Dr. G. D. Steele reported on the allotment plan. The Association voted a sum of money to be used by this committee to assist rural schools financially in the instruction of musical training.

Following committee reports, a social hour was enjoyed, while Mr. Bugden, President, expressed the regret of the Association at the departure of Mrs. Orison Archibald who is leaving shortly to make her home in Peterborough, Ont. Mrs. Archibald has been Secretary of the Association during the past two years and it is largely due to her efforts that Music Festivals have been established in P. E. I.

IN MEMORIAM

As one lamp lights another now grows less so nobleness enkindled nobleness.

Dear Cousin, a year has passed since you have gone away. And yet I cannot realize That you have gone to stay. I cannot make myself believe That we will meet on earth no more;

Why did God take you dear heart? I should have gone before. Light of my darkness, my guiding star What would I not give to be where you are!

Oh! for the touch of a vanished hand And the sound of a voice that is still. I cannot realize that you are gone. And I hope that I never will. There is something sweet in expectancy. And as I go on life's way, I find myself saving many things To tell to you some day.

I am not the only one that feels this way about you dear. Everyone that had the pleasure of knowing you, Still wish that you were here. Your hands and charity will never fade away.

There are no words that can express All that I would like to say. How your lovely presence clings like the ivy vines. Much that I would like to say are contained in the following lines:

He has achieved success, who has lived well, laughed often and loved much. Who has gained the respect of intelligent men. Who has filled his children with his own good example. Who has never lacked appreciation of earth's beauty, or who has always looked for the best in others, and given the best he had. Whose life was an inspiration. And whose memory a benediction. Loving hands will place sweet flowers Upon your grave dear heart, today. But, alas! earthly flowers will also wither and fade away. Today, dear heart, I will twine a wreath for you. Of roses sweet and bright. One dear, that will forever be lovingly and fair, as morning light. I will twine it with my rosary. Tears will dear one be sparkling dew. And will ask our Heavenly Queen To give my wreath dear heart to you.

And when all earthly flowers fade, This wreath of remembrance shall be a thing of beauty to behold For all time in eternity.

MRS. BENJ. CHAMPTION

 who died November 12, 1945.

Dearest mother how we miss you Though we know 'tis vain to weep Tears of love cannot awake you From your happy, peaceful sleep. Memories are treasures no one can steal.

Death is a heartache no one can heal Some may forget you, now that you're gone But we will remember, no matter how long. Two little words, not hard to write But we will remember them all of our life. Our Mother.

Sadly Missed and Lovingly Remembered by her two small Sons, Linus and Gary.

Dr. Mulligan Resigns From Melville Church

(Montreal Star)
 After more than 18 years of service Rev. Dr. William Orr Mulligan has resigned as minister of the Melville Presbyterian Church, Melville avenue, Westmount, it was announced Friday.

Dr. Mulligan's resignation was accepted at a special meeting of representatives of the congregation last night. His resignation was accepted with "sincere regret by his many loyal and devoted friends of the congregation."

The meeting endorsed the formation of a committee whose duties will be to make a "fitting and generous recognition of Dr. Mulligan's long and faithful service to the congregation, the community and the church at large." Dr. Mulligan presided at the opening devotional exercises. Mr. Stewart was chosen chairman for the business part of the meeting.

Long, Faithful Pastorate

"The meeting was informed that Dr. Mulligan's retirement would take effect on December 31 this year and that his service as minister was twice as long as the previous pastorate and that he leaves the church now practically free of debt with much improved equipment and now occupying, owing to a changing population, the most central position of the Presbyterian churches in Montreal.

During his ministry in Montreal Dr. Mulligan has held the office of convener of the Immigration Committee and also was chairman of the Board of Education during which time he was instrumental in carrying out several changes in educational policies. He is a member of the Senate of the Presbyterian College, Montreal, and for some years its acting secretary. He has also served on the boards of several Montreal organizations as the representative of the Melville Presbyterian Church.

(Dr. Mulligan was also minister for some years of St. James Presbyterian Church, Charlottetown.)

Born in Ireland

Dr. Mulligan received his preliminary education in Belfast, Ireland, of which he is a native. He is a B. A. of Manitoba University, Winnipeg; an M. A. of Dalhousie University; an LL. B. of the Manitoba Law School; a B. D. of Manitoba College. He studied also at Princeton Theological Seminary and Princeton University and is pursuing Ph. D. studies at McGill University in history. He is also a D. D. honoris causa of the Presbyterian College.

Served in Great War

During the First Great War he was with the British Y.M.C.A. and later served with the British Army of Occupation on the Rhine where he had charge of the educational work with the 32nd Division. B.E.F. His work among the troops is highly commended.

Dr. Mulligan's plans for the immediate future are somewhat indefinite, he said. However, there is a strong possibility that in January 1948, he will go to the United States and take up residence there.

In Memoriam

He asked: "How can a university which has been for years reorganized as a centre of culture, progress and tolerance allow such an attitude to prevail?"

He referred particularly to the serving of tables in the cafeteria, leaving little space for non-fraternally members.

"Did we go overseas to come back to the same kind of unfair discrimination that we were fighting against?" he asked. "And did we go overseas to protect the young people of our country so they could grow up, go to varsity and sit at their special reserved tables?"

Trinity Men's Assn. Hears Address By Dr. C. M. Nicholson

On Monday evening at their regular supper meeting Trinity Men's Association had the very happy privilege of listening to a most challenging and soul-stirring address. The speaker, Dr. Clarence MacKinnon Nicholson, Principal of Pine Hill University of the United Church of Canada, was introduced by Trinity's pastor, Rev. Mr. MacLennan.

In the course of his remarks the speaker appealed for the support by Trinity men of Pine Hill and his fine young manhood who are enlisted in the ministry of Christ. "If a man is a Man, he must be interested in more than mere dollars and cents," said Mr. Nicholson. "What an opportunity we have—those of us who are able—an opportunity of helping some young man go forward to Pine Hill theology." The costs of going to College are greatly increasing, said the speaker, and many young men in hard financial straits, would be greatly blessed by a kindly helping hand.

The speaker stressed his pleasure at hearing the statement, "The church has failed in some ways. Yet, who are the ones offering such destructive criticisms, but those who are absent from its services of worship. What a good word one can say of its history. All that is decent and kind among the nations has come from the church. The men who have character and who give leadership are the men who come out of the church. We, Sons of the Church, who always speak a good word for our church. Let us serve as we can. Each and every one of us ought to take service of our lives to see what service we give, what active leadership we can offer," said Dr. Nicholson. "By our service, let us make the church strong. Most of all let us Live! The strongest not in a word but in a Life. Where we live, let us carry something of the power of life, that even may see it in our faces," the speaker concluded.

L. W. Shaw, Director of Education for Prince Edward Island, expressed the gratitude and deep appreciation of Trinity Men's in hearing the very fine challenge offered the Association.

Following the fine dinner served by the King's Daughters, a hymn-sung was heartily enjoyed. Then followed two selections by an octette, consisting of Messrs. Dennis, Small, MacKinnon, MacPherson, Johnson, Davies, Craswell, and Fairquharson.

The President, Roy Cudmore, presided and Professor A. Roy Kendall acted as accompanist. The benediction offered by Rev. Mr. MacLennan concluded a most successful and soul-satisfying fellowship.

WAR TIME "EYES" TO LOCATE FISH

NANAIMO, B. C., Nov. 11—(CP)—Location of herring schools by means of direction-finding instruments is being experimented with off the coast of Vancouver Island.

Dr. R. E. Forester, director of the Pacific Biological Station, Fisheries Research Board of Canada, announced that the 86-foot MS Enkoll, now is seeking fish by use of the finder.

The instruments are reported to be capable of locating schools of fish anywhere within a one-mile range—forward, aft, abeam or straight down.

The horizontal beams are being tested. In confined waters there has been some confusion as to whether contact is being made with fish schools, kelp beds or submerged reefs. Next tests will be on the Island's west coast where these conditions are not expected to be encountered.

VETERAN PROTESTS LATTER SOCIETIES

VANCOUVER, Nov. 11—(CP)—A letter to the editor published in "A Day" by the University of British Columbia student paper, protesting discrimination by fraternally and Greek letter organizations on the campus.

Signed by a "veteran, the letter objects to their method of operating in cliques, making life miserable for those who are not privileged to be numbered among them."

He asked: "How can a university which has been for years reorganized as a centre of culture, progress and tolerance allow such an attitude to prevail?"

He referred particularly to the serving of tables in the cafeteria, leaving little space for non-fraternally members.

"Did we go overseas to come back to the same kind of unfair discrimination that we were fighting against?" he asked. "And did we go overseas to protect the young people of our country so they could grow up, go to varsity and sit at their special reserved tables?"
