, with whose granddaughter, Liane Labelle, the blond youth was keeping company, died three days after he was attacked in a shed last November.  
An earlier confession by Harris, introduced as evidence after a verbal battle between defence and prosecuting attorneys, said that he had struck the octogenarian several times over the head with a soft-brick made of stone 1/40 from his watch pocket.

### Quebec Farmer To Head Holstein Ass'n

MONTREAL, March 13 (CP)—Pierre Bonin of Joliette, Ont., will head the Holstein Friesian Association of Canada yesterday at the association's annual general meeting here.

### Presentation To Princess Alice

OTTAWA, March 13 (CP)—The women of Canada, represented by Senator Cairine Wilson, today presented Princess Alice with a gift in honor of her five-year stay in Canada and in doing so established a series of scholarships in youth training which will perpetuate the Princess name throughout the country.  
The Princess Alice Foundation Fund, to which Canadian women have contributed instead of to the usual personal gift to the wife of a retiring governor-general, now has \$47,820 and a cheque for this amount was handed to Her Royal Highness at a brief ceremony in the House of Commons.  
The idea for the fund came from Princess Alice herself.  
Her Royal Highness gave the cheque to Chief Justice Thibault and to her husband, the Hon. J. G. Bennett, who is the trustee of the fund. Then all signed the fund's instrument.

### Find Jap Torpedoes Of Superior Type

TOKYO, March 13 (AP)—Japanese torpedoes were better than their American or British counterparts, had more range and greater speed, and left no air bubbles, according to a report by a Japanese technical mission to study war secrets in the United States Navy, announced today on completion of his project.  
An eye opener, Capt. Dunning said, was Japan's huge aircraft-carrying submarines. Japanese torpedoes had made reconnaissance flights over the Hawaiian Islands in places catapulted from submarines which could carry three planes each.  
In one laboratory the Nipponese were making oil from rubber, exactly reversing a rubber from oil process developed in the United States.  
**COSTLY TON**  
A cube of gold measuring 141 inches weighs a ton.

### Cemetery Committee To Interview Government

**Meeting Held Last Night; Report Is Given By Mr. W.E. Bentley.**  
A committee was appointed last night at a meeting of persons interested in the People's Cemetery, Charlottetown, to interview the Provincial Government on the appointment of a Board of Management for the Cemetery, to operate under the provisions of an act now before the Legislature.  
The committee will seek, among other things, to suggest the personnel of the board.  
Mr. W. E. Bentley was named convener. Other members include Messrs. A. Stewart, A. J. Curcliffe, J. W. Boulter, Neil D. MacLean.  
The meeting last night was held in the City Magistrate's chambers. Mr. W. L. Higgins presided and Mr. James Brown acted as secretary.  
The minutes, including the reading of a report by Mr. Bentley, the

### Island Members Ready For Aggressive Action When Parliament Opens

**General Electric Strike Settled**  
NEW YORK, March 13 (AP)—The General Electric Company and the United Electrical, Radio and Machine Workers of America (I.U.O.) tonight announced the end of a 57-day strike by agreeing to a wage increase of 15 cents an hour.  
When 100,000 General Electric workers struck Jan. 15, there was a simultaneous walkout of 75,000 employees from Westinghouse Electric Corporation plants and 25,000 from plants of the Electrical Division of General Motors Corporation.  
The electrical workers at General Motors settled their strike a month ago for an 18.5 cents per hour increase.  
Westinghouse is scheduled to resume production sessions here tomorrow.

### Comments On Milk Subsidy Rumors

OTTAWA, March 13 (CP)—K. E. John, secretary of the National Dairy Council of Canada, said today "no representations have been made to the Federal Government by the dairy industry of Canada suggesting that the consumer milk subsidy of two cents a quart should be discontinued."  
He said he made the statement in reply to articles in several newspapers to the effect "pressure had been brought to bear on the government to have the subsidy removed."  
(There have been rumors in Ottawa that the government would lift the subsidy and pass along the increase to the consumer, but that the government would continue a subsidy of one cent a quart this summer and two cents in winter for producers.)

### Next Move In Iran Seen Up To Russia

WASHINGTON, March 13 (AP)—The next move in the diplomatic tangle over Russian military moves in Iran appeared tonight to be up to Moscow with American officials hoping for word from the Soviet capital which might ease the critical situation.  
The situation is considered by some authorities to be so serious as possibly to threaten the effectiveness of United Nations peace machinery unless there is a break fairly soon. A demand at its meeting in New York considered probable it might confront a peace agency with a life-and-death test of its powers.

### May Turn Out French Cars At Sorol, Que.

MONTREAL, March 13 (CP)—The Star said today in a dispatch from its Ottawa bureau that "possibility of an automobile production plant in the province of Quebec is seen in negotiations which are proceeding between manufacturers of Citroen automobiles of France and the Simard interest at Sorol."  
The dispatch said further "there is no indication yet as to how negotiations have gone but an announcement is expected within a reasonably short time."

### Dairyman Wins Award

Mr. William Sherry of Fernwood, one of the Province's outstanding dairymen as he was presented with a silver tray from the Canadian Bank of Commerce. The award was in recognition of Mr. Sherry's record as the patron supplying the most cream to the Dunk River Dairy-Record for the year ending November 20, 1945. He is the owner of a fine Jersey herd.

### 113 Day General Motors Strike Ends

**Labor Delegation Waits On Gov't**  
Representatives of organized labour in the Province met the Legislature informally yesterday in petition that a Workmen's Compensation Act be placed upon the order of the day.  
The delegation, which included Mr. Douglas, president of the Automobile Workers of Canada, and Mr. MacNaught said, "I don't see how we can clear up the slack and make the grant as soon as possible."  
Mr. Douglas expressed pleasure in the fact that the Province Department that Prince Edward Island members of the services had been re-adjusting themselves to civilian life with the loss of their open centres of Quebec and Ontario.

### Frozen Fish Stocks In Storage Decline

OTTAWA, March 13 (CP)—Stocks of frozen fish in Canada March 13 totalled 18,063,135 pounds, compared with 20,271,500 Feb. 1, 1946, 20,881,594 pounds March 1, 1946, the Dominion Bureau of Statistics reported today.  
Holdings of frozen fresh fish were 16,806,919 pounds, compared with 18,913,304 pounds Feb. 1, 1946. Stocks of frozen smoked fish were 1,256,216 pounds Feb. 1, and 1,254,216 pounds March 1 last year.  
Stocks of sea herring and herring were 3,912,751 pounds, compared with 4,309,847 pounds, 3,197,874 pounds. The stock of cod amounted to 2,623,000 pounds, compared with 2,283,086 pounds and 2,356,218 pounds.

### Will Seek Hunting Permit Legislation

The Provincial Legislature is to be asked to amend the Fish and Game Act so as to make compulsory for all rural residents, over 18 years of age, the paying of \$1.00 for a hunting permit. Farmers, their sons, and hired help will be exempt from the license fee if their shooting is confined to their own or adjoining farms.  
The meeting of the Fish and Game Association last night further asked the Government to impose a license fee of \$1.00 for a fishing permit and another fee of \$1.00 for a hunting permit on all residents of the City of Charlottetown and the incorporated towns throughout the Province who are 18 years of age or over.  
Mr. Frank Acorn, president of the Fish and Game Association, who introduced the resolution, said 157 pheasants had already been brought to the Province. They and the 250 which would arrive March 27 had been paid for at an approximate cost of \$1,700. Five hundred more pheasants were on order from Wisconsin and would be held until April 1st.  
It was necessary, therefore, Mr. Acorn said, that the resolution be

### Says British War Leader Is Telling Lies

**Russian Leader Is Reported in Unusual Interview.**  
LONDON, March 13 (CP)—Generalissimo Stalin today charged Winston Churchill with working for a "war with the U. S. S. R." and accused his former associate in the Big Three of telling "lies" in his recent Fulton, Mo., address.  
Further, Premier Stalin declared in a rare interview in Pravda, Communist Party newspaper, that Mr. Churchill and "his friends in England and the United States" are promoting a Hitlerite "race theory" of world domination by the English-speaking peoples under the threat of war.  
"It is obvious that Mr. Churchill aims for war with the U. S. S. R.," Gen. Stalin said. "He is trying to mislead his listeners by saying that the period of the agreement between England and the U. S. S. R. (A 20-year friendship treaty) can be prolonged up to 50 years."  
"But how can one take this statement while at the same time he is holding the groundwork for war against the U. S. S. R.?" the Soviet leader continued.  
"There is no sense in prolonging the treaty if one party breaks it and converts it into an empty piece of paper."  
(This was believed in London to be the first reference in the East to the agreement between England and the U. S. S. R. (A 20-year friendship treaty) can be prolonged up to 50 years.)  
"But how can one take this statement while at the same time he is holding the groundwork for war against the U. S. S. R.?" the Soviet leader continued.  
"There is no sense in prolonging the treaty if one party breaks it and converts it into an empty piece of paper."  
"This was believed in London to be the first reference in the East to the agreement between England and the U. S. S. R. (A 20-year friendship treaty) can be prolonged up to 50 years.)  
"But how can one take this statement while at the same time he is holding the groundwork for war against the U. S. S. R.?" the Soviet leader continued.  
"There is no sense in prolonging the treaty if one party breaks it and converts it into an empty piece of paper."

### Is Acquitted By Court Martial

WINNIPEG, March 13 (CP)—Cpl. (A Sgt.) John Hugh Harvey of the fish army today was acquitted by a court martial on a charge of manslaughter.  
The court martial was held at the barracks here today.  
The charge was manslaughter in the death of a man who worked between Nov. 7, 1945, two weeks before the strike was called, and the date of ratification shall receive an increase of 13 1-2 cents an hour for all hours worked between those dates.  
That was the only retrospective feature of the agreement.  
Negotiations for settlement of the strike that made idle 178,000 production workers for 113 days had been stymied on a "2-cent hourly increase and the management's refusal to go higher than 18 1-2 cents."

### Will Seek Hunting Permit Legislation

The Provincial Legislature is to be asked to amend the Fish and Game Act so as to make compulsory for all rural residents, over 18 years of age, the paying of \$1.00 for a hunting permit. Farmers, their sons, and hired help will be exempt from the license fee if their shooting is confined to their own or adjoining farms.
