THE MORNING PAPER. Some Reasons Why it Makes the Best Advertising Medium. A woman's curiosity to know about society, marriages, births, deaths, forces her to read it. The Morning Paper is before her all day long, and it is when she is doing her household duties, arranging and improving the appearance of her home, that the missing and necessary curtains or other necessities, show up the plainest and there could be no more opportune time for a dealer to tell about his new designs, the new styles and the bargains offered, for the day or week. In a majority of homes the news paper is practically the bulk of the articles of furniture, rugs, carpets, reading matter, and the long, all-day life from 5 a.m. to 10 p.m. of The Morning Paper gives not only the housewife but every member of the household a chance to read at the breakfast table, again at home at noon, on the trains, in the restaurants. It is read in doctor's offices, professional offices, clubs, hotels, cafes, barber shops. It is read by daylight everywhere you go by both influence and national reputation are exceptions, the papers with editorial It is a known fact that throughout the world, possibly with a half-dozen Morning Papers.
