WARNING!

Charlottetown, January 8th, 1900.

Do you need Eye-glasses or Spectacles?
Do you want the services of a Doctor of optics and many years practice free?
Do you think of getting glasses soon?
Do you want the best made at about half the price you have formerly paid?
Do you want to patronize a man that has fitted 880 pairs (or 8 pairs a day average) of glasses in P. E. I. without a single failure?
Do you want to patronize a man who has fitted more than nineteen thousand pairs of glasses.
In short, do you want to be fitted by a man whose success has been excelled by none?
Then you must call at once as Dr. Jordan will only remain a short time longer. If you put it off too late then don't blame us as we warn you, you can only have his services a few days longer.
If you have any trouble with the glasses that you have had from us call and we will very willingly do what we can to adjust the trouble.

Yours respectfully,

BOSTON OPTICAL CO.

After this Rev. Mr. Carter was tendered a unanimous call for another year, this, as Mr. Carter accepted, will be his third year on the field. The meeting at night was largely attended and passed insuring suitable selections and testimonies in which members told of the goodness of God to them in the past and their hope and trust in Him for the future.
