A BOTTLE containing the following was picked up at St. Peter's Island by Pilot James Taylor: Bay Verte, April 26th, 1906. Passed through the bay, April 26th bound to Gaspe, the schooner Pearl Eveline, Captain Reeves, master. Crew consists of seven, cook, John Kelly, mate H. De Young, sailors as follows: Harris Harding, R. H. Edwards, John Alley, Jim Pendell. Please publish whoever discovers this note and oblige the writer. Robert H. Edwards, Pope's Hollow.

Attention is again called to the need of an electric light at the St. Peter's Road railway crossing. It is a dangerous point, a level crossing of the railway on one of the principal thoroughfares leading out of the city. Hundreds have to pass there in the hours of darkness with no light to guide them, or to reveal their presence to the drivers of the trains that may be rushing down upon them. A light would materially lessen the danger and increase the sense of security. It ought to be provided without delay.

AT the meeting of the Provincial Executive held last week Percy N. Enman and Angus N. Macdonald, Summerside were appointed Prohibition vendors for Prince County. E. BAYFIELD WILLIAMS has obtained an order nisi for a writ of Habeas Corpus from Mr. Justice Hodgson at the instance of one Lynch, now a prisoner in Prince County jail, under a conviction for a breach of the Canada Temperance Act. The conviction was made whilst the Scott Act was in force in Prince County, but the warrant of commitment was issued and Lynch lodged in jail after the Act was repealed, and it is contended by Mr. Williams that the Act having been repealed, the power to issue a commitment on the conviction died when the Order in Council was passed revoking the order which brought the Act into force in Prince County. The hearing of the rule will take place at Summerside early this week, when the Master of the Rolls is holding the Court of Chancery in that town.

LADY DAVIES, annual sessional at home at Ottawa last Wednesday, was a very large and successful affair. Over six hundred invitations had been issued and about one half that number were present. The hostess, who received the guests in the drawing-room was gowned in silver grey taffeta, trimmed with fagottings and touches of black velvet and lace on the bodice, and was assisted by her daughter, Miss Gertrude Davies, who wore Alice blue crepe de chine with cream silk inset in the bodice. Refreshments were served in the dining-room, where the table was most artistically arranged with tall glass vases, filled alternately with pink carnations and marguerites. Another table decorated with daffodils was placed at the end of the hall. Sir Louis Davis, Miss Lily Fraser, Miss De Burbridge and Miss Minnie Davies assisted in attending to the guests' needs. The Ottawa Free Press gives a half column list of society people, who attended.

THE continued rains of the past few days have resulted in adding to the difficulty of travel on the P. E. I. Railway, and the afternoon train leaving Charlottetown, for the west was brought to a stop about half a mile on the other side of Royalty Junction, by reason of five box cars becoming derailed. Fortunately the passenger coaches remained on the track, and no one was injured. In order to clear and repair the track, so that travel should not be unnecessarily delayed, the five cars were tipped over out of the way and the train continued its journey. Considerable delay ensued as a result of the accident, and it was very late before the train for Cape Traverse went out. Yesterday a wrecking train went to the scene, and brought in four of the cars; the other is to be brought in today. On the Murray Harbor Branch on Saturday also, there was a slight mishap. A car loaded with potatoes went off the rails near Vernon and sank deep in the soft earth. Another wrecking train will go out to replace it today.

FRISCO MAY MAKE SECOND AID APPEAL

WASHINGTON, May 4.—In a telegram to the war department today, General Greely reports a general improvement in conditions in San Francisco and vicinity. He calls attention to the fact, however, that scarcely ten days relief rations are in sight and that a further appeal to the generosity of the American people is possible.

Reporting over night, Edward T. Devine, representing the Red Cross, says that 300,000 were fed on May 1. Relief plans, he says, must be continued for several weeks. He reports little need of relief at Santa Rosa at present and says the greatest need will be in San Francisco, Oakland and immediate suburbs.

GERMAN PRESS ON BRITAIN

LONDON, May 4.—A dispatch from Berlin quotes an article by Prof. Hans Delbrueck in the Journal there which says that England is a stronger military power than the United States, for England can dispatch two hundred thousand men from Canada before the States have even assembled their field army. To this the Berlin Post replies that England's land force is considerably overestimated. England might easily, and she would probably, fare worse than she did 130 years ago and with the loss of Canada, she would be driven out of the American continent. "The United States need be as little concerned about two hundred thousand men from Canada as we are about the much discussed one hundred thousand which it is alleged England could land in Schlesweig Holstein."

UNITED FREE SCOTCH CHURCH

EDINBURGH, May 4.—The harrowing problem now facing the United Free Church of Scotland is that, despite an income of over £1,000,000, nearly one half of its clergy are on the brink of starvation. This is one of the consequences of the judgment in favor of the Free church by the House of Lords in August, 1904 depriving the United Free church of property approximately valued at £5,000,000. Since 1904 the United Free church has built many churches to replace those taken away from it. This policy has frittered away resources that would have sufficed to support the clergy. Thus in many places ministers have congregations averaging 400 Argyll, 20 in Mull, 16 in Iona, and 39 in Skye. There are computed to be nearly 800 unnecessary charges—ministers who with wives and families have now to eke out a bare existence.

Customs Inspector Jones and staff have been making several seizures recently and are keeping watch on old offenders as well as discovering new ones along the line.
