

HARVARD-YALE SEA TRIPS.

This is the harvest time for the Metropolitan Steamship Co. in point of passenger traffic, at least, on the magnificent new, triple-screw, steel turbine steamships Harvard and Yale, which make daily sailings between Boston and New York. So popular are these ocean flyers, the swiftest "sailors," by the way, on the Atlantic seaboard, that state-rooms are now, at a premium, on about every trip.

THE DANGER OF SAUSAGES

Seriously Discussed at the Sanitary Congress at Cardiff.

LONDON, Aug. 24.—The "sausage danger" took up a great part of a day's session at the Sanitary Congress, just held at Cardiff. Dr. William Savage, of Colchester, read a paper on the examination of sausages and their hygienic preparation, and said that sausages, like life, were very much in the nature of a mystery.

MILD DYSPEPTIC CONDITIONS.

Are a common result of constipation. Foul matter forms in stomach and bowels. In consequence stupid heaviness and the bluest sort of feeling takes hold of one. Work is difficult, sleep ceases to be refreshing, appetite flags. Soon positive ill health is established.

NINE MIL IN FOUR MILES

WARSAW, Ind., Aug. 24.—All speed records of the Pennsylvania system were broken yesterday, when a special train ran from Pierceton to Warsaw, distance of nine miles, in approximately four minutes.

On board the train were officials, experts from the Pennsylvania system, followed by Hon. Mr. Foster, who spoke for one hour and three quarters. Hon. Mr. Foster's speech was along same lines as the one delivered in Summerside. A. D. McDonald ably filled the duties of Chairman. Montague is to be congratulated on their new hall which is one of the largest in this Province.
