

# Race Declared No Contest Saturday

## THEBAUD NO MATCH FOR BLUENOSE

### Champion Beats U. S. Challenger Over 35 Minutes—Race Was Declared No Contest, Bluenose Finishing Outside Time Limit Of 6 Hours—Will Race Today.

By A. D. Merkel, Canadian Press Staff Writer

HALIFAX, N. S., Oct. 18.—Inability of the schooners to finish within the time limit of six hours caused Saturday's opening race of the series being sailed off this port. To be declared no contest and the Canadian defender Bluenose and her United States challenger, Gertrude L. Thebaud, will set sail again tomorrow morning in an endeavor to complete one of the two out of three wins necessary to determine the custody for next year of the Halifax Herald's International fishermen's trophy, the America's Cup of the North Atlantic fishing fleets.

**Bad Beating**  
The Bluenose crossed the finish line yesterday at 3:34:40, the Thebaud at 4:10:30. The Canadian had beaten her United States rival by 35 minutes, 50 seconds, almost a minute for every mile of the course. Yesterday's heavy swells, the worst he had ever experienced off the mouth of Halifax harbour, in the opinion of Captain Angus Walters, doughty master of the Bluenose, definitely favored the Canadian boat. Tomorrow's race certain to be sailed under smoother sea conditions, may tell another story.

### No Alibis

Captain Ben Pine, canny skipper of the Gloucesterman, was non-committal when asked to explain the Thebaud's poor showing. "Perhaps the Bluenose is a better boat," he opined. "She was never better sailed. Let no one say Captain Angus can't sail a boat. He kept her moving all the time and moving fast. I have been better satisfied with the Thebaud, but I have no alibis."

## WEST KENT WINS FROM S' SIDE 17-0

The first local football game of the season took place on Dr. Garland's field between Summerside school boys and West Kent high school of Charlottetown on Saturday afternoon, West Kent winning 17-0. The winners have a very effective scrum and a fast, well balanced backfield which produced some very fine runs. They had the advantage by the knowledge of the fine points of the game and well deserved to win. The Summerside boys though out classed put up a plucky exhibition and made some very nice plays mostly by individuals. This being the first time together and first real opposition they made a fair showing. MacDonald, Bowness, Muttart, Monkley were outstanding for losers. Fitzgerald and Currie were outstanding for winners. A few interested spectators witnessed the game which was handled by Reg Saunders, Lou Campbell, managed the West Kent boys. The Summerside boys expect to play a return game in Charlottetown next Saturday and with a week's practice will in all probability put up a better exhibition of football.—S.

## Makes Appeal For Nat. Gov't

(Special to the Guardian)  
LONDON, Oct. 17.—The London newspaper Canada publishes a front page appeal for the National Government which rather neatly utilizes Canadian history by recalling, "It was a Baldwin that helped make Canadian democracy in 1836 and a MacDonald who gave Canada her first National Government in 1867."

Geoffrey Toye, the composer, and some friends were watching the commencement of a race in which the King's yacht was taking part and in which, incidentally, it made a false start. "Ah," said Toye, "Britannia waives the rules, eh?"

## Abegweits And Mt. A. Play Tie

### Locals Surprise Visiting Collegians Who Were Forced To Play Herculean Football To Stop Defeat.

Showing surprisingly good form and real heads-up football, the Abegweit squad succeeded in not only holding the smart Mount A. ruggers to a zero tie on Saturday, but took most of the play away from their opponents in both halves of the game and at the same time forced them to two safety touches to ward off defeat. The fast and well-trained garnet and gold wearers arrived here full of confidence and top heavy favorites to clinch the verdict, but "there's always a slip 'twixt cup and lip," and before the game was ten minutes old, the Mounties discovered they had met foemen worthy of their steel. It was an ideal day for football, a soft south west wind fanning the playing field, which was bathed in bright sunshine. It was also a great day for the fans, of which there were a large number present. In fact the biggest gathering in years was on hand Saturday and judging by the favorable comment after the game, it looks as if another record crowd will turn out today when the visiting University squad battles Saint Dunstons. A heavy Abegweit scrum that worked with machine-like precision and using the weight advantage at every turn was one of the local mainstays throughout the game. This band of hard and rugged forwards traveled fast and tackled hard all afternoon. They were the driving wedge that opened most of the gaps in the Mount A. line, and all but went over for tries on more than one occasion. Bob Shaw and Art Woolner were the bright spots on the Abegweit front line. Their following-up on kicks, dribbling and hard tackling was one of the big features of the game. The stellar work of this duo seemed to imbue their teammates, who were and hacked at the visitors' defence with such determination that Abegweit supporters were heard constantly shouting for a score. But it was not to be. Smart work by the Mounties' three quarter line and timely kicking by the full back turned back every attempt to cross the counting zone. However, Abegweits did succeed in getting the oval across, but it was to no avail, the ball being pounced upon for safety touches when danger threatened. Another outstanding player in Saturday's game was Harry Richardson, flying half-liner and the "Sonnenburg" of the Abegweits. Richardson is absolutely fearless, tackles hard and line plunges like nobody's business. By the way this is the Ontario boy's first year at football and it is safe to predict that before the season ends, he will develop into one of the big cogs in the present Abegweit machine, which looks even at the present time, to be one of the strongest in years. The visiting Collegians possess a fast, hard tackling lineup, one that is sure to go far in intercollegiate warfare this season. Among those on the team are such notables as Spec Peebles, Boyd, Burns, Cook and Garrett, the latter a rangy full back who knows how to kick and does it to the king's taste. The entire back lines are fast, heavy and have a big edge on the locals in passing. The front line is a bit light and seemed to tire visibly toward the close of the struggle. For the first ten minutes of play Abegweits had their opponents kicking to save. During this interval four penalty kicks were awarded by Referee Mathieson, three to the locals and one to Mount A. Working to the visitors' 25 yard line, Abegweits, sensing a try made valiant efforts to realize, but over-anxiousness caused many fumbles and perhaps a count. However, fast work by the Mounties gave the Abegweits plenty trouble when scores looked likely. The garnet and gold ruggers realizing that their opponents were really dangerous, called on their reserve strength and using all their football brains, slowly but surely drove the red and black clan back and at the twenty minute period had the locals somewhat worried by a consistent attack that looked for a time as if it would carry them over the homester line. This was

## MT. A. ACADEMY WINS TITLE

(Canadian Press)  
MONCTON, N. B., Oct. 18.—Mount Allison Academy won the eastern section championship of the New Brunswick interscholastic rugby league here Saturday afternoon by playing a scoreless draw with Aberdeen High School of Moncton. Only two teams were entered in the eastern section this year and Academy won the first game at Sackville in a home and home series a week ago by the score of five to nothing. In a preliminary game Sackville High defeated Aberdeens second team by a seven to nothing score.

## STUART BACK IN HOCKEY

(Canadian Press)  
AMHERST, N. S., Oct. 18.—"Red" Stuart, former National Hockey League star, expects to return to his old position with the Seattle team this winter. While it was understood that he was not anxious to continue in the ranks and favored a business career, he turned down an offer to coach the Amherst Ramblers, in his home town.

## Vickers Lost To McGill

(Canadian Press)  
MONTREAL, Que., Oct. 18.—(By the Canadian Press)—A fighting McGill University football team, outweighed and outkicked by their opponents, fought, slipped and slithered through a sea of mud to an 8-6 victory over University of Toronto here yesterday in the first local game of the intercollegiate schedule.

## Montrealers Trim Argos

(Canadian Press)  
TORONTO, Ont., Oct. 18.—Playing with a fiery audacity which at times bordered on recklessness, Montreal Amateur Athletic Association practically eliminated Argonauts of Toronto from the "big four" contention, when they swept through to a 32-10 victory here Saturday in a game which featured absolutely wide-open football.

## Toronto Wins

(Canadian Press)  
MONTREAL, Que., Oct. 18.—Toronto University's eight sent their racing shell skimming over Lacohine Canal Saturday afternoon to defeat decisively McGill's oarsmen in the sixth renewal of the annual classic.

## CANADA MILLS SHOW PROFIT

(Canadian Press)  
TORONTO, Ont., Oct. 17.—Operating profit, including transfer from general reserve, of \$296,476 is shown in the financial statement of Western Canada Flour Mills for the year ended August 31, 1931. This compares with operating profit of \$221,416 last year. Both figures are calculated after making provision for reserves.

Manager (pointing to cigarette-end on floor): "Smith, is this yours?"  
Young Smith: "Not at all, sir. You saw it first."

## C.A.H.A. Changes Residence Rule

### "Tourist" Hockeyists Must Be In Residence On January 1st. Instead Of May 15th.—One Year Out Of Hockey To Qualify—Rule Goes Into Effect Immediately.

MONTREAL, Que., Oct. 18. (By the Canadian Press)—The executive committee of the Canadian Amateur Hockey Association took far reaching and drastic action to curb the activities of "tourist" hockey players at a meeting held here today. The date of change of residence of players from province to province or from branch to branch as it is known in the C. A. H. A. was changed to January 1 instead of May 15, as formerly. This means that a player going from one branch to another must stay out of hockey one winter before qualifying in his new place of residence. The date of change of residence within a branch was left at May 15. This action was taken as a result of the discussion on the refusal of the Manitoba branch to sanction transfer applications of eight Winnipeg players moving to Moncton and Montreal without a sworn affidavit by each player being attached to the transfer applications. This was finally settled by referring the transfer applications back to the Manitoba branch provided they are accompanied by the sworn affidavits. The branch will then consider the applications and if found satisfactory, the transfers will be granted. The other transfers which were held up must also be accompanied by sworn affidavits of each player. The Manitoba delegate stated that if his branch found the affidavits to be unsatisfactory the matter would be turned over to the proper authorities and legal action taken. The new residence rule, while not affecting the season of 1931-32 goes into effect immediately. That is to say, any players wishing to move from one branch to another for the 1932-33 season will have to be in residence in his new branch by January 1, 1932.

## Schryer Did Not Vote

The residence date change of players moving from branch to branch was given to the press by J. W. Hamilton, Regina, President of the C. A. H. A. It was as follows: "In the matter of branch to branch transfers in which players moved from one part of Canada to another within the time limit specified by the residence rule, the Canadian Amateur Hockey Association decided in view of existing industrial conditions to grant all applications conditional on every applicant providing an affidavit complying strictly with the regulations of the C. A. H. A. These applications numbered only fifty-one out of a total registration of 15,366 hockey players in all Canada. However, in order to place still further restrictions around the migration of players, and to ensure that changes are bona fide, the qualifying residence date for branch to branch transfers was advanced to January 1st of each playing year, which means that a player going from one branch to another must stay out of hockey one winter before qualifying in his new place of abode. This change does
