
Penetrating Qualities

You can mix a superior paint by using a reliable white lead as a base, and the one white lead that stands today unequalled in quality, just as it has stood for generations, is

Brandram's B. B. Genuine White Lead

No other white lead has this record - no other white lead approaches Brandram's in fineness and whiteness. Brandram's B. B. Genuine White Lead is the easiest to use and the most durable to employ.

You may try experiments with other brands of white lead; with Brandram's you are **sure.**

Ask your Dealer.

Do not Spend your Money on Incomplete Fertilizers

That is, do not buy a fertilizer, low in POTASH, because you will not get maximum yields from your farm.

Agricultural Authorities prove that all crops remove from the soil more POTASH than Phosphoric Acid; therefore, the folly of using a fertilizer containing less POTASH than Phosphoric Acid.

We will tell you the right kind of fertilizer to use—one that will make more money for you.

Having **POTASH, Acid Phosphate and Nitrate of Soda** in stock, can quote you attractive prices on these three fertilizer materials, and will show you

How to Mix Your Goods at Home and Save Money

Make up your mind to have bigger crops this year by using the right kind of fertilizer.

With a high grade POTASH fertilizer you can get crops that will pay you many times over for the cost of fertilizers.

Drop in and let us tell you HOW TO MAKE MONEY FROM YOUR FARM

EARTHQUAKE RECORD OF DEAD IS HIGH

(Canadian Press.)

CATANIA, Sicily, May 11.— An official estimate of the dead as a result of the earthquake which destroyed many villages on Eastern Slope of Mount Etna places the number close to 200.

This is the largest percentage ever recorded considering the smallness of the area affected.

MEXICAN AFFAIRS.

VERA CRUZ, May 11—Huerta's men have mounted many guns at Cerro Gordo to resist any American advance on Mexico City.

MEXICO CITY, May 11.—Huerta made it plain today that he does not intend to resign or flee. He said it would be no surprise to him if ome incident at Vera Cruz under the present conditions brought on actual war with the United States before peace negotiations were fairly under way.

VERA CRUZ, May 11—Refugees from Mexico City say Huerta's end is near. He is being hemmed in by enemies and has mined the streets of the Capital and plans to wreck the city and make the world gasp at the catastrophe. They believe he must fly to the Americans who are the only ones who will spare his life. He will die in the ruins of the Capital or at the hands of the rebels.

VERA CRUZ, May 11.— Huerta's three representatives to the mediation meetings at Niagara Falls will sail today clothed with full powers, nominal at least, to sign any agreement of convention. Mexican newspapers continue to make bitter attacks on the United States.

CHANCELLOR'S WIFE DEAD.

BERLIN, May 11.—The wife of the German Chancellor Hollweg died yesterday. Had been ill some time.

LACK OF FRESH AIR

CAUSES RUNDOWN CONDITION. HOW TO KEEP STRONG.

Statistics prove that the death rate is very much greater in the winter months than in the summer, and that the lack of fresh air is largely responsible for this condition.

If the system becomes rundown, blood thin and watery, circulation poor, no appetite, don't dose with drugs, but take our delicious cod liver and iron tonic Vinol, not a present medicine, as everything in it is named on every package and if it does not give you a hearty appetite enrich the blood and create strength, we will return your money; that shows our faith in Vinol.

A case has just come to our attention from Knoxville, Tenn. Miss Carrie King says: "For three years I was all run-down, weak, and had no appetite and after all that time I am glad to say Vinol has brought back my health and strength."

Try a bottle of Vinol, on our guarantee. E. A. Foster, Central Drug-store, Charlottetown, P. E. I.

What Dyspeptics Should Eat

A PHYSICIANS' ADVICE

"Indigestion and practically all forms of stomach trouble are, nine times out of ten, due to acidity; therefore stomach sufferers should, whenever possible, avoid eating food that is acid in its nature, or which by chemical action in the stomach develops acidity. Unfortunately, such a rule eliminates most foods which are pleasant to the taste as well as those which are rich in blood, flesh and nerve building properties. This is the reason why dyspeptics and stomach sufferers are usually so thin, emaciated and lacking in that vital energy which can only come from a well fed body. For the benefit of those sufferers who have been obliged to exclude from their diet all starchy, sweet or fatty food, and are trying to keep up a miserable existence on gluten products, I would suggest that you should try a meal of any food or foods which you may like, in moderate amount, taking immediately afterwards a teaspoonful of bisurated er. This will neutralize any acid which may be present, or which may be formed, and instead of the usual feeling of uneasiness and fullness, you will find that your food agrees with you perfectly. Bisurated magnesia is doubtless the best food corrective and antacid known. It has no direct action on the stomach; but by neutralizing the acidity of the food contents, and thus removing the source of the acid irritation which inflames the delicate stomach lining, it does more than could possibly by done by any drug or medicine. As a physician, I believe in the use of medicine whenever necessary, but I must admit that I cannot see the sense of dosing an inflamed and irritated stomach with drugs instead of getting rid of the acid—the cause of all the trouble. Get a little bisurated magnesia from your druggist, eat what you want at your next meal take some of the bisurated magnesia as directed above, and see if I'm not right."

"For those who are not enjoying good health, there is no preparation that will secure the desired results as does Macs Blood Food. It eliminates that weary, worn-out feeling and gives snap and vigor to the entire system. It relieves all disorders arising from an impure condition of the blood. Box 50c. 3 for $1.25, 6 for $2.50, sent postpaid to any address. Two Macs 149 Great George St. etf.

CHEAPER AND BETTER SCHOOL SUPPLIES

At the last session of the Legislature, it will be recalled, there was passed an Act entitled "The School Supplies Act," the purpose of which is to authorize the Board of Education of this Province to purchase and distribute all kinds of school books, supplies and equipment to the schools and scholars of the Island.

Plans for the carrying out of the intention of this Act are already well advanced and will be put into operation at the end of the present school year. The Board of Education will, through the Manager of the School Supplies Department that is to be established, purchase wholesale all school books and school supplies that will be required, at lowest possible prices, consistent with high quality of goods and suitability for use in the schools, and will make the necessary arrangements for distributing these at the smallest possible advance on the first cost.

The best method of distributing the books and supplies is now being carefully worked out, and it is confidently expected that arrangements will be made whereby the school books, and especially school supplies, will be greatly improved in quality and very considerably reduced in cost.

The Education Department proposes to control, for the benefit of the parents and pupils of this Province, the retail prices of all books and supplies. The reasons for this action being taken are, namely: first, to lessen the cost; secondly, to improve the quality; and, thirdly, to place all needed books, supplies and equipment within the easy reach of every school and every pupil.

The method by which this control will be effected, it is understood, will be in this direction. The Department of Education, while itself making the wholesale purchase of all the school books and supplies the school and children will need, will arrange to distribute these through the tradesmen, in order thus not to interfere with the trade but to work in conjunction with it. The School Supplies Department will fill the tradesmen's indents at the wholesale rates originally obtained and then the tradesmen will be allowed to charge a small percentage upon that to cover the cost of distribution. If this arrangement cannot be satisfactorily effected with the tradesmen, then the Department, it is understood, will assume complete control of the business, filling the different orders and making the distribution itself. By purchasing in large quantities at wholesale rates and selling at just the cost of distribution, the prices to the schools and children can be largely reduced.

Then, instead of many different kinds of exercise books, writing paper, pens, pencils and so forth, being in use in the schools, one or two kinds of each most suitable for use in the schools will be selected. Thus all public schools will be standardized in this regard and there will be an improvement in quality.

At present, too, in some sections of the school districts, it it difficult for pupils and teachers alike to secure the books and supplies they require. In many cases money has been voted by the district for maps, black-boards, etc., which remains unexpended because the Trustees did not exactly know where these articles can be procured and what is the proper price for them. The Government School Supply Department will obviate this difficulty and will be able to supply much better equipment, at a much lower cost, than has formerly been the case.

Mr. J. Landrigan, Principal of Queen's Square School, has been appointed Manager of the School Supplies Department. Last night he returned from Fredericton, N. B., where he had been for the week-end inquiring into the system of school supplies distribution in vogue in New Brunswick.

Have a Joy Shave! Oil Your Razor with 3-in-One

Always do this before and after shaving: Draw your "ordinary" or "safety" razor blade between thumb and forefinger moistened with a little 3-in-One Oil. Oil your strop, too. Then you'll secure keenest edge in quickest time.

3-in-One Oil Prevents Rust from forming on the microscopic "teeth" which form the cutting edge of every razor blade. It's rust that dulls your razor, makes it "pull" and hurt. You can't ever wipe all the lather moisture out of those tiny "teeth"—but 3-in-One Oil will positively ward off any rusting between shaves.

Right now buy a bottle and have perfect shaves! The book with the bottle tells you hundreds of other helpful uses, indoors and out.

For sale at all good hardware, drug, grocery, and general stores. 1 oz., 10c; 3 oz., 25c; 8oz., ½pt., 50c. Handy 3¼ oz Oil Cans 25c.

"The Best Oil For Every C S Household Use."

An Author's Experience WITH DR. CHASE'S NERVE FOOD

Shock and Overwork caused Nervous Breakdown—Never found anything to compare with Dr. Chase's Nerve Food as a Restorative.

Miss Innes is widely known in New York, Toronto and other large centres as a Teacher of Dressmaking and as author of the most complete work on this subject: "Scientific Dressmaking and Millinery." This book has been ordered by the government for use in Women's Institutes throughout this province, and is being put into practically all Public Libraries. The experience which Miss Innes has had with Dr. Chase's Nerve Food is told in such an interesting manner in her letter that we shall quote it in full.

MISS I. INNES

Miss I. Innes, 245 Huron St., Toronto, writes:—"I have a strong constitution and do not neglect the health as many do whose strenuous lives of overwork lead to breakdown of the nervous system. Consequently when, on receipt of a telegram announcing the death of a brother who was very dear to me, the nerves failed me, I went to my doctor and his prescription acted beautifully and restored the nervous system for a time. Again in New York I felt the need of a tonic and had the doctor's prescription filled but to no avail, and just here I want to emphasize the necessity of going to a reliable druggist who you know will use only the best and purest drugs. I was benefitted to some extent by trying a prescription which is used extensively by stock brokers on Wall Street, where fortunes are made and lost in a day, and the nerves give way under the enormous strain.

This helped me but I am writing this letter to say that nothing I used could for a moment be compared to Dr. Chase's Nerve Food. This treatment restored my exhausted nerves, gave me new vigor and energy, and banished the many distressing and disheartening symptoms which only nervous people will understand.

I know there are authors, journalists and business men with whom I come in contact daily who should know about this great nerve restorative. I know there are women in the home straining the last nerve to make the best use of the income in these times of high prices and whose nerve cells have been sapped by worry and anxiety until they live in misery and do not understand the reason. It is because I know this that I want to tell these nervous, worn out people about Dr. Chase's Nerve Food. From my own experience I know just how they feel and just as certainly know that Dr. Chase's Nerve Food will prove a wonderful blessing to them."

Dr. Chase's Nerve Food, 50 cents a box, 6 for $2.50, all dealers or Edmanson, Bates & Co., Limited, Toronto.

Ask your Druggist for three months treatment, 12 boxes for $5.00

Yes, *they are* neat!

And they're just as comfortable as they look. I have worn this kind for years and I never knew what *hose satisfaction* was until I got them. You should try Penmans Hosiery—*knit-to-form—without-a-seam.* The *Penman way insures* the *utmost* in comfort, appearance and excellence. They retain their shapeliness—set snug to foot and limb and *wear much longer* than ordinary hose. 84
