PLEASANT AFFAIR.—On Thursday evening, Jan. 29th, a goodly number of citizens of Stanley, British Columbia, gathered at the home of Mr. and Mrs. Thomas Hiscott to bid farewell to their daughter Miss Olive, who leaves shortly for St. John to take charge of corps No. 4 of the S. A. The evening was spent with music, singing and recitations. After a social programme was rendered all assembled to the dining room where a most sumptuous repast was served in Mrs. Hiscott's usual good style. After all had done justice to the inner man they assembled in the parlor again. The meeting was called to order, Mr. F. D. Bennett, acting in the capacity of chairman, who in a few well chosen remarks stated why they were gathered there and stated that they were extremely sorry to hear of Miss Olive's departure from Stanley. Speeches were made by Mr. Alfred Fyfe, Mr. E. H. Abbott, and others, expressing their regret for her departure from their midst. Mr. F. D. Bennett then presented her with a purse for which she very fittingly replied with "You'll We Meet Again." It has been an unending pleasure in our household ever since I can remember, and has outlived dozens of would-be competitors and imitators.

THE OIL of the People.—Many oils have come and gone, but Dr. Thomas' Electric Oil continues to maintain its position and increase its sphere of usefulness each year. Its sterling qualities have brought it to the front and kept it there, and it can truly be called the oil of the people. Thousands have benefited by it and would use no other preparation.

NEW RESIDENCE.—Mr. Michael Walsh, contractor, Cumberland St., has about completed a new two-story cottage, for Mr. J. J. Duffy on Edward Street. This is one of the best built and strongly framed houses in the city. The eave is so constructed from a plan worked out by Mr. Walsh, as to make the attic thoroughly airtight. The exterior is built from first class materials, while the interior is finished throughout with British Columbia fir and birch flooring. Messrs. Waller & Doyle have the contract for staining and varnishing the interior and the completed will be one of the most up-to-date cottages in the city.

WOMAN FROZEN.—Mrs. John McPhee, (Brewer), a widow woman about 70 years of age, living alone at Harmony, Mrs. Churchill was found by a neighbor, Mrs. Churchill almost frozen to death in her hall last Thursday evening. Her limbs were frozen almost to the hips. The woman had no wood for several days, and remained in bed. She managed, it seems, to set a snuffbox on the floor in order to attract some of the neighbors. Mrs. Churchill noticed the smoke, and thinking the place was on fire, went over and finding her almost frozen to death took her to her door, and secured both priest and doctor. There was no hope of her recovery on Monday morning. Mrs. McPhee was Miss Campbell from Cardigan where some of her friends still reside.

STOCK NOTES.—It is pleasing to note that Messrs. Wm. Neal, Bear River, and C. B. Stead, Bay Fortune, have decided to go into pure bred stock and cast their lot with the bonny Ayrshire, the profitable servant of humanity and purchased as foundation stock at the recent Robertson dispersion sale held at Marshfield, the two highest priced and best cows in Mr. Robertson's herd. Their friends congratulate those two enthusiastic young breeders on their valuable purchases which in the skillful hands of both those men no doubt will be heard from later, both in the show ring and at the fair. It is gratifying to the older breeders in this section to know that others are getting interested to help make this section of P. E. I. with its rich sandy loam where all kinds of dairy foods with the exception of some concentrates, can be grown in abundance what providence intended it to be, one of the greatest dairy centres in the country.—Com.

CIVIL SERVICE APPOINTMENTS.—The Canada Gazette last issue contains the names of successful candidates for positions as stenographers in Grade "C" of the Second Division minor (which is the heart of Briscoe motor car) is the greatest four cylinder motor manufactured giving owners no motor trouble and averaging upwards of 30 miles to the gallon of gas. And, when you stop to think of it, isn't the motor a matter of some importance? Here, undoubtedly you have a very good reason why the Briscoe should have your consideration. Write for catalogue of models. Colin H. Stewart Summerside. 6532-1-29-ME21

SOCIAL EVENING.—The W. M. S. of North Roadside held a very enjoyable social evening at the home of Mr. and Mrs. G. C. LePage on Tuesday, Jan 27th. Recitation, Laurier Woolner. Chorus, Freedom For All Forever.

If Hair is Turning Gray, Use Sage Tea

HERE'S GRANDMOTHER'S RECIPE TO DARKEN AND BEAUTIFY FADED HAIR

That beautiful, even shade of dark, glossy hair can only be had by brewing a mixture of Sage-Tea and Sulphur. Your hair is your charm. It makes or mars the face. When it fades, turns gray or streaked, just an application or two of Sage and Sulphur enhances its appearance a hundredfold.

Don't bother to prepare the mixture; you can get this famous old recipe improved by the addition of other ingredients at a small cost, all ready for use. It is called Wyeth's Sage and Sulphur Compound. This can always be depended upon to bring back the natural color and lustre of your hair.

Everybody uses "Wyeth's" Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through the hair, taking one small strand at a time; by morning the gray hair has disappeared, and after another application it becomes beautifully dark and appears glossy and lustrous.

Trials are inexpensive. To those who suffer from dyspepsia, indigestion, rheumatism or any ailment arising from derangement of the digestive system, a trial of Parhelia's Vegetable Pills is recommended, should the sufferer be unacquainted with them. The trial will be inexpensive and the result will be an excellent customer for this excellent medicine. So effective is their action that many cures can certainly be traced to their use where other pills have proved ineffective.
