Dish Towels and Aprons

Let Them Soak Clean in Rinso.

THEY should be CLEAN, shouldn't they, all those kitchen things—aprons, towels, dusters, wash cloths etc.? But there are so many and you are so tired! Alright, let Rinso wash them. It will—every stain and speck of dirt will rinse away after a good soaking in the cleansing Rinso suds. Rinso is the new modern method for the family wash—but use it properly—do not pour the Rinso direct from package to tub—make the Rinso solution first as per directions on the package. Then it guarantees wonderful results.

IF YOU USE A WASHING MACHINE Soak your clothes in the Rinso suds as usual—for one hour, two hours, overnight, or as long as convenient, add more Rinso solution and work the machine. Rinse thoroughly and dry—you will have a clean, sweet, snow-white wash.

Essential—if the best results are to be obtained from your bakings—
