Rest waits for the weary in the home above. 5835

::Help for Asthma.—Neglect gives asthma a great advantage. The trouble, once it has secured a foothold, fastens its grip on the bronchical passages tenaciously. Dr. J. D. Kellogg's Asthma Remedy is daily curing cases of asthma of long standing. Years of suffering, however, might have been prevented had the remedy been used when the trouble was in its first stages. Do not neglect asthma but use this preparation at once.

::Sleeplessness. Sleep is the great restorer and to be deprived of it is vital loss. Whatever may be the cause of it, indigestion, nervous derangement or mental worry, try a course of Parmelee's Vegetable Pills. By regulating the action of the stomach, where the trouble lies, they will restore normal conditions and healthful sleep will follow. They exert a sedative force upon the nerves and where there is unrest they bring rest.

GOOD BEEF.—In the stall of Saunders and Newsome yesterday was to be seen some wonderful beef. This was from prize cattle which were brought over from the Amherst Fair and purchased by this firm's own representative. Among the lot was a big sweep stake animal. The lot also included eight cattle some of which will be held over for the Easter trade.

POSTAL MATTERS.—In order to lighten up the work of the mail clerks and also to accelerate the distribution of necessary mail which, at this season of the year is always abnormally heavy, it has been suggested that such matter as advertising calendars might be held over until after the Christmas rush. The calendar crop is unusually heavy this year and much of it would be as acceptable along the first of the year as at present.

BIBLE TO BE FILMED.—The world's greatest book—which is really a whole literature complete in one volume—the Bible, is to be filmed. At last men of vision have arisen who, more as an offering for the well-being of mankind than as a commercial enterprise, will transfer to the screen, the Bible as it is written, apart from sect or creed, without prejudice, intolerance or any extraneous influence. The Historical Film Company of America is the official title of the producing company.—Ex.
