

WOULD SCREAM FOR HOURS WITH ECZEMA

Baby Dreadful Sufferer, Could Not Keep Him from Scratching, Erythema Joint Affected. Used Cuticura Soap and Ointment and He Is Well.

Enclosed find my son's photo and I feel by writing these few lines to you I am only doing my duty, as my son was a dreadful sufferer from eczema. At the age of two weeks he began to get covered with red spots on his legs and arms, which another thought was red gum or thrush; but day by day it grew worse until every joint and crevice were affected and baby started screaming for hours day and night, such a thing as sleep was out of the question. I took him to two of Sydney's leading doctors; one said it was one of the worst cases he had seen, the other did not think it so serious; one ordered ointment for rubbing in, the other a dusting powder. I followed their prescriptions for over four months and still baby kept getting worse. I could not keep him from scratching so great was his agony.

When he was five months old I tried the Cuticura Remedies and I am very thankful to say my baby is to-day free from all his suffering. His groins were bleeding when I started and other parts affected, ere the first part of his body, under the knees, arms, in arm joints, eyebrows and neck; but after two using Cuticura Ointment I began to see a difference and by the time I had used one tin, along with the bathing with Cuticura Soap, baby was nearly cured. I still kept on using the Cuticura Soap and Ointment, and now, thank goodness, he is quite well and, although he is now ten months old, has not had any further return of the trouble." ENCRMOUS CIGAR-ETTE CONSUMPTION.

South Africa Smokes 650,000,000 cigarettes per annum, and well over 600,000,000 of them are retailed in six-cent packets. Evidence to this somewhat startling effect was given recently by witnesses possessing special knowledge before the industries commission at Cape Town. The effect of this enormous consumption of tobacco upon the physical health of the population, must be considerable, and the Union government is being earnestly urged to take the question up. The Boy Scout movement is being greatly encouraged as it is expected that it will counteract and decrease the spread of the habit among the youthful inhabitants of the country.

THE DRUMMER'S SERMON.

"Certainly I will make a few remarks," said the cigar salesman who, because of his solemn garb, had been mistaken for a man of the cloth. Ascending the platform, he said: "Men are like cigars. Often you cannot tell by the wrapper what the filler is. Sometimes a good old stogie is more popular than an imported celebrity. Some men are all right in the showcase, on display, but are great disappointments when you get them home. No matter how fine a man is, eventually he meets his match. A two-fer often puts on as many airs as a fifty-center. Some men never get to the front at all except during campaigns. Some are very fancy outside and are selected for presents. Others have a rough exterior, but spread cheer and comfort about them because of what is inside. But all men, as all cigars, good or bad, two-fers, stogies, rich or poor, come to ashes at last." According to Government Estimates \$100,000,000.00 was made in Western Town Property during the year 1910. Did you participate in these huge profits or did you "pigeon-hole" the proposition submitted to you by your western friends for future consideration? In short, are you the man who made a profit or the unfortunate one who had the chance but did not possess sufficient judgment to recognize the opportunity or sufficient courage to close a deal? The man or woman entitled to sympathy is the one who says: "Five or ten years ago I had the chance to buy this or that property at \$100 or \$50, and now it is worth \$10,000." The average person sneers at the person who makes such a statement and says: "I would have bought and made that money." Are you going to say five years from now that you had a chance to buy a lot at Poe, Alta., at from \$50. to \$100. each, or are you going to be the man who will have from \$1,000 to \$10,000 in cash as a result of having bought property in this town in this year of grace. 1911? POE A COMING COMMERCIAL CENTRE. Poe is located on the main line of the Grand Trunk Pacific Railway between Edmonton and Saskatoon. It is located in one of the finest farming districts in Western Canada. The surrounding country is settled by a progressive type of farmers and consequently will become the market centre for Northern Alberta. Poe district possesses rich coal mines, is close to river and lakes and large forests are easily accessible from this point. These natural resources insure for the residents of the town, first, low cost of living, and second, great commercial activity, two essentials in the up-building of a large town, thus creating valuable real estate. POE AS A MANUFACTURING CENTRE. This townsite and contiguous territory has the requirements outlined by large manufacturing concerns for the location of large factories or large enterprises of any kind employing large numbers of people. The rivers and lakes furnish water, the coal fields and forest furnish fuel and cheap building material, the fine farming lands furnish farm products, enabling the residents to live at a low cost. The town is located on the main line of a transcontinental railway, assuring the necessary transportation facilities. These combined conditions will furnish cheap labor, one of the most important, features of a manufacturing centre. Poe is a good new town in which to engage in business or a profession THE WALCH LAND CO. Lands, Townsites and Investments Portage Ave. Corner Fort St. WINNIPEG, CANADA
