The Charlottetown Business College

Like The Benn Pitman System Of Shorthand does not require to everlastingly advertise to keep itself before the public.

Forty Years Of Success in Business Instruction with thousands of grateful students holding splendid positions in almost every part of the globe, and giving excellent satisfaction wherever employed, is surely the best advertisement any institution can have. Such is the good fortune of the C. B. C. to have.

That the System of Training in all Departments is Right up to the Minute

Is Evidenced from the Courses Prepared for the Present TERM OF 1913-14 NOW OPEN

Where the senior students in the Shorthand and Typewriting departments are busy with the correspondence arising from the practical work of the Business Training department, while copies of all Invoices, Drafts, Notes, Bills of Exchange and other commercial papers, are handed to the typewriting department where they must be copied, carefully compared and forwarded. Under this system there is something new every minute of the day. Can you conceive of anything more practical BUSINESS MEN CANNOT for it is just what they require.

In order to carry out this system to perfection, the various departments will be under one roof, which will enable the Principal to give each his personal attention, thus relieving his assistants of much responsibility. NOW IS THE TIME TO ENTER. DON'T PUT A GOOD THING OFF.
