Mrs. Wesley MacQuarrie, Mrs. Mary E. McCloskey, returned to the city after a pleasant trip to Summerside.

Mrs. D. F. Stewart and her niece Noreen Whitman of Halifax arrived last night to spend the summer with her sister Mrs. E. L. Buree, St. Peter's Bay.

Miss Blanche Hughes of Toronto is spending her vacation with her parents, Mr. and Mrs. Anthony Hughes, Peakes.

Miss Helen Carragher of the Civil Service Naval Headquarters, Ottawa, left on return Monday morning after spending her holidays at her home in Green Bay.

Miss Olive Currie, Boston, Mass., arrived home last evening to visit with her parents, Mr. and Mrs. Lincoln Currie of Pownal.

Miss Doris Brown of Melrose, Mass., is visiting her grand parents, Mr. and Mrs. James J. Smith, Kinkora.

Mr. and Mrs. Byron Grant, Moncton, leave on return today after spending a short vacation visiting the former's parents, Dr. and Mrs. T. V. Grant, Montague.

Sgmn. Ed. Ryan, R.C.C.S., formerly with the McLure and MacKinnon Silver Fox Farms, Limited, is spending a furlough with his mother, Mrs. Minnie Ryan and sister, Eileen Ryan, 89 Gerald Street.

Miss Florence Coady of Brookline, Mass., arrived home to spend her vacation with her parents, Mr. and Mrs. William Coady, North Wilshire. She was accompanied by her aunt, Mrs. Elizabeth Coady and Mrs. Coady's granddaughter, Miss Noreen Horton of Brighton, Mass. They are spending their vacation at Mrs. Coady's old home in North Wilshire.

**New Pumper Arrives Here**

Extensive tests of the new combination pumper hose and ladder truck, which arrived at the City Fire Hall yesterday morning, were highly satisfactory. It was taken to the corner of the four-hour trial in the afternoon. The new equipment was unloaded at the railway early in the day and spent its first night in its new home last night.

The \$8,000 machine was ordered at the first of the year but was delayed because of priority orders. It was accompanied here by Mr. V. Sparks, representative of the manufacturer, Bickle Seagrave, Ltd., of Woodstock, Ontario, who was one of those present when it was tried out yesterday.

The test was marred by a slight accident to City Engineer H. A. Messervy. He received a nasty cut over the left eye, near the end of the demonstration, when he ran into the corner of a ladder as he passed around the end of the pumper.

The pumper has a capacity of 800 imperial gallons per minute but did better than this in the test. It also contains an 80-gallon water tank which can be used in fighting smaller fires.

In the four tests given it yesterday, the new machine came up to standard. With a 2-inch nozzle and 120 feet of hose, it gave 828 gallons per minute with a lift of 6.2 to 7 feet; with a one and a half inch hose and 150 feet of hose, it gave 833 gallons with a lift of 8.8; using a one and three-eighths inch nozzle, testers got 410 gallons per minute with 205 pounds of pressure and a lift of 9.1; the machine registered 322 gallons with 250 pounds pressure and a 9.6 lift with a one and a quarter inch nozzle.

The test was made at Buntain and Bell's wharf and those present included: Mr. V. Sparks, city engineer; Coun. J. T. McKee, Mr. C. A. Beer, Provincial Fire Marshall; Mal. O. W. Campbell, assistant provincial fire chief; Fire Chief Frank Hennessy; Capt. P. Pickard and, toward the last, Fire Chief Angus McEachern, who had just arrived here from the Maritime Fire Chiefs convention.

**Sample - Campbell**

Zion Presbyterian Church was the scene of a pretty wedding on Monday, July 13 at 6:15 a.m. when Lorene Evelyn Sempel, daughter of Mrs. B. L. Wood of Charlottetown became the bride of William Gordon Campbell, son of Mrs. Emma Campbell of Montreal, Que.

The bride, wearing a dressmaker suit of symphony blue wool boucle with blue fox collar and navy accessories carrying an old fashioned nosegay of sweet heart roses and sweet peas, looked charming as she entered the church on the arm of her step father, who gave her in marriage.

Miss Bernice Wood was her sister's bridesmaid wearing a redingote of navy blue with white accessories and carrying an old fashioned nosegay of sweet heart roses and snapdragons while AC. Jack Meredith, R.A.F. was best man.

Rev. G. Carlyle Webster performed the ceremony, Harold J. Sempel, nephew of the bride was usher.

The church was beautifully decorated with ferns and peonies and baskets of various summer flowers.

Mrs. Keith Rogers played the wedding march and rendered appropriate music during the service. Mrs. Arthur Roper sang beautifully "I Love Thee" during the signing of the register.

Immediately following the ceremony the happy couple left amid showers of confetti and best wishes on a short honeymoon in the Maritimes before going to Montreal where they will in future reside.

Their many friends wish them many happy years of wedded life. Prior to her marriage the bride was given personal shower in Montreal and in Charlottetown.

**POLICE COURT**—In the Police Court yesterday a man was fined \$60 and costs or two months when he appeared on a charge of keeping beer for sale. A drunk and incapable was remanded until tomorrow. Two others, charged with being drunk, failed to appear and had their \$5 bail bond estreated.

**CAVENDISH United Church Services, July 19: New Glasgow 11 a.m., Cavendish 7.30 p.m. Services will be conducted by Mr. George Bonnell, son of Rev. Dr. J. S. Bonnell. 7-17-42.**

**LEFT ON RETURN**—Mr. Louis Thompson, who has been visiting his parents, Mr. and Mrs. George Thompson, Kensington, left Sunday on return to River Bend, Que. He was accompanied by his uncle, H. D. Boyle, general manager of Price Bros. paper mill of Kenogami, Que., and Mr. Chas. Watt, manager of the Watt Machine Company of Montreal.

**REPAIRING JAIL ROOF**—Workmen are busy at present repairing the roof and upper part of the stone work of the Queen's County Jail. This is carrying out the recommendations made by the Grand Jury which visited the jail during the June term of the Supreme Court. The jury asked that the repairs be made. Mr. A. T. McKinnon is supervising the project which is being done by day labor.

**TO TAKE SPEEDY TRIAL**—Patrick Malone, charged with uttering a forged cheque, has elected to be tried under the Speedy Trials Act. He appeared before Judge C. G. Duffy yesterday and elected to be tried summarily and the date for the hearing was fixed at Saturday. The accused was committed to stand trial at the Supreme Court earlier this week by Stipendiary Magistrate K. M. Martin, but decided to take a speedy trial instead. Mr. G. St. Clair Trainor appeared for the Crown and Mr. Lester P. O'Donnell for the accused.

**RAINFALL BELOW AVERAGE**—Hay making operations are in full swing in this province and are proceeding rapidly despite shortage of labor in some sections. It was learned yesterday that the crop is believed to be slightly below normal although some farmers reported it was bulking up better than they had anticipated. Meanwhile spraying of potatoes for blight and for the control of insect pests is getting underway. The crop is described as growing fairly satisfactory despite a shortage of moisture from weather officials. It was learned that the first of May less than four and one quarter inches of rain fell in this province. That was "considerably below average."

**FENCING OLD CEMETERY**—To preserve one of Prince Edward Island's most historic sites, workmen are busy at present erecting a high fence around the Old Cemetery on Elm Avenue in Charlottetown. The graveyard, which is the resting place of many of the first settlers here, has been closed for many years. Recently complaints that somebody was knocking the tombstones over were made to police. In an effort to prevent a recurrence it was decided to erect this wall, which is six feet high, around the property. Many of the headstones bear dates of more than a century ago and it is feared that if they are scattered about the city, they will be buried there years before this. The work of putting up the new fence is about three quarters completed. It is understood a plating fence will be built on the site facing the street. The work is being done by Mr. Borden Myers. The caretaker is Mr. Archibald Ford.

**HUNTING SEASON FOR DUCKS**  
WASHINGTON, July 16—(AP)—Taking note of a one-third increase in the North American waterfowl population to 100,000,000, Interior Secretary Harold Ickes today proclaimed a 70-day hunting season in the United States for wild duck. While easing the restrictions on ducks, Ickes tightened up on geese, doves and other migratory fowl that have not increased in population and a miscellaneous shower at the home of Mrs. Elmer Sutherland.

**RATIONED GOODS?**

*He helps in their fair distribution*

CANADIAN manufacturers—and the people of the Dominion as a whole—are today dependent on commercial travellers to see that goods are adequately and fairly distributed. Distribution, not selling, is the wartime function of Canadian Commercial Travellers.

Many commercial travellers are technical men calling on industrial firms. Their experience and their knowledge are invaluable to purchasing agents and engineers of wartime industries in the selection of materials, the use of substitutes and in the maintenance of difficult-to-replace equipment.

The ranks of Canada's commercial travellers have been thinned by enlistment in the armed forces and by the drafting of men to government boards. Despite all difficulties, those that remain are carrying on a full time job—proud of the part they are playing in Canada's all-out war effort.

Graham, Murray Harbor N. C. Maynard, Port Hill; K.W. McArthur, Portage; D.J. MacDonald, St. Peter's Bay; M. McMillan, A'berton; A.L. Ramsay, Tyne Valley; B. H. Waite, Lee 14; C.J. Yeo, Fort Hill.

**Acute Labor Shortage Finds Prairies With Biggest Wheat Crop**

WINNIPEG, July 16—(CP)—One of the biggest wheat crops in Western Canada's history is ripening on the prairies while farm leaders, faced with the most acute labor shortage on record, are studying ways and means to meet the situation in the next fortnight, before harvesting begins.

Reports from all three prairie provinces during the past week indicate that city workers, school children and store clerks in urban municipalities may have to be drafted for labor in the wheat fields before the big 1942 crop can be harvested. Thousands of helpers are needed.

Premier W. J. Patterson of Saskatchewan, who declared in a recent address that "every available source of local help will be utilized to prevent a shortage of harvest labor," called a Regina meeting of interested organizations for July 17.

The Saskatchewan Premier declared it was "not unlikely that entire villages and small towns will close up for various days while all townsmen join farmers of the district in gathering the crop."

**BOY FATALLY INJURED**  
MONCTON N. B., July 15—(CP)—Adelard McCale, 13, died in hospital tonight of injuries suffered this afternoon. A bicycle he was riding collided with a truck at the junction of the Highland View road and Lewisville-Leger Corner highway. Buses blocked the view of both the boy and truck driver. The latter ditched the truck in an attempt to avoid the collision.

**PLANE MISSING**  
YARMOUTH, N. S., July 16—(CP)—Royal Canadian Air Force officials at the Yarmouth air base said tonight a search is being conducted for a plane missing from the station. They expressed fear the craft may have made a forced landing at sea.

**BIRTHS**  
HARROP—At the P. E. I. Hospital, Wednesday, July 15, 1942, to Mr. and Mrs. Henry Harrop, City, a daughter.

**SMALLPOX REPORTED**  
HALIFAX, July 16—(CP)—Crew members of an overseas ship were placed under quarantine here today after a case of suspected smallpox was reported aboard. A number of stevedores and other workers on the ship at the time were allowed to go ashore after being vaccinated, but no one else was allowed to either leave or board the vessel. Smallpox was last reported in Halifax in 1917 when three cases broke out, one person dying.

**EVACUATION PLANS**  
SAINT JOHN, N. B., July 16—(CP)—Plans for any necessary evacuation of Saint John will be submitted to the city council, it was decided at a meeting of military officers and civilian defence officials. Co-ordination of various services was arranged. Subjects discussed at the meeting included medical supplies and hospital emergency facilities.
