**The Stretchable Firebox**

Durability in a firebox depends mostly upon its ability to expand when hot and to contract when cold, without cracking.

Ever notice that steel rails are laid with a space at the ends—it is wider in winter than in summer. That space allows for stretching in the warm summer weather.

Kootenay fireboxes are made of nine pieces of pure semi-steel. They can expand without cracking. That is why Kootenay fireboxes last so long. If you do have to change a piece it comes out with a tap of a hammer—no bolts, no rivets or other fastenings—just good accurate fitting.

**DIED IN VANCOUVER.**—Mr. George W. Robertson, City, has received a telegram from his son Grantham (Kamloops, B. C.), conveying the sad news of the sudden death of Mr. W. F. Hayden in Vancouver. The telegram states that no particulars have been received at the time of writing. Mr. Hayden was a native of this city, a son of the late Mr. Alex. Hayde and left the province some twenty-five years ago. He leaves to mourn two daughters. The late Mr. Hayden had a number of relatives in the province, Col. Moore and Mr. John A. Moore, being first cousins.

Brudenell was greatly saddened on Sunday, May 5th, when its most aged resident, Miss Barbara Cameron, passed peacefully away at the home of her nephew, Mr. Robert C. Dewar. The late Miss Cameron who had passed her eighty-eighth year, was one of the most gentle and lovable of women. She was ever a sympathetic and true friend and greatly endeared herself to all who had the privilege of her acquaintance, consequently her death is felt as a severe loss by a very large circle of friends and acquaintances.

The funeral, which took place from her home to the Georgetown Presbyterian cemetery on Tuesday afternoon, was largely attended, the services being conducted by Rev. M. McVicar, pastor of St. Andrew Presbyterian church, Charlottetown. Pall-bearers were Messrs. B. A. Wilson, E. S. Norton, John A. Gardar, Alex. Dewar.

But a year ago a sister, Miss Elizabeth, was taken by the grim reaper. These two ladies will long be remembered for their thoughtful and loving kindness to all, and even though we are saddened by their departure, we cannot but feel comforted by the thought that those who led such beautiful and useful lives as they did will surely receive their reward and are now enjoying the blessings of the Great Beyond. The late Miss Cameron leaves to mourn three sisters, Mr. John Dewar, Brudenell, Mrs. Anderson, St. Peter's; and Mrs. Mellish, Union Road, to whom the sincere sympathy of the whole community goes out in this their sad loss of a gentle and loving sister, as well as to Mr. Dewar in the loss of a loving and true friend and aunt.

Peter McLeod, who is leaving for Calgary, Alberta. Mr. A. J. McEwen, M.L.A., occupied the chair. After some remarks by the Chairman, Messrs. J. McLeod, L. E. Crosby, and others, Mr. McLeod, who was quite taken by surprise, made a suitable reply and thanked the members of C. E. for their kindness. Cake and coffee were then served in abundance to the young ladies. After the raffle bazaar was administered to Mr. McLeod and the singing of the national Anthem all joined in wishing God speed, and each member went on their way home feeling they had spent an enjoyable time.

On May 6, there passed away at 41 Bedford St., Dorchester, Mass., Mrs. Charles G. Tibbets, aged thirty-five years, only daughter of Mr. and Mrs. Geo. Arthur, Mount Hope. Although her end was not unexpected it came as a severe shock to her parents and friends. This young woman has possessed sterling qualities and a consistent Christian character. Her sweet lovable disposition endeared her to all who knew her. She was loved and respected by all. Her life was an exemplary one, and it is comforting to her loved ones to know that her gentle spirit has entered the light to Him who gave it, and that he is "forever with the Lord"—whom she loved and served so faithfully. The deep sympathy of the entire community goes out to the bereaved. She leaves to mourn their loss besides her father and mother, a grief-stricken husband, and one little boy, Stewart Arthur, aged 16 months.

**A CANADIAN MISSION.**—Last week's Presbyterian Witness contains the first installment of an account of the services in connection with the celebration of the Golden Jubilee of the Canadian mission in Trinidad which is of special interest to Presbyterians in this Province. The gatherings were held in Susamachar church, San Fernando. Great interest was manifested in the proceedings by all denominations. Rev. Dr. Grant was unable to speak but he had prepared an address which was read by his son, T. Goddard Grant. Last year the Canadian church contributed \$42,000 to the mission. Other Canadian sources contributed \$18,000, so that a total of \$60,000 Canadian money was spent on the college building and work. The local contributions were on the increase. Last year they amounted to \$12,000. They have seventy schools and 14,000 pupils enrolled. There are besides Naparima College, teachers' training college, a theological training college and a girls' college. Between residential and extra mural classes these had a total of 300 students last year. They also had more than seventy-five men and women preachers and 4,500 children in their Sunday schools. The communion roll of the mission has 2,000 names while the Christian community numbers between 9,000 and 10,000. Last year the Christian Indians have built three churches at their own expense.

**The Best Insurance You Can Put on Your Buildings**

is the protection that good paint guarantees. Fire Insurance does not prevent fire—it only partly reimburses you for it is sustained, should fire destroy your property. Fire may never happen.

On the other hand, the use of good paint actually prevents a loss from decay which is not just a possibility, but an absolute certainty. The destructive effects of weather, upon buildings that lack proper paint protection, go on every second of the day and night.

**MARTIN-SENOUR "100% PURE" PAINT**

is the greatest known protector of all building material against time and weather, because it is made only of pure White Lead, Pure Zinc Oxide, and Pure Linseed Oil.

You would not think of letting your Fire Insurance Policies lapse in order to save the yearly premiums. It would be even poorer economy to let your Paint Protection Policy lapse by neglecting to repaint your increasingly valuable buildings this season.

When you do paint use Martin Senour "100% Pure" Paint. It spreads easier, covers more surface, and protects longer than most other makes.

Write for "Farmer's Color Set" and "Town and Country Homes". Just what you'll need in planning your painting. Mailed free.
