

New Here But Familiar In Many Canada Cities

Fifteen Thousand Families Tried Vicks Last Winter and are Enthusiastic.

ACTS SO INSTANTLY AND SO DIRECTLY.

Here's the successful new method of treating any kind of a cold.

A salve that acts like a heating liniment, poultice or plaster. At the same time its ingredients, released as vapors by the body heat, enter the nose, throat and lungs every time you breathe.

Colds are commonly broken up overnight, croup in fifteen minutes. This preparation Vicks VapoRub was discovered by a North Carolina, druggist. In 16 years its use has spread until now over 17 million jars are used yearly.

Tested in 15,000 Homes. Over 15,000 families in Ontario and Quebec tried Vicks last winter by invitation of the manufacturer thru local druggists.

How Vicks is Used.

Mrs. J. Saunders of 235 Barton St. East Hamilton, Ont. says: "I was bothered with asthma and a very bad cold in my chest. I applied Vicks VapoRub, rubbing it on with my fingers and found it gave me wonderful relief. I would be pleased to recommend it to anyone having a bad cold or in case of burns.

Mr. Joseph Haley of 199 West Milk St., Brantford, Ont. says: "My wife has suffered with quinsy for years, but Vicks must have prevented it for she got thru the winter without a single attack. We sent part of a jar to a neighbor, whose boy was very sick with cold or grippe. He also got relief. Vicks surely should be in every home.

Mrs. Wilton Bull of 979 Tupper St., Montreal, says: "I find Vicks VapoRub one of the finest salves I ever used. We use it for cuts, burns, and bruises and even mosquito bites, with most excellent results."

At all drug stores, 50c per jar.

PERSONALS

Miss Irene Secord of Sackville is visiting in the city, the guest of Miss Dora McDonald.

Mr. Robert Baird who has been visiting in the Province left yesterday on return to Detroit.
